PROPOSED AMENDMENTS TO THE BOARD OF VISITORS’ BYLAWS

RESOLVED, that the Board of Visitors approves the following amendments to the Board of Visitors’ Bylaws.

BY-LAWS
OF THE OLD DOMINION UNIVERSITY
BOARD OF VISITORS

PREFAE

The Board of Visitors adopts the by-laws that follow for the orderly and efficient conduct of its meetings and the business of Old Dominion University. This preface is to provide a brief overview of the source of the Board’s authority as a public institution of higher education, and a component of the executive branch of the government of Virginia.

The Virginia statutes specific, or organic to the University, Va. Code §§ 23.1-200023-49.11 through 23.1-200423-49.22, might be thought of as the University’s charter. These statutes constitute the Board of Visitors as a public corporation named “Old Dominion University,” and set the corporation’s basic purpose and authority. Other statutes apply to all of the Commonwealth’s institutions of higher education to impose other duties and confer additional powers. The University is also subject, along with all agencies of the executive branch of the state government, to such statutes as, for example, the Virginia Freedom of Information Act which governs, inter alia, the circumstances under which a public body, such as this Board, may meet in closed session. Ultimately, however, the University's operations are dependent on the terms of the Appropriations Act adopted bi-annually in the even numbered years by the Virginia legislature, the General Assembly, and amended in the odd numbered years. Finally, it is to be noted that the Commonwealth's agencies and institutions are not as a rule subject to the general statutes of Virginia, as well as the ordinances enacted by the local governments, unless the General Assembly expressly provides otherwise.

Members of the Board, the University staff, and the public should be aware at all times that the authority conferred on the Board of Visitors by the General Assembly resides solely in the Board. That is, no visitor or other individual, regardless of title or position, shall speak for, or exercise the Board’s authority except to the extent that the Board may so provide by delegation contained in these by-laws, or by other action of the Board.

The Commonwealth demands institutional direction by a Board composed of active, informed, and engaged visitors. As a measure of this need, the General Assembly provided that if any member of the Board should fail to perform the duties of a visitor for a year, without sufficient cause, the Board shall certify the same to the Governor; and the office of that member shall then be vacant.
ARTICLE I
Power, Authority, and Duties

1.01. Role and Responsibilities. The Board of Visitors is the body responsible for the University. The Board's trust includes the following responsibilities.

(a) Presidential Selection and Oversight. The Board's most important responsibility is selection (§ 4.04. of these Bylaws) and oversight (§ 6.01(f) of these Bylaws) of the University President. The President reports only to the Board and it is the responsibility of the Board to ensure that the President is implementing the Board's formally adopted policies and efficiently and effectively accomplishing the University's goals.

(b) University Mission. The Board is responsible for ensuring that the University's mission reflects and directs the relative commitment to undergraduate, graduate, and professional programs, as well as an appropriate balance among instruction, research, and service.

(c) Strategic Planning. The Board is responsible for ensuring there is an ongoing strategic planning process and overseeing its implementation. In conjunction with the President, and in consultation with the faculty, other internal groups, and external constituencies, the Board shall take an active part in developing priorities and goals essential to the accomplishment of the University's mission, allocation of resources, and measurement of success.

(d) University Budget. The Board is responsible for ensuring that the University's mission, priorities, and goals are visible in and expressed through its budget. The budget shall reflect the priorities developed in the strategic planning process. The Board shall periodically review and approve the University's annual budget and work in conjunction with the President and his/her administration that are accountable for directing a process that seeks input from the Board.

(e) Academic Integrity. The Board is responsible for advancing and protecting the academic quality of the education offered by the University including, but not limited to considering, strategic planning, admission standards, graduation requirements, grading policies, use of technology in the classroom, and faculty structure, development, productivity, priorities, and incentives for outstanding teaching.

(f) Research Integrity. The Board is responsible for promoting and preserving excellence in basic and applied research.

(g) Student Quality of Life. The Board is responsible for assuring the high quality of student life necessary to ensure that higher education achievement can take place in an environment conducive to a high level of learning.

(h) Affiliated Foundations. The Board is responsible for assuring that priorities for fund raising, research, athletics, real estate acquisition and disposal, and other affiliated foundation activities are consistent with the University's mission, priorities, and goals. While the Board recognizes the independent governance of these private activities, the Board is responsible for private resources contributed to the University for public purpose. Guidelines for
the exercise of this responsibility are contained in the Board Policies and Procedures Manual (see Article VIII of these Bylaws) and affiliation agreements.

(i) Audit Planning and Review. The Board is responsible for the selection of accountability measures, review of results, and determination of how effectively its policies have been implemented through the audit process; i.e., whether the University's allocation of resources is consistent with the Board's priorities and with the University's financial position.

(j) Fiscal Efficiency. In its review and approval of the University's annual operating budget and the setting of tuition and fees, the Board is ultimately responsible for assuring fiscal efficiency; i.e., the cost-effective operation of the University.

(k) University Advancement. The Board is responsible for promoting the academic purpose, strategic initiatives, service, and solvency of the University among its many constituents by communicating the institution's accomplishments, sharing its vision for the future, relating the community to the campus and the campus to the community, maintaining constituent trust, and engaging the larger local, national and international community in partnerships to achieve University goals and objectives.

ARTICLE II
Members

§ 2.01. Resignation. Any member of the Board of Visitors may resign at any time by providing notice to the Governor. Notice also shall be provided to the Rector so that the Board can take measures to accommodate said resignation. Such resignation shall take effect at the time specified in such notice and, unless otherwise specified therein, the acceptance of said resignation shall not be necessary to make it effective.

§ 2.02. Removal. Pursuant to Va. Code § 23-2.06, if any member of the Board of Visitors fails to attend (I) the meetings of the board for one year without sufficient cause, as determined by a majority vote of the board, or (ii) the educational programs sponsored by the State Council of Higher Education for Virginia, pursuant to Va. Code § 23-9.14:1, in the first two years of membership without sufficient cause, as determined by a majority vote of the board, the remaining members of the board shall record such failure in the minutes of its next meeting and notify the Governor, and the office of such member shall be vacated. However, no member serving as of January 1, 2015 shall be removed for failing to attend the educational programs required by § 23-9.14:1 if he or she attends training by January 1, 2016. In addition, pursuant to Va. Code § 2.2-108, notwithstanding any provision of law to the contrary, the Governor may remove from office for malfeasance, misfeasance, incompetence, or gross neglect of duty any member of the board of any public institution of higher education or other educational institution of Virginia, and fill the vacancy resulting from the removal. Each appointment to fill a vacancy shall be subject to confirmation by the General Assembly.

§ 2.03. Visitors Emeriti. In recognition of the invaluable service rendered to the University during their appointments to the Board of Visitors and the informed counsel they are capable of providing after their terms expire, former members of the Board shall be designated Visitors Emeriti. They shall be entitled to have access to minutes of the regular Board meetings
posted online and be invited to meet at least once each year with current members of the Board at a social or other function hosted by the Board of Visitors.

ARTICLE III
Meetings

§ 3.01. Regular Meetings. Regular meetings of the Board of Visitors shall be held no less frequently than four times each year on such dates and in such places as may be set by the Rector and the Board of Visitors. Regular meetings scheduled annually in excess of the four published regular meetings shall be announced to Board members, University staff, and the public at least 30 calendar days prior to the day the regular meeting is to be convened to assure maximum participation, the three day statutory notification notwithstanding. The regular meeting during the month of June of each year shall be the annual meeting.

§ 3.02. Special Meetings. Special meetings of the Board may be called by the Rector, or, in his/her absence or disability, by the Vice Rector, or by any three Visitors at such dates, times, and places, with agenda, as may be specified in the call for such meeting.

§ 3.03. Emergency Meetings. Emergency meetings are special meetings and may be called by giving reasonable notice to all members and the public whenever in the judgment of the Rector, in consultation with the President, there is an emergency. A quorum of five voting members shall be sufficient to transact any business with respect to said emergency, except declarations of fiscal exigency. Declarations of fiscal exigency only must be made by an affirmative vote of at least 12 voting members.

§ 3.04. Special and Emergency Meeting Notice. For special meetings under normal, non-emergency circumstances, three days’ notice shall be given of the date, time, place, and agenda of all non-electronic communication meetings, by the Secretary/Executive Secretary of the Board. Emergency meeting notice shall be provided, as reasonably timely as possible under the circumstances, and be given contemporaneously to the public with notice provided to Board members.

§ 3.05. Quorum. (Effective July 1, 2002) A majority of voting members of the Board of Visitors serving at any time shall constitute a quorum (§ 23-49.17(b), Code of Virginia).

§ 3.06. Order of Business. The order of business at meetings is set forth in the Board Policy and Procedures, unless modified at the discretion of the Rector with the modification(s) approved by a majority of the voting Board members present. Matters to be placed on the Board’s regular and special meeting agenda and requests for public comment shall be brought to the attention of the Rector or the President in writing at least 15 calendar days in advance of the meeting at which the issue is to be addressed or public comment accepted. Reports of invited representatives and anticipated issues or resolutions requiring Board decisions under unfinished and new business and the point or points during the meeting where public comment will be accepted will be specified in the published pre-meeting agenda. Such agenda shall be distributed to all Board members at least seven days prior to each regularly scheduled Board meeting. Supplementary agenda items originating after distribution of the pre-meeting agenda shall be provided to all Board members as soon as they are identified and may be considered if confirmed by a majority of the voting members of the Board.
§ 3.07. Conduct of Business. All meetings shall be conducted in accordance with the Code of Virginia, these Bylaws, Board Policies and Procedures, and Robert's Rules of Order Newly Revised, in order of descending precedence. The Vice Rector shall serve as Board parliamentarian for purposes of interpreting Robert's Rules of Order Newly Revised. The Board shall request the presence of the University's legal representative at all open and closed meetings and committee meetings except those where the President is being evaluated or presenting portions of his/her Annual Report dealing with the evaluation of University officers, unless otherwise directed by the Attorney General. At the Board's discretion, it may request the presence of the University's legal representative during evaluations if it is considering: (1) whether the party or parties involved are in breach of his/her contract; (2) or the Board is seeking legal advice about the amounts and methods of compensating the President or other officers involved.

§ 3.08. Voting Procedures. Except when a roll-call vote is specifically requested by any member of the Board, motions shall be carried or defeated by voice vote, with the Secretary noting members supporting, opposing or abstaining from the matter. However, all votes taken during electronic communication meetings shall be by roll-call and so recorded in the meeting minutes (§ 2.2-3708.D., Code of Virginia). No proxies, secret, or written ballots are authorized in any Board meeting (§ 2.2-3710., Code of Virginia). The roll-call vote shall be recorded in the minutes by the Secretary calling the roll. Should members attending the meeting be absent for the vote, their absence shall be noted in the minutes. The Student Representative to the Board of Visitors is a non-voting member, but his/her comment regarding an issue may be recorded in the minutes.

ARTICLE IV
Committees

§ 4.01. Executive Committee.

(a) **Composition.** The Executive Committee shall consist of eight members of the Board, three of whom shall be the elected officers of the Board. The remaining members of the Executive Committee shall be the chairs of each standing committee of the Board. Vacancies, other than Board officers who must be elected, may be filled at any time by appointment of the Rector and confirmation by the Board. In the event a standing committee chair is also an elected officer, the vice chair of that particular standing committee shall be a member of the executive committee to maintain the executive committee membership at eight members. A quorum of the Executive Committee shall consist of three Executive Committee members. In the absence of standing committee chairs, standing committee vice chairs may serve on the Executive Committee and count towards a quorum as directed by the Rector.

(b) **Duties and Authority.** The Executive Committee shall meet upon the call of the Rector or the President. The Executive Committee shall have the power of the Board to take such actions as are necessary to direct the affairs of the University between meetings of the Board. The full Board must be notified of all actions taken by the Executive Committee and all actions must be ratified by the Board at its next regular or a special meeting called for that purpose in emergency situations. The committee shall coordinate the policy development and the goals/objectives of all Board committees and shall recommend the means whereby the Board will assess its effectiveness in accordance with § 9.03 of these Bylaws. A complete record of all
actions of the Executive Committee shall be maintained by the Secretary and shall be provided to
each member of the Board within 15 working days after the Executive Committee meeting at
which such actions were taken. All members of the Board shall be invited to attend Executive
Committee meetings and all Board members in attendance at an Executive Committee shall be
entitled to vote. Meeting notices shall be provided as set forth in § 3.04 of these Bylaws.

§ 4.02. Standing Committees. In addition to the Executive Committee, the standing
committees of the Board shall consist of the Academic and Research Advancement Committee,
Administration and Finance Committee, Athletics Committee, Audit Committee, Student
Enhancement and Engagement Committee, and University Advancement Committee. The chairs
and members of the six standing committees shall be appointed by the Rector, after
consultation with the parties involved, for terms of two years, and shall serve until their
successors have been duly appointed. All members subsequently may be reappointed from year
to year. Board members shall typically serve on two standing committees, except that those who
are appointed to serve on the Athletics and Audit Committees may serve on three standing
committees. The chairs of standing committees shall serve until their successors have been duly
appointed. Officer vacancies shall be filled in accordance with § 5.04 of these Bylaws and
Standing Committee chair vacancies (versus temporary absences) may be filled at any time by
appointment of the Rector and confirmation by the Board. A quorum of each of the standing
committees shall consist of three voting Visitors who are committee members. The Rector and
Vice Rector are deemed committee members for all purposes, including a quorum. The agenda
for each regular Board meeting shall include reports by committees to the Board. Unless
otherwise specifically provided by the Board, decisions/recommendations of standing
committees (except decisions by the Academic and Research Advancement Committee on
review of negative tenure decisions and the approval of the annual internal compliance and
operations audit plan by the Audit Committee) are advisory and must be ratified and approved by
the Board of Visitors.

(a) Academic and Research Advancement Committee. The Academic and
Research Advancement Committee supports the Board's responsibility to advance and protect
the academic quality of the education and research offered by the University. The Committee
shall make recommendations to the Board on the academic mission, purpose, strategic plans,
important academic and research initiatives, and regular and special programs of the University;
on awards and honorary degrees; on faculty personnel appointments, policies and procedures.
The Academic and Research Advancement Committee is designated by the Board as the
committee with the responsibility of responding, on behalf of the Board, to requests from faculty
for review of negative tenure decisions. In the case the Committee recommends in favor of
tenure, this must be approved by the Board. A negative decision is final. The Committee may
meet, as it deems necessary, with faculty, staff representatives, and other University members as
requested through the President.

(b) Administration and Finance Committee. The Administration and Finance
Committee supports the Board's responsibilities for the budget process, accountability, and fiscal
efficiency in general. The Committee is responsible for making recommendations to the Board
on matters pertaining to the purchase, lease, sale, construction, and maintenance of University
owned or controlled land and buildings; on fiscal policies; oversight of the fiscal accounts and
operations of the University, including budget, investments, and the impact of the foregoing on
the University's overall fiscal condition, mission and purpose.
(c) **Athletics Committee.** The Athletics Committee supports the Board’s responsibilities for oversight of its Intercollegiate Athletics programs. The Committee shall review athletic policy and programs and make appropriate recommendations to the Board.

(d) **Audit Committee.** The Audit Committee helps the Board fulfill its financial oversight and compliance responsibilities. The Committee is responsible for (1) oversight of financial reporting and financial statement matters and any critical accounting and reporting issues; (2) reviewing annually the audited financial statements with internal auditors, determining that the administration has been open and has acted in good faith in connection with the audit; and (3) oversight of the internal audit function, including receiving reports and approval of the annual audit plan. Members of the Audit Committee should have some basic knowledge of generally-accepted accounting procedures and financial reporting and controls. Members of the Audit Committee may serve on the Administration and Finance Committee, however, a majority of the Audit Committee may not serve on the Administration and Finance Committee. The Committee may also receive reports from the University Auditor on matters of economy, efficiency and effectiveness of operations and internal controls.

(e) **Student Enhancement and Engagement Committee.** The Student Enhancement and Engagement Committee supports the Board’s responsibilities for ensuring student quality of life and fiscal affordability. The Committee is responsible for making recommendations to the Board on matters and policies pertaining to students and shall continuously assess and appraise the quality of student life. It shall review policies relating to student rights, responsibilities, conduct, and discipline, including matters related to the student honor system. The Committee shall consider issues concerning student organizations and their funding, extracurricular activities (including intramural athletics), and matters related to student government and appropriate student participation in University governance by all types of students and on student recruitment and admissions criteria and policies. The Committee shall review athletic policy and programs, both intramural and intercollegiate, and shall make appropriate recommendations to the Board.

(f) **University Advancement Committee.** The University Advancement Committee supports the Board's responsibility for relations with affiliated foundations and is responsible for making recommendations to the Board on matters and policies pertaining to the University's government relations, fund raising, community (including military) and public relations, and alumni activities.

(g) **Additional Responsibilities.** Each standing committee shall periodically review Board Policies and Procedures in its areas of responsibility and recommend revisions as necessary. The standing committees shall have such other duties and responsibilities as are assigned to them by the Board or by the Rector, subject to the Board's approval.

§ 4.03. **Nominating Committee.** The Nominating Committee is responsible for nominating Board members for Board officer positions. In even numbered years, at the annual June meeting of the Board, a Nominating Committee of an odd number of not less than three members along with two alternates shall be elected by the Board. The Committee shall meet at the same meeting during which it is created to elect its chair. The Nominating Committee shall consult with the Rector, the President, and all other Board members about the needs of the University without being bound by their suggestions.
(a) **Nominations.** The Nominating Committee shall post a call for nominations for officers from the Board no later than July 15. Nominations shall be submitted in writing to the committee chair and shall be due no later than 31 days following the date of the call for nominations. Members of the Board may feel free to nominate themselves for an office to the chair of the Nominating Committee. Nominees for officers must have more than one year remaining on their terms of appointment. The Nominating Committee should give priority to nominating members for office whose terms of appointment on the Board do not expire simultaneously so the Board shall not be without a presiding officer.

(b) **Presentation of Nominations.** The Nominating Committee shall meet at least 14 days prior to the September Board meeting to determine the nominations to be presented to the Board. The recommendation of the nominating committee shall be distributed with the announcement of the meeting of the Board of Visitors in the even numbered year in which the election of officers is to be held. At that meeting, the nominating committee shall present one candidate for each office for election in accordance with § 5.01 of these Bylaws. Nominations from the floor may be made from the floor prior to such election.

(c) **Committee Vacancies.** In the event a member of the Nominating Committee cannot serve or becomes a candidate for an office for which the committee is selecting candidates, he/she shall resign from the committee immediately and the Rector shall immediately appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Executive Committee at a special meeting convened for that purpose.

(d) **Officer Vacancies.** The Nominating Committee may be elected by Board members at a regular or special meeting to fill vacant officer positions that may be created. The Nominating Committee shall then meet as required by § 5.04, *Vacancies,* of these Bylaws.

**§ 4.04. Presidential Search Committee.** As necessary, but not later than the first regular meeting of the Board after the President expresses to the Board his/her intent to step down or leave the University or departs under other circumstances (e.g., prolonged illness or death), the Board shall elect a Presidential Search Committee of five or more Board members, along with two alternates, and may include no more than four non-Board members as non-voting members to that committee. The Committee, whose mission is to search for and select the best possible choices for a new president, shall meet at the same meeting at which it is created to elect its chair who must be a voting Board member, regardless of whether nonmember appointments have been made. All Committee meetings shall be held in conformity with the provisions of the Freedom of Information Act and its exceptions.

(a) **University Needs.** The Presidential Search Committee shall consult with the Rector, the President, other members of the Board of Visitors, the faculty, the alumni and students, and the community about the needs of the University. The Board may secure the services of a search firm or consultant to assist in the search and selection. The Board may also immediately commission the conduct of an institutional review by a reputable agency or consultant.

(b) **Practices and Procedures.** The Committee shall prepare a search budget and a range of compensation for the next president, both of which shall be approved by the Board early in the search process. The Board shall be kept informed of the Committee’s progress.
and expenses incurred and anticipated at regular Board and Executive Committee meetings by
the committee chair. The search committee shall consider external and internal candidates
equally, based on the depth of their experience and the needs of the University. The Committee's
duties shall be completed when it recommends the requisite number of candidates previously
specified by the Board to the Board for consideration, unless the Board requests that other
candidates be brought forth or the search be continued. Approval of a candidate requires the
affirmative vote of at least nine voting members of the Board.

(c) Committee Vacancies. In the event a member of the Presidential Search Committee cannot serve, he/she shall resign from the Committee immediately and the Rector shall promptly appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Board at the next regular Board or Executive Committee meeting or, if necessary, at a special meeting convened for that purpose.

(d) Unexpected Vacancy in the President's Position. In case of an unplanned
certainty in the position of the President, the Board shall expeditiously designate an Acting
President to serve until a President shall be appointed by the Board and installed in the office. The Board shall hold an emergency meeting and proceed with the preceding provisions of this
section of the Bylaws. The Presidential Selection Committee shall be tasked to select
expeditiously the best possible choice for the Acting President following the procedures
outlined in this section of the Bylaws. In the interim, the terms of University Policy #1010 (the
University Succession Policy) shall determine who shall exercise executive authority for the
University.

§ 4.05. Special Committees. Special or ad hoc committees may be created at any time
either by action of the Board of Visitors, or by written direction of the Rector with the approval
of the Board. Special committees shall consist of no fewer than three members appointed by the
Rector who shall appoint the chair, and fill vacancies in consultation with the Chair. The Rector
shall also have the power to change the membership of special committees at any time with the
concurrence of the chair and the Board, unless it is the chair who is to be removed. In making
initial or subsequent assignments of individuals to special committees, the Rector shall take
volunteers into account. Special committees shall have a life specified by the Board at the time
of constitution, shall be subject to annual reviews, and may be renewed for a specified period by
action of the Board. At the time the special committee is created, its mission shall be specifically
established and articulated either by action of the Board or by written direction of the Rector
with approval of the Board. The resolution of the Board or the direction of the Rector shall
specify the time the special committee is to make its report to the Board.

§ 4.06. Subcommittees. Committees may appoint subcommittees of not less than three
voting Board members from within their memberships to consider such specific business as
required, subject to Board approval of such subcommittee's creation.

§ 4.07. Appointment of Non-Board Advisors to Committees. Non-Board members cannot
be appointed to Board of Visitors committees without the Board approving each individually
named proposed member. The advisors who are approved for membership shall serve under the
same conditions as Board members; however, they shall serve in a non-voting, advisory capacity.

§ 4.08. Attendance. Board of Visitors members are entitled to attend all Board functions,
including open and closed meetings of Board committees. Where conflicts arise due to several
committees meeting simultaneously, the Board member shall give priority to the standing committee to which he/she has been assigned, unless excused by the standing committee chair and the Rector.

§ 4.09. Notice and Conduct. The chair, or vice chair acting on behalf of the chair, or a majority of the membership of the committee or subcommittee, may call meetings. Committee meetings shall be noticed in the same manner as Board meetings as set forth in § 4.04 of these Bylaws. The conduct of business of any committee or subcommittee shall be governed by the procedures set forth in these Bylaws.

§ 4.10. Removal. Standing and special committee chairs only may be removed by the Rector with prior approval of the Board, with at least nine voting members voting in the affirmative for removal. Members or advisors may be removed from Board committees on the recommendation of the committee chair and approved by a majority of committee members, after an affirmative vote by a majority of Board members attending the meeting at which the recommendation is presented.

ARTICLE V
Board Officers

§ 5.01. Officers Elected from the Board. The officers to be elected from the members of the Board of Visitors shall be the Rector, Vice Rector, and Secretary. Officers must have at least one year remaining in their terms. At the first regular meeting after July 1 of even numbered years, the Board shall elect its officers from its own body (§ 23-49.17(b), Code of Virginia). Newly elected officers shall take office immediately following the close of the meeting at which elected and shall serve for a term of two years, or until their successors have been elected. Officers must be elected by an affirmative vote of at least nine voting members of the Board. Officers may not hold the same office for more than one term. For purposes of the preceding sentence, service of a partial term of one year or less shall not be considered.

§ 5.02. Removal. At any meeting of the Board of Visitors, any elected officer may be removed, either with or without cause, by an affirmative vote of at least nine voting members of the Board of Visitors.

§ 5.03. Resignation. Any elected officer may resign at any time by giving written notice to the Board of Visitors, to the Rector, or to the Secretary. Any such resignation shall take effect at the time specified in such notice and the acceptance of such resignation shall not be necessary to make it effective.

§ 5.04. Vacancies. Vacancies in any office shall be reported to the Board as soon as possible after notice is received. The vacancy shall be filled for the unexpired term by the Board of Visitors at the meeting during which the vacancy is first created or discovered by immediately electing a Nominating Committee as outlined in § 4.03 of these Bylaws and electing an officer or officers at the current, or special, or next regular meeting to fill vacancies. The election shall require an affirmative vote of at least nine voting members of the Board. In the temporary absence of all three officers, the Board shall elect one of its voting members to preside.
§ 5.05. Rector. The Rector shall serve as the presiding officer, spokesperson, and designated representative of the Board.

(a) Duties. The Rector shall preside at all meetings of the Board and its Executive Committee. As presiding officer, the Rector has an obligation to ensure that all sides of a pending question are heard and, though not required, he/she may voluntarily step aside and have the next senior officer present preside or appoint a temporary chair, if the Rector wishes to enter into the debate. The Rector’s relationship with other Board members is as an equal among equals with no authority over other Board members except as stated in Robert’s Rules of Order Newly Revised. The Rector is the liaison between the Board and the President who works for the entire Board. The Rector shall maintain the integrity of Board procedures and facilitate a high level of interest, involvement, and activity among the Board members.

(b) Authority. The Rector has no authority to act on behalf of the Board or the University except as that authority is expressly delegated to the incumbent by these Bylaws or a majority vote of the Board prior to the initiation of such activities.

(c) Committees. The Rector shall serve as ex-officio member of all committees of the Board, except the Nominating and Presidential Search Committees, and appoint all standing and ad hoc committee members with the approval of the Board, except members to the Nominating and Presidential Search Committees.

The Rector stated that he has asked Kay Kemper to chair the Athletics Committee and Yvonne Allmond to serve as vice chair. Vice Rector Lisa Smith is assisting with establishing the committee and so far Bruce Bradley and Jay Harris have agreed to serve. President Broderick noted that the committee will meet separate from the other committees, similar to the Audit Committee, so all board members can choose to attend.

PRESIDENT’S REPORT

In his report to the Board, President Broderick reviewed the eight priorities included in the Six-Year Academic and Financial Plan. These include (1) operating funds for access, completion and student success, (2) increase faculty salaries, (3) student financial aid, (4) online education expansion and modernization, (5) STEM-H Express, (6) cybersecurity, (7) Commonwealth Center for Recurrent Flooding Resiliency – post event economic analysis component, and (8) Center of Excellence in Falls Prevention. Together these initiatives total $23M in 2019 and $32.7M over the biennium. The Plan, which was recently presented in Richmond, was noted as one of the best received from all the universities. He must now attest that the Board has formally approved the Plan and offered a resolution for such approval. A motion was made by Mr. Mugler, and seconded by Mr. Henry that the Board approves University’s 2018-2024 Six-Year Academic and Financial Plan as presented. The motion was unanimously approved by all members present and voting. (Allmond, Bradley, Harris, Henry, Jones, Kemper, Mugler, Scassera, Slaughter, Smith, Tata)

The President provided an update on several new initiatives. The first meeting of the board of the Online Virginia Network was held at Old Dominion University in July. Seven of the eight
General Assembly members attended as well as the Board’s representative, Ron Ripley. Andy Casiello and his staff in Distance Learning did a remarkable job and the OVN is off to a good start. Vice President Neufeldt will serve on the Board as the University’s representative. The next Board meeting will be hosted by George Mason University.

A $500,000 National Science Foundation grant was received to expand programming for Cybersecurity undergraduates. Engineering faculty also received a $115,000 grant for the National Security Agency to develop a Risk Management Cybersecurity course. The University opened the new Cybersecurity Lab and has hired two new faculty members. The Cybersecurity online degree program is part of the Online Virginia Network offerings and three new courses – Digital Forensics, Cyber Law and Reverse Software Engineering – have been developed. In addition, separate majors in Enterprise Cybersecurity (for business students) and Cybercrime (for criminal justice students) have been created. Cybersecurity internships with Sentara Healthcare have been developed resulting in eight students being hired as paid “junior security specialists.” An articulation agreement with Northern Virginia Community College is being finalized and the current agreements with Tidewater and Thomas Nelson Community Colleges are being updated. The President commended Vice Provost Brian Payne for his leadership in this effort.

Provost Agho is working closely with faculty in the College of Health Sciences to identify short- and long term steps to solidify Old Dominion’s presence in Virginia Beach. Existing programs will be expanded and offered at the Virginia Beach Higher Education Center and new centers such as telehealth training and simulation centers and nursing and physical therapy clinics are being identified. Resources will be reallocated to achieve these expansion goals and the University is working with the City of Virginia Beach to secure funding for a building to house new graduate health professions programs.

Fundraising is another important initiative and the President expressed his appreciation to the Board members for the discussion earlier in the day and their support of this initiative.

President Broderick noted that ODU made history last year by awarding over 4,000 bachelor’s degrees and having its highest graduation rate. Women’s volleyball will begin in 2020 and will be the University’s 17th intercollegiate program. A new partnership with Sentara Heart Hospital will provide baseline heart testing of all incoming student-athletes to help detect pre-existing conditions or serious abnormalities standard physical examinations typically cannot detect. While many universities across the country offer this service for football and basketball players, this program will screen all ODU sports teams.

The University received several awards recently. Procurement Services was awarded the annual Achievement of Excellence in Procurement award by the National Procurement Institute for innovation, professionalism, productivity, e-procurement and leadership in best procurement practices. The University won the Gold Leave Award from the International Society of Arboriculture recognizing outstanding local service in landscape beautification and/or Arbor Day activities. Dr. Johnny Young, Associate Vice President for Student Engagement and Enrollment Services, will receive the 2017 Minority Access National Role Model Award from Minority Access. Minority Access is also honoring Old Dominion as an institution committed to diversity in 2017.
At the conclusion of his report, Vice Rector Smith asked about the location of expanded services in Virginia Beach, President Broderick said that the existing facility will be used and the University may partner with Sentara for needed additional space. There may be other space available in other part of the city that could provide a short-term solution.

Introduction

Old Dominion University supports Internal Audit, as defined by the Institute of Internal Auditors, as "an independent, objective assurance and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes." This charter as adopted herein will serve as a guide for the activities of the Internal Audit Department at Old Dominion University.

This charter does not include, nor is it intended to include, all of the department's duties or responsibilities as they may exist from time to time.
This charter will:
1. Provide a written record of formally approved policies of the Internal Audit Department;

2. Provide a basis for the evaluation of the performance of the Internal Audit Department by the management of the University and the Audit Committee of the Board of Visitors;

3. Serve as a basic document in the organization and administration of the Internal Audit Department.

**Mission**

Internal Audit was established to assist the Board of Visitors and management of Old Dominion University in providing the Commonwealth and the country with the best possible educational institution for the 21st century. As appropriate to accomplish this mission, Internal Audit will have a dual focus; (1) to provide an independent and objective appraisal of the University's financial, operational and information systems, and to evaluate the internal control environment; and (2) to work with management in a proactive and creative manner to ensure the development and provision of services and processes in the most efficient and effective manner.

**Objectives**

The underlying objectives for accomplishing the Internal Audit Department's mission include, but are not limited to, the following procedures:

1. Evaluating financial and operating procedures for adequacy of internal controls and providing advice and guidance on control aspects of new policies, systems, processes and procedures;

2. Ascertaining the extent of adherence, by the University and its employees, to established policies, plans, and procedures, and compliance with state and federal laws and regulations;

9. Assisting management in the deterrence of fraud and to investigate any instances of such activity discovered at the University; and

10. Coordinating audit efforts with the Auditor of Public Accounts and other external auditors.

Standards for the Professional Practice of Internal Auditing

The Institute of Internal Auditors, Inc., an international organization dedicated solely to the advancement of the internal auditing profession, has adopted "The International Professional Practices Framework (IPPF)." The four mandatory elements of the IPPF are the core principles for the professional practice of internal auditing, definition of internal audit, Code of Ethics, and the International Standards for the professional practice of internal auditing (standards).

In the performance of its mission, the Internal Audit Department of Old Dominion University hereby adopts the IPPF and the "Standards for the Professional Practice of Internal Auditing," which it includes, as an integral part of the department's statement of policies.

Other Auditing Standards

The American Institute of Certified Public Accountants has promulgated Generally Accepted Auditing Standards (GAAS) through Statements of Auditing Standards, Industry Audit Guides, and other professional releases.

The United States General Accounting Office recommends the "Government Auditing Standards" (the Yellow Book) for use by auditors who audit state organizations, programs, activities, and functions. In the performance of its mission, the Internal Audit Department will reference these additional standards as appropriate.

Reporting Responsibilities

The Internal Audit Department is functionally accountable and reports to the Board of Visitors through the Audit Committee. The Department reports administratively to the President’s Office and works with the President or through a designated representative for the purpose of the day-to-day direction needed by the department in the mediation of audit scope and scheduling, plus budgetary and personnel concerns.

The Internal Audit Director shall have direct access to the President and to the Audit Committee of the Board of Visitors in any instance where the Internal Audit Director believes that such access is needed to fulfill the stated objectives of the department.

The Internal Audit Director shall, at a minimum, meet in executive session, to the extent permitted by law, with the Audit Committee of the Board of Visitors at each of the scheduled quarterly Board Meetings to discuss:

1. Audit reports issued;

2. Detailed audit plan for the forthcoming fiscal year and the areas of audit concerns for the subsequent two years;
3. Relationships between the Internal Audit Department and external auditors;

4. The propriety of any limitations on the scope of internal audits that may be imposed by University management.

As used herein, the term "external" shall refer to representatives of or the activities of the Auditor of Public Accounts for the Commonwealth of Virginia, individual certified public accountants (the "CPA") and auditors from organizations, governmental or commercial, outside the University.

The Internal Audit Director may also present materials, such as the annual audit plan, to the Administration and Finance Committee in an informational capacity.

Code of Virginia §2.2-307 et seq., established the Office of the State Inspector General (OSIG) effective July 1, 2012, and charged the office with providing services in three core areas: (1) investigating complaints alleging fraud, waste, abuse, or corruption; (2) conducting performance reviews of executive branch agencies; and (3) coordinating an requiring standards for internal audit programs existing as of July 1, 2012, and developing and maintaining other internal audit programs. As the OSIG is required to coordinate and require standards for those Internal Audit programs, the Old Dominion University Internal Audit Department will adhere to any OSIG directives.

Authority

To the extent permitted by law, the Internal Audit Department shall have timely and unrestricted access to all university activities, properties, personnel, and records which are relevant to fulfillment of the department's mission to the University.

It is understood that certain items of the university are confidential in nature and special arrangements will be made by the audit department when examining and reporting upon such items.

Independence

Programming

The Internal Audit Department shall be free from control or undue influence in the selection and application of audit techniques, procedures, and programs.

Reporting

The Internal Audit Department shall be free from control or undue influence in the determination of facts revealed by the examination or in the development of recommendations or opinions as a result of the examination.

Investigative

The Internal Audit Department shall be free from undue influence in the selection of areas, activities, personal relationships, and managerial policies to be examined. No legitimate source of information is to be closed to the auditor.
General

Objectivity is an essential element of independence. The independence of the department may be compromised if the internal auditor participated directly in the preparation or reconstruction of accounting systems, data, or records; thus members of the Internal Audit Department will be used only in an advisory capacity.

System Planning and Development

The Internal Audit Department will participate, in an advisory capacity, in the planning, development, implementation, and modification of major computer-based and manual systems to ensure that:

1. Adequate controls are incorporated in the system;
2. A thorough testing of the system is performed at appropriate stages;
3. System documentation is complete and accurate; and
4. The intended purpose and objective of the system implementation or modification has been met.

The internal auditor participating in such a review should ensure that the extent of participation does not affect independence, thus suggested audit trails or other controls will be transmitted through formal correspondence.

Responsibility for the Detection of Errors or Irregularities

The staff of the Internal Audit Department have a professional responsibility to conduct reviews with an attitude of professional skepticism, recognizing that the application of internal auditing procedures may produce evidential matter indicating the possibility of errors or irregularities.

If the internal audit staff believe that an error or irregularity may exist in an area under review or in any other area of the university, the Internal Audit Director shall be notified at once. The Internal Audit Director should consider the implications of such an error or irregularity and its disposition with the President and/or the President's designated representative. If the Internal Audit Director believes that both of the individuals are directly involved, then the disclosure of potential errors or irregularities should be made directly to the chairman of the Audit Committee of the Board of Visitors.

The Internal Audit Department cannot be solely responsible for the detection and prevention of all errors and irregularities which may occur within the university. This is a responsibility shared by all members of the university management team.

Cooperation with External Auditors

The Internal Audit Director is responsible for coordinating the audit efforts of the Internal Audit Department with those of the Auditor of Public Accounts for the Commonwealth of Virginia and other external auditors that have business with the university. This coordination of audit efforts
should be in the planning and definition of the scope of proposed audits so the work of auditing groups is complementary and will provide a comprehensive, cost-effective audit.

The Internal Audit Department shall assist the Audit Committee of the Board of Visitors in the evaluation of the external auditors' examination of the University.

Audit Plan

Each year, a proposed detailed audit plan for the next fiscal year will be submitted by the Internal Audit Director to the Audit Committee. Upon approval of the plan by the Audit Committee, the Internal Audit Director will initiate audits pursuant to the plan.

A block of time will be set aside for unexpected audits, special request audits and consulting, and cases received from the Commonwealth's fraud, waste and abuse hotline. In excess of this, any additions to the plan will require written documentation as to the need for such additions with final approval for the request being made by the President and Committee.

A copy of all approved revisions to the audit plan will be submitted to the President and the Audit Committee.

Audit Reports

At the conclusion of each audit, the department or activity audited will be provided an opportunity to respond in writing to the findings, conclusions, and recommendations of the Internal Audit Department. In addition, an exit conference will be held with the individual in charge of the department or activity under review. All findings, conclusions and recommendations will be discussed and any differences of opinion settled or so noted. A formal audit report will be prepared after the exit conference is held and draft report reviewed. This report will contain a summary of the function of the department or area, the objective of performing the audit, the audit methods used, detailed explanations of any issues noted and recommendations for improvements thereon. A section of the audit report will include the department's response to the recommendations made by the Internal Audit Department.

This report will be discussed with the chief operational officer (vice president) responsible for the area under review prior to the issuance to the President of the University. All final audit reports will be issued to the President of the University via the Chief Operating Officer, with copies to the Vice President of the area audited and the department head. Executive summaries of all final audit reports will be presented to the members of the Audit Committee. Further distribution will be at the discretion of the Internal Audit Director.

The Internal Audit Department will conduct a follow-up review on audit reports issued to ensure that all recommendations have been considered and acted upon. A comprehensive follow-up report will follow that of the original report. Distribution of this follow-up report will follow that of the original report.

Detection, Investigation and Reporting of Fraud

The Internal Audit Department shall be notified in all cases where the discovery of circumstances suggests a reasonable possibility that assets have, or are thought to have, been lost.
through defalcation or other security breaches in the financial, operating or information systems. Upon such notifications, the Internal Audit Director should ensure that the proper authorities within the department and the University have been notified of the potential loss. The Internal Audit Director should work to ensure that the University promptly notifies other state departments as required under Section 30-138 of the Code of Virginia.

The Internal Audit Department will perform sufficient tests to identify the weaknesses in financial and operating procedures, both automated and manual, which permitted the loss and evaluate the impact the weaknesses have with respect to other activities of the institution. In addition, the Internal Audit Department will recommend improvements to correct the weaknesses and incorporate appropriate tests in future audits to disclose the existence of similar weaknesses in other areas of the institution.

Consulting Activities

As part of its mission, the Internal Audit Department will engage in evolving forms of value-added services which are consistent with the broad definition of internal auditing. As such, the Department from time to time may be asked to perform a variety of non-standard audit services, such as advisory activities and consulting engagements, both of which may involve formal or informal advice, analysis or assessment. These services will be provided at the discretion of the Internal Audit Director where they do not represent a conflict of interest or detract from the Department's obligation to the Board of Visitors or the President.

Decisions to adapt or implement recommendations as a result of consulting activities should be made by management. It must be understood that consulting services cannot be rendered in a manner that masks information that, in the judgment of the Internal Audit Director, should be provided to the Board of Visitors and senior management. In the conduct of consulting activities, the Department will be guided by the IIA Code of Ethics and the Standards for the Professional Practice of Internal Auditing.

Personnel

The ultimate quality of the Internal Audit Department's performance is directly related to the quality of the people employed. The internal audit function should be directed by and staffed with qualified and competent individuals.

Minimum qualifications for each position within the audit function have been established; however, additional experience, training, specialized skills, as well as intelligence, adaptability, promotability, an inquiring mind, analytical ability, good business judgment, and an ability to communicate with individuals should be considered in the employment process.

The Internal Audit Director should report annually to the Audit Committee and the President and/or a designated representative as to the effectiveness of the present staff in fulfilling the stated objective of the Internal Audit Department.

Training

The university recognizes the need for members of the Internal Audit Department to "stay current" on accounting issues and auditing techniques in the university.
To fulfill this need, the Internal Audit Department will require each representative of the department to obtain at least forty (40) hours (1 week) of continuing education credits annually. (Training is subject to funding availability.)

Quality Assurance Review

Old Dominion University recognizes the benefits to be derived from a quality assurance review of the internal audit functions.

A full scope quality assurance review of the University's internal audit function will be performed at least once every five years in accordance with the Institute of Internal Auditors standards.

---------------

The Committee received an update from Ms. Skaggs on internal audits currently in progress. She then provided details of recent engagements performed in Facilities Management and the Confucius Institute. The system of internal controls in effect over Facilities Management was noted as adequate with five reportable items relating to small purchase card use and reconciliations, key collection process, gas card interdepartmental transfers, labor rates not agreeing to the University’s Tuition and Fees Schedule, and the monitoring of fuel pumps. Agreed upon procedures were performed for the Confucius Institute at the request of the granting agency and it was determined that there was a lack of internal controls over the reporting by the Confucius Institute to Hanban (the granting agency) for calendar year 2015. There were reportable items related to the required match contribution, the amount of funds reported as spend, Banner reconciliations, and tracking of expenses by projects.

Mr. Tata reported that the first portion of the meeting was held in closed session to receive a briefing on the University’s updated Crisis and Emergency Management Plan by Rhonda Harris, Assistant Vice President for Public Safety and Chief of Police. Following closed session, the Committee reconvened in open session and approved by unanimous vote the University’s Crisis and Emergency Management Plan. Deb Swiecinski, Associate Vice President for Financial Services, briefed the Committee on the University’s compliance with the Board’s Debt Management Policy. The University’s Fiscal Year 2016-2017 debt service expenses total $26,688,027. The debt service associated with this current debt represents a Debt Burden Ratio of 6.16% (annual debt service to total operating expenses). This debt burden ratio incorporates both the University’s 9(c) and 9(d) debt and the Real Estate Foundation’s debt supported by the University’s master lease for facilities, which includes housing, parking, bookstore, the President’s house and the Barry Art Museum. The debt service costs related to the University’s efforts to expand student housing and athletic facilities identified in the institution’s Strategic and Capital Plans will begin to increase as these projects are initiated in future years. The projected FY18 debt is estimated at $25,681,925 with a projected Debt Burden Ratio of 5.81% and complies with the Board’s Debt Management Policy.
