

New Mileage Rate – personal vehicle use

Effective for travel between July 1 - December 31, 2008 - the mileage rate changes from 50.5 cents per mile to 58.5 cents per mile when daily mileage is less than 100 miles or when a cost benefit analysis indicates that using a personal vehicle is cheaper than using the Enterprise Rent-A-Car contract. For mileage 100 miles or more per day when no cost benefit analysis is provided, the rate of 24.6 cents remains the same. The Consolidated Travel Form has been revised to reflect the changed rate.
