Therefore, all persons applying for issuance of an initial license or certificate from any of the health-related boards (except the State Board of Veterinary Medicine) or from the State Board of Funeral Directors are required to complete, as a condition of licensure, 3 hours of approved training by the Department of Human Services (DHS) on the topic of child abuse recognition and reporting. After you have completed the required course, the approved provider will electronically submit your name, date of attendance, etc. to the Bureau. For that reason, it is imperative that you register for the course using the information provided on your application for licensure/certification.
