

HISTOTECHNOLOGY PROGRAM AT OLD DOMINION UNIVERISTY

VIRGINIA BEACH CENTER

- Did you ever wonder where your appendix goes when they take it out?
- Got a detective streak? Learn how to assist in autopsies.
- Have an eye for color? Staining is for you!
- Like a challenge? Even just spelling Immunohistochemistry is exciting!
- The Histotechnology Program is a certification track offered through Old Dominion University for anyone who would like to join the exciting world of Anatomic Pathology. This new program begins January 8, 2007.
- A High School diploma is required, and there are always positions locally and nationwide for certified HT's.
- Join the ranks of the artisans who prepare tissue for diagnosis
- For information call: Histotechnology Program at ODU
phone: 757-683-3589 or e-mail: sxthomps@odu.edu
- Classes will be held at ODU Virginia Beach Center and/or various laboratories or hospitals in the area.
