

NUMBER: 1434

TITLE: Bone Marrow and Organ Donor Leave Policy

APPROVED: June 13, 2008

Faculty employed by the university for one year may receive up to 30 days of additional paid leave for donating bone marrow or organs. This type of leave is provided in addition to other leave benefits, does not count toward the 12-week period of family and medical leave, requires medical certification prior to approval of the leave, and guarantees the faculty member's position will be available upon return.

For complete information, please refer to Policy 4.37 in the Department of Human Resource Management Policy Manual or call Human Resources at 683-3042.
