This summer, thanks to the support of the Tidewater Scottish Rite Foundation, the Old Dominion University Speech and Hearing Clinic will be offering a group for high school students.

This is an interactive group for high schoolers in 9th-12th grade (14-18 years of age) with Autism Spectrum Disorder. The group was developed to support adolescents and young adults as they navigate transitions during high school, employment, or to secondary education settings.

Topics of Instruction:

Goal Setting
* Developing and working toward individual goals

Executive Function Skills
* Organizing tasks, time management, and flexibility

Emotion Regulation Skills
* Dealing with stress and accepting feedback

Social Skills
* Seeking help when needed
  * Social skills for school and work

The group will meet:
Mondays and Wednesdays
9:00-10:30am
June 17th - July 24th
Total Cost: $140.00

For enrollment information, please contact Chondra Askew by Friday, June 7th at caskew@odu.edu or 757-683-4122
