SFASLST
Class Roster Form

- View class roster
- View order in which students registered
- See final grades for students in this class (ODU does not use mid-term grades)

Enter the six-digit Term code and the CRN (Course Reference Number). The Sequence column is the order in which a student registered. Until class rosters are finalized, the names do not appear in alphabetical order. A check mark in the “Rolled” field indicates that the grade is part of the student’s academic history.

NOTE: If you do not know the CRN, you can do a Section query (refer to Schedule Section Query Form SSASECQ)
