Dr. John W. Weber, Assistant Professor in the Department of History, received a Ph.D. in 2008 from William & Mary, and was the Summerlee Foundation Fellow in Texas History for the Clements Center for Southwest Studies at Southern Methodist University in 2009-10. His recently published book, *From South Texas to the Nation: The Exploration of Mexican Labor in the Twentieth Century*, illuminates the way in which South Texas pioneered the low-wage, insecure, migration-dependent labor system on which so many industries continue to depend today.
