

Nursing Faculty (Part-time)

Come join the dynamic environment at the Old Dominion University School of Nursing. We are seeking registered nurses with an earned MSN to fill part-time clinical faculty positions in the undergraduate program beginning Fall 2011.

Clinical teaching opportunities are available in health assessment, medical-surgical, critical care, and psychiatric nursing. Most clinical rotations are only one day per week, offering flexibility for nurses otherwise employed and are interested in exploring an academic career. Previous clinical teaching experience is preferred, but not required.

The School of Nursing at Old Dominion University is a top-rated baccalaureate program in the Commonwealth with NCLEX-RN® pass rates consistently above 91%. Health care institutions rate our graduates among their best nurse employees.

E-mail your resume and letter of interest to Dr. Lynn Wiles, lwiles@odu.edu

Old Dominion University is an affirmative action, equal opportunity institution, and requires compliance with the Immigration Reform and Control Act of 1986.
