5100 - ADJUSTED RESIDENT CREDIT POLICY

Statement: Any undergraduate student who leaves Old Dominion University for one calendar year will be given the option of requesting a grade point average status equivalent to that of a student admitted as a transfer student according to the following conditions and regulations:

- (1) Prior to the one year's absence, the student must have completed a minimum of 12 semester hours of degree credit but no more than 90 semester hours of degree credit and with a grade point average less than 2.00.
- (2) The student must have separated from the institution for one calendar year. A term in which the student received W grades cannot be counted as part of the calendar year separation.
- (3) Upon return, a full-time student must have attained a 2.00 grade point average for all work attempted in the first semester, or upon completion of the first 12 semester hours if part time. Non-degree credit work shall not be counted toward fulfillment of this requirement.
- (4) Upon satisfying the above requirements, the student must submit the application for Adjusted Resident Credit, at which time a 2.00 grade point average for all work attempted since his or her return must have been earned.
- (5) This option will be extended only once during the student's career at Old Dominion University and must be elected by the end of the second semester following qualifications as described in paragraph 3 above.
- (6) Consultation and approval by the appropriate department and approval of the dean(s) of the college(s) in which the student's major program resides will be required. Once an application is approved and submitted, the student will not be permitted to change status for the purpose of computing the cumulative grade point average or application of credit toward graduation.
- (7) All grades received at the university will be part of the individual's official transcript and will be used to determine honor awards. However, computation of a new grade point average for graduation and continuance will be based on work performed subsequent to reinstatement.
- (8) Under this option:
 - A. Eligible students will receive degree credit only for those courses in which grades of C (2.00) or better were earned prior to readmission;

- B. Likewise, hours attempted for courses in which grades of D or F were received prior to readmission will not be considered in computing the student's new cumulative grade point average;
- C. Grade points earned for any course completed prior to readmission will not count in determining the student's new cumulative grade point average.

(9) In cases of dual jurisdiction, university continuance regulations will prevail.

Students wishing to avail themselves of this policy may receive procedural information from the Registrar's Office or the Office of Undergraduate Continuance Regulations.
