usability

- Focus on using the language to do something.
 - Ask or answer a question.
 - Use a Latin word instead of an English one.
 - Where is my *canis*?
 - *Ubi* is my dog?
 - *Mater mea*, send me money, please.
 - Dear mother, send me money, *sī tibi placet*.

fluency

- Focus on understanding or expressing yourself in real time.

fluency

- Focus on understanding or expressing yourself in real time.
 - In the beginning this will require simpler and shorter structures.

fluency

- Focus on understanding or expressing yourself in real time.
 - In the beginning this will require simpler and shorter structures.
 - If you find yourself not reading fluently, go back to where you stopped reading fluently and start again.

fluency

- Focus on understanding or expressing yourself in real time.
 - In the beginning this will require simpler and shorter structures.
 - If you find yourself not reading fluently, go back to where you stopped reading fluently and start again.
 - Express yourself using what you know how to say, not what you want to know how to say; i.e., don't translate!

vocabulary

- Knowing discrete vocabulary allows your working memory the space to understand the structural meaning.

vocabulary

- Knowing discrete vocabulary allows your working memory the space to understand the structural meaning.
 - Consider this sentence:

vocabulary

- Knowing discrete vocabulary allows your working memory the space to understand the structural meaning.
 - Consider this sentence:
 - Mother boy sick apple red gives, and not he apple eat can.

vocabulary

- Knowing discrete vocabulary allows your working memory the space to understand the structural meaning.
 - Consider this sentence:
 - Mother boy sick apple red gives, and not he apple eat can.
 - The mother gives the sick boy a red apple, but he cannot eat the apple.

vocabulary

- Knowing discrete vocabulary allows your working memory the space to understand the structural meaning.
 - Consider this sentence:
 - Mother boy sick apple red gives, and not he apple eat can.
 - The mother gives the sick boy a red apple, but he cannot eat the apple.
 - *Māter puerō aegrō mālum rubrum dat, neque is mālum ēsse potest.*

VALETE!
