  - ablative absolutes followed by other participial phrases, then the main verb

## BG.IV.20

exigua parte aestatis reliqua Caesar, etsi in his locis maturae sunt hiemes, tamen in Britanniam proficisci contendit, quod omnibus fere Gallicis bellis hostibus nostris inde subministrata auxilia intellegebat; etsi tempus anni ad bellum gerendum deficeret, tamen magno sibi usui fore arbitrabatur, si modo insulam adiisset et genus hominum perspexisset, loca, portus, aditus cognovisset; quae omnia fere Gallis erant incognita.

neque enim temere praeter mercatores illo adiit quisquam neque iis ipsis quicquam praeter oram maritimam atque eas regiones quae sunt contra Galliam notum est. itaque vocatis ad se undique mercatoribus, neque quanta esset insulae magnitudo neque quae aut quantae nationes incolerent, neque quem usum belli haberent aut quibus institutis uterentur, neque qui essent ad maiorem navium multitudinem idonei portus reperire poterat.

VALETE!
