Retention Rates

Report for the cohort of all full-time, first-time bachelor's (or equivalent) degree-seeking undergraduate students who entered in Fall 2006 (or the preceding summer term). The initial cohort may be adjusted for students who departed for the following reasons: deceased, permanently disabled, service in the armed forces, foreign aid service of the federal government or official church missions. No other adjustments to the initial cohort should be made.

B22

For the cohort of all full-time bachelor's (or equivalent) degree-seeking undergraduate students who entered your institution as freshman in Fall 2006 (or the preceding summer term), what percentage was enrolled at your institution as of the date your institution calculates its official enrollment in Fall 2007?

Common Data Set C: First-Time, First-Year (Freshman) Admission (2007-2008)[Instructions and Help](#)[Glossary of Terms](#)

Applications

C1 First-time, first-year (freshman) students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in Fall 2007. Include early decision, early action, and students who began studies during summer in this cohort. Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). Admitted applicants should include wait-listed students who were subsequently offered admission.

For each of the sections below, please fill in either the breakdown of men/women or the total applied, admitted and enrolled.

*Please fill in this field, only if you cannot provide the men/women breakdown.

Total first-time, first-year (freshman) men who applied	<input type="text" value="3,886"/>
Total first-time, first-year (freshman) women who applied	<input type="text" value="4,618"/>
Total first-time, first-year (freshman) men who were admitted	<input type="text" value="2,986"/>
Total first-time, first-year (freshman) women who were admitted	<input type="text" value="3,335"/>
Total full-time, first-time, first-year (freshman) men who enrolled	<input type="text" value="1,187"/>
Total part-time, first-time, first-year (freshman) men who enrolled	<input type="text" value="34"/>
Total full-time, first-time, first-year (freshman) women who enrolled	<input type="text" value="1,326"/>
Total part-time, first-time, first-year (freshman) women who enrolled	<input type="text" value="24"/>

C2 Freshman wait-listed students

(students who met admission requirements but whose final admission was contingent on space availability)

Do you have a policy of placing students on a waiting list? Yes No

If yes, please answer the questions below for Fall 2007 admissions:

Number of qualified applicants offered a place on waiting list

Number accepting a place on the waiting list

Number of wait-listed students admitted

Is your waiting list ranked? Yes No

If yes, do you release that information to students? Yes No

Do you release that information to school counselors? Yes No

Admission Requirements

C3 High school completion requirement

Check the appropriate box to identify your high school completion requirement for degree-seeking entering students:

- High school diploma is required and GED is accepted
 High school diploma is required and GED is not accepted
 High school diploma or equivalent is not required

C4 Does your institution require or recommend a general college preparatory program for degree-seeking students?

Require

- Recommend
- Neither require nor recommend

C5 Distribution of high school units required and/or recommended.

Specify the distribution of academic high school course units required and/or recommended of all or most degree-seeking students using Carnegie units (one unit equals one year of study or equivalent). If you use a different system for calculating units, please convert.

	Units required	Units recommended
Total academic units	16	16
English	4	4
Mathematics	3	3
Science	3	3
Of these, units that must be lab		
Foreign language	3	3
Social Studies	3	3
History		
Academic electives		
Computer Science		
Visual/Performing Arts		
Other (explain)		

Basis for Selection

C6 Do you have an open admission policy, under which virtually all secondary school graduates or students with GED equivalency diplomas are admitted without regard to academic record, test scores, or other qualifications? If so, check which applies:

Open admission policy as described above for all students

Open admission policy as described above for most students, but

selective admission for out-of-state students

selective admission to some programs

Other (explain)

Undergraduate full-time tuition, required fees, room and board

G1 List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2008-2009 academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters or trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are NOT included in tuition (e.g., registration, health, or activity fees.) Do NOT include optional fees (e.g., parking, laboratory use).

Common Data Set I: Instructional Faculty And Class Size (2007-2008)[Instructions and Help](#)[Glossary of Terms](#)**Instructional Faculty**

Please report number of instructional faculty members in each category for Fall 2007. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

- I-1 The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or predoctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include only if they teach one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaskan native; Asian or Pacific Islander; or Hispanic.

Doctorate: includes such degrees as Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and Doctor of Philosophy degree in any field such as agronomy, food technology, education, engineering, public administration, ophthalmology, or radiology.

First-professional: includes the fields of dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), law (JD) and theological professions (MDiv, MHL).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

	Full time	Part time	Total
a.) Total number of instructional faculty	686	418	1,104
b.) Total number who are members of minority groups	153	62	215
c.) Total number who are women	271	239	510
d.) Total number who are men	415	179	594
e.) Total number who are non-resident aliens (international)	51	11	62
f.) Total number with doctorate, first professional, or other terminal degree	542	0	542
g.) Total number whose highest degree is a master's but not a terminal master's	139		139

h.) Total number whose highest degree is a bachelor's

i.) Total number whose highest degree is unknown or other (Note: Items f, g, h, and i must sum up to item a.)

j.) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students

Student to Faculty Ratio

I-2 Report the Fall 2007 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2007 Student to Faculty ratio:

 to 1 based on students and faculty

Undergraduate Class Size

I-3 In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2007 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of course catalog cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2007. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

Common Data Set J: Degrees Conferred (2007-2008)[Instructions and Help](#)[Glossary of Terms](#)**Degrees conferred between July 1, 2006 and June 30, 2007**

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and Bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g. students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Review Data Set Form D: Majors (2007-2008)[Instructions and Help](#)[Glossary of Terms](#)**Major Series**

We have updated a list of Majors for 2007-2008 to comply with the most recent Classification of Instructional Programs (CIP) from 2000. The CIP is divided into three levels: Series, Programs, and Majors. Due to an increase in requests from students to be as specific as possible, we have expanded our data collection to include all three levels. The CIP codes are used only for storage purposes, and only the names of the selected majors will appear on www.review.com or in our publications.

Please select all undergraduate majors offered at your institution by following this simple 3 step process:

STEP 1: Select the majors your institution offers from the "All Majors" list and click the "Add Majors" button that appears below the list. To remove a major, select the major from the "Your Majors" list and click the "Remove Majors" button

STEP 2: From among the list of majors you offer, select the three most popular majors by clicking on the major name and clicking the "Add Popular Major" button. To remove, click the "Remove Popular Major" button.

Or, select majors by series, using checkboxes, by clicking [here](#)

Please note: Be sure to save your changes periodically using the Save button at the bottom of this form. Please note switching between forms without saving your work might result in changes being lost.

Fire Safety

Information provided should be for the latest 12 month period for which data is available

1. What percentage of your student housing sleeping rooms are protected by an automatic fire sprinkler system with a fire sprinkler head located in the individual sleeping rooms? %

NOTE: A student housing sleeping room is defined as the actual room in

which the occupants live and sleep.

Student housing can include typical residence halls, graduate student housing, married student housing or any housing that is under the control or affiliated with the school, such as private, third-party residence halls built under contract with the school. This does not include Greek housing.

2. What percentage of your student housing sleeping rooms are equipped with a smoke detector that is connected to a supervised fire alarm system? %

NOTE: When the smoke alarm/detector is activated it must transmit a signal to a supervised location, initiating an immediate response by a staff member to investigate. This alarm does not necessarily activate the building fire alarm system.

3. How many malicious fire alarms occur in student housing per year?

NOTE: A malicious fire alarm would be defined as one where a building's fire alarm system is activated even though it is known that there is no emergency condition. For example, someone blows smoke into a smoke detector or a manual pull station is activated.

4. How many unwanted fire alarms occur in student housing per year?

NOTE: An unwanted fire alarm would be defined as one where a building's fire alarm system is activated by non-emergency conditions, yet the fire alarm system responds appropriately to stimuli that it interprets as a fire condition. For example, a smoke alarm that is located too close to a shower and is activated by steam, or is adjacent to a cooking area.

5. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted to a monitored location, and security investigates before notifying the fire department? %

6. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted immediately to the fire department so they can begin responding? %

7. How many students are trained in fire safety in campus provided housing each semester?

8. What percentage of RAs and housing directors receive fire safety training?

NOTE: For purposes of this question, housing staff will include only personnel such as resident assistants and/or resident directors who live in student housing.

9. How many contact hours of fire safety training is provided to students not living in student housing (i.e., off-campus, including Greek)?

NOTE: This will not include fire safety training provided to specialties such as laboratory assistants. This must be actual training with contact time and not include simply handing out brochures, fire safety articles in the student newspaper, etc. An example of contact hours would include fire extinguisher training that is provided to 30 students in one hour which would equal 30 contact hours.

10. How many regularly scheduled, supervised exit drills are held per year in student housing?

11. How many fires did your school experience last year in student housing?

NOTE: A fire must result in damage to the structure or contents.

12. What is the dollar loss related to fire that has occurred on your campus in residential housing?

NOTE: Dollar loss is direct property damage to the structure and contents

and does not include costs such as alternative housing, staff response, etc

13. How many students have been injured by fires in student housing?

14. How many students have been killed by fires in student housing?

15. Does your school ban any of the following items or activities in student housing sleeping rooms?

- candles
- halogen lamps
- smoking
- cooking
- live christmas trees
- ceiling tapestries
- Other (please specify)

NOTE: The "cooking" option excludes cooking done with school-approved/supplied appliances or in school-approved areas, such as kitchens.

If you selected Other please specify:

16. Does your school require fire-resistance ratings on furniture (including, but not limited to, beds, mattresses, desks, and chairs) in student housing sleeping rooms?

 Yes No

17. Does your school require that furnishings brought in by the students have fire-resistance ratings?

 Yes No

18. How often are fire safety rules-compliance inspections conducted in your school's student housing?

NOTE: This refers to regularly scheduled, in-room inspections conducted by an inspector or trained individual who is knowledgeable about fire safety issues. It does not refer to a security officer making regular rounds. ALL of the rooms must be inspected during these inspections and checked for hazards.
