Psychosocial Rehabilitation – Horizons: There are three psychosocial programs, referred to as "Horizons", located in Martinsville, Rocky Mount and Stuart. These programs are for adults with serious mental illnesses and are part of a comprehensive individualized mental health treatment plan developed to support an array of services including: counseling, rehabilitation, case management, crisis services, housing, and supported employment. Fewer psychiatric hospitalizations and recovery are the goals of every person with mental illness. Focus is upon strengthening each consumer's ability to manage symptoms of their mental illness. Emphasis is also placed upon supporting individuals regaining skills needed to live and socialize successfully in the community.

Our philosophy is based on the premise that all students can learn, but not all students learn the same or as effectively. At Southeastern, students in grades 7-12 are grouped with a faculty/student ratio of 1:10. In these small groupings, students are able to receive both individual instructional support and socialization with peers; both essential elements for success in any learning environment. Southeastern utilizes various learning modalities including: direct instruction, computer instruction, independent and accelerated studies and meaningful work experiences in the community.

The Mission of HopeTree Family Services is to provide Christian residential, educational, and support services to at-risk children and youth, and to adults with intellectual disabilities throughout Virginia.

Virginia Baptists began a campaign in 188 to help Virginia's children in need. Baptist ministers from across the state began rallying their churches to support the establishment of a Baptist orphanage. As a result, the Baptist Orphanage of Virginia was chartered on February 24, 1890, and a committee selected a site overlooking the small town of Salem for this important new ministry.

HopeTree Family Services offers a wide range of ministries for at-risk children and youth and their families across Virginia.

The purpose of the organization was to help create more positive outcomes for young adults aging out of foster care. Specifically, our mission was to ensure the successful transition of young adults from foster care to independent adult life. This an often-overlooked population at an extremely high risk for the “symptoms” of disconnection: unemployment, substance abuse, homelessness, and incarceration. All too often, these young people leave foster care without a direction, without a plan, without savings, without skills and without a safety net of family and caring adults.

Project Safe is a 501c3 non-profit organization working to end domestic violence through prevention and educational programs, crisis intervention and ongoing supportive services for survivors of domestic violence and their children, and advocacy/ systems change work in our community.

Founded in Athens, GA first as a network of safe houses, and later as a confidentially located emergency shelter and hotline, Project Safe has expanded over the years to better meet the needs of those seeking to put the pain and horror of abuse behind them. Today our services range from short term crisis counseling on the hotline to long term support through our Follow Up and Transitional Housing programs. Although the majority of our clients come Last Updated 12/12/12

from Athens and the surrounding area, we're a routing point for a national hotline, and assist women and children from across Georgia and out of state.

Project Safe's emergency shelter is confidentially located, but we conduct outreach services at the Family Protection Center on Lexington Rd.
