

# Engineering Management and Systems Engineering

**Open House - Thursday, December 3**

**6pm to 7pm**

**Presented by Dr. Resit Unal and Dr. Charles Keating**

**Peninsula Higher Education Center Room 2239**

**Tri-Cities Higher Education Center Room 2201**

**Virginia Beach Higher Education Center Room 153**

The Department of Engineering Management and Systems Engineering at Old Dominion University provides its graduates with the necessary skills, knowledge, abilities, and attitudes required to design and manage the technology-based, project-driven enterprise. Founded on the solid principles of systems science and systems engineering while exploiting the tools of management science, the Department of Engineering Management and Systems Engineering school of thought emphasizes an approach to addressing the problems, the design, and the management of projects and complex operations through our concept of Technological Leadership.

**The Department of Engineering Management and Systems Engineering offers the following degrees:**

- **Master of Engineering Management (M.E.M.),**
- **Master of Science (M.S.) in Engineering Management,**
- **Master of Engineering (M.E.) in Systems Engineering,**
- **Certificate of Professional Study (C.P.S.) in Engineering Management,**
- **Doctor of Philosophy (Ph.D.) program in Engineering Management, and**
- **Doctor of Engineering (D.Eng.) in Engineering Management and Systems Engineering**
