### Summer Aid Requirements

**The student's 2008-09 FAFSA must be on file with the financial aid office.  
Student must submit request for summer aid eligibility review.  
Summer aid is contingent on funding availability and is not guaranteed.**

Summer aid is generally limited to loans, and in some cases, the remaining academic year Federal Pell Grant eligibility. Not all students qualify – for example, students who have already borrowed the maximum loan eligibility for the academic year, or students who will be enrolled less than half time are ineligible. If requesting a parent loan, please submit parent data form along with the request for summer aid. The parent data form can be downloaded from our website.

**All students must be enrolled at least half-time per federal guidelines in order to receive aid.**

**In order to receive summer aid, a student must be in a degree-seeking program at Old Dominion University.**

**Summer aid will not disburse until enrollment credits match the credits listed on the summer aid application, therefore, students must notify counselor with changes in enrollment status.**

**Last day to request aid eligibility review for summer 2008 is June 30, 2009.** Please allow 2 weeks for processing/review.

**While students will be notified of tentative summer eligibility via mail, all applicants are strongly encouraged to view their financial aid information via LEOonline.**

**Tentative eligibility is based on anticipated enrollment. Enrollment for fewer credit hours than anticipated at the time of eligibility review will result in reduction or cancellation of aid.**

**Students will be notified via email/mail if ineligible for summer aid.**

**NOTE:**

All other 2008-09 (fall/spring) aid must be disbursed prior to summer aid eligibility review.

All required documents to establish aid eligibility must be received and processed by the financial aid office in order to be considered for summer packaging.

Students must submit enrollment plans for summer 2009 no later than June 30, 2009. Students are responsible for notifying financial aid if the enrollment level changes.
