What Goes in the “Extra-Curricular” Folder?
As you return to your ePortfolio at the end of the semester, don’t overlook your Extra-curricular Activities Folder! “Extra-curricular” refers to anything that you engage outside your course of study. For instance, consider including evidence of your participation in:

- Social Organizations,
- Professional Organizations
- Sports Teams/ Organizations
- Philanthropic Communities

At the same time, your Extra-Curricular activities might not be related to official organizations. If you engage in activities related to a hobby or participate in a one-time event that you found valuable or noteworthy, archive those experiences as well! Such material illustrates your personality and may demonstrate unique and surprising skills.

Examples of material you might archive include:

- Planning materials related to an activity or organization
- Advertisements related to an activity or organization
- Documents or notes produced by interactions (meeting notes, official org material, etc)
- Images of you and/or others engaging in activities related to an event or organization
- Audio and/or video before, during, or after activities related to an event or organization.

This is not an exhaustive list, nor will you likely have examples of all of the above items. Just be sure to highlight your involvement in activities you chose in your time away from classes!
