February 2009

Greetings from the Career Management Center! This academic year has certainly been an exciting and busy one for the CMC and the College of Health Sciences. In October we hosted the Health Sciences Career Fair with 24 employers and approximately 200 students in attendance. We look forward to hosting this event again next year! Our office in Room 3133B in the Health Sciences Building has seen increased use this year. The CMC staff has seen over 75 students this year on topics such as resumes, cover letters, and interviewing skills to name a few. We have also been privileged to be invited to several classrooms to give presentations on the same topics. If you would like to have a CMC staff member come and speak to your class, please get in contact with us.

Full Calendar of CMC Events

The CMC offers programs all year long to assist students in linking to information and resources to help them achieve their career advantage.

Let's Collaborate!

**Do your senior students need more advice on
how to get a job post-graduation?**

"I'm Graduating... Now What?" is a series that will equip students with the knowledge and resources to help them to make their transition into the employment world easier.

Please encourage student attendance.

"I'm Graduating... Now What?"

Every Thursday 12:30-1:30 February 26th through April 16th
Constant Hall Room 1047
