

Old Dominion University Gene W. Hirschfeld School of Dental Hygiene

SRTA Information To Candidates

Examination Date: May 25-26, 2012

Registration & Orientation Room: Health Sciences Building Room 2001

1. ODU Dental Hygiene Care Facility's dental units are equipped to accommodate 1 or 2 hole slow speed hand pieces. Each unit is equipped with an operator stool.
2. The candidate may rent ultrasonic scaling units as needed for the examination. Ultrasonic scaling unit rental fee will be \$100.00 (non-refundable). The fee for the rental of a hand-piece is \$50.00. A limited number is available.

To reserve a handpiece; email- [Itolle @ odu.edu](mailto:Itolle@odu.edu) before May 8, 2012

Please do not combine both fees, due to the limited number of hand-pieces available for rent. ***Money Order or Check for rental fees please. Make payable to ODU School of Dental Hygiene. NO cash can be accepted.**

3. *The following expendable materials are included in the facility fee:

Barrier tape	autoclave tape	chair covers
Cotton rolls	2x2 squares	cotton swabs
Disinfectant	drinking cups	evacuator tips
Face masks	floss	gloves
Local anesthetic	mouth wash	needles, short and long
Paper towels	patient bib	prophy paste
Saliva ejectors	soap	topical anesthetic
Trash bags	tray covers	

*Candidates are encouraged to bring any materials they feel comfortable working with since the department may use materials that are unfamiliar to some candidates.

4. Infection Control- disinfectant spray and paper towels will be available at each unit for candidates to disinfect their operatory and equipment. The candidate is responsible for all removal of debris, paper, trash etc. from the unit via disposal in the large waste cans in the Biohazard/trash closet in the clinic.

5. Disinfection Standards. Candidates are expected to don all personal protective equipment, eye protection, mask, gowns, & heavy duty utility gloves while disinfecting the units.

6. At the end of the clinical appointment/patient treatment:

Return washed and bagged ultrasonic sterile handpiece and polishing handpieces that were rented for check in to the sterilization room coordinator.

Remove all protective barriers from operatory and dispose in large bags in the rear of the clinic. Place sharps and local anesthesia cartridges in the sharps container located under the sinks in each unit

Clean and disinfect ultrasonic scaling unit (hand-piece and knobs), slow speed hand-piece lines and air water syringe, light handles, patient chair, operator stool, view box and all countertops and unit walls. Flush water lines on air/water syringe for 30 seconds

Raise chair, move bracket table and operator light so they are directly on top of the dental chair and operator stool should be flipped over and placed onto of the patient chair.

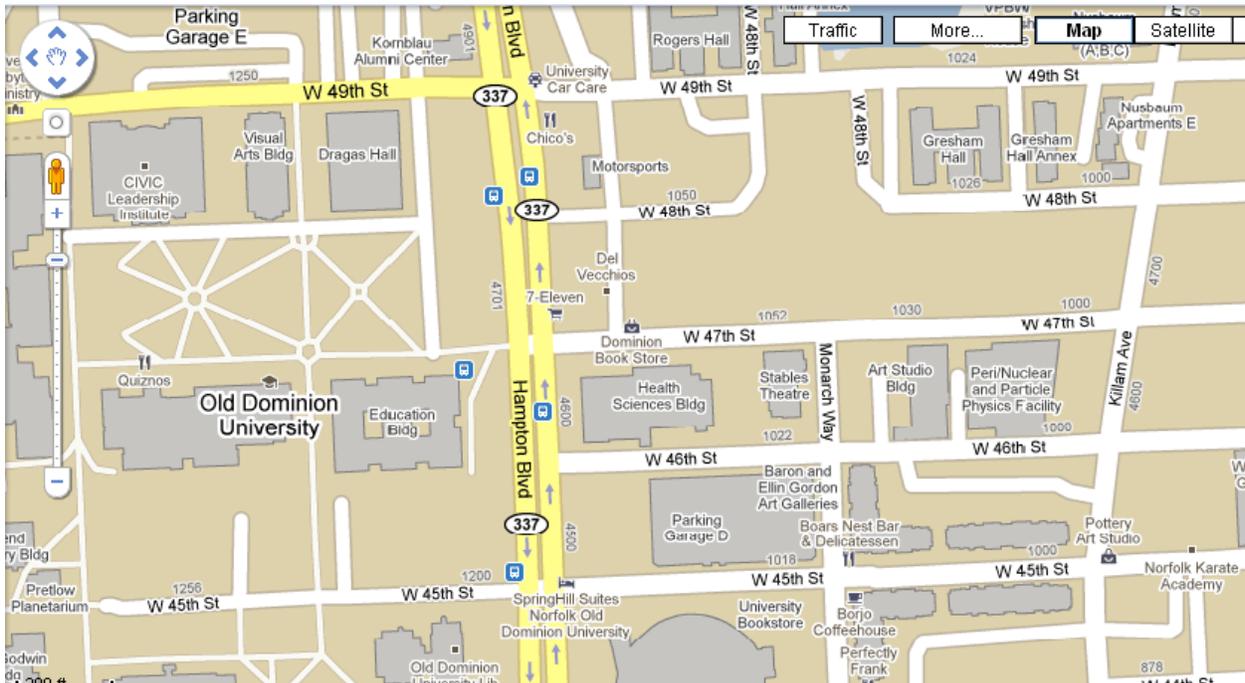

The clinic will be supplying Birex disinfectant solution for disinfection purposes

7. The School of Dental Hygiene does not provide a screening service for patients.

Directions to Old Dominion University Dental Hygiene Care Facility

Phone: Clinic (757) 683-4308
