Policy
The faculty and staff of the Darden College of Education and Professional Studies are committed to providing Old Dominion University candidates with an approved teacher education preparation program that prepares teacher candidates for a successful experience as a licensed teacher. A vital component in the teacher education preparation program is the teacher candidate internship experience. Old Dominion University (ODU) is aware of the challenges facing our partner school divisions in meeting their needs for qualified teachers. As a result, we recognize that, on occasion, our teacher candidates will be invited to assume a teaching position prior to the completion of the teacher candidate internship experience.

The purpose of this option is to allow ODU teacher candidates to accept a full-time teaching contract in their endorsement area when offered at the time they are to begin the teacher candidate internship. This option allows the teacher candidate to participate in and receive credit for their student teaching requirement. This option is not allowable for candidates who are already teaching under a provisional license. Old Dominion University teacher candidates must meet the following criteria to be approved for the Teacher Candidate Internship Mentor Option:

- Must be approved by the Director of the Office of Clinical Experiences prior to accepting the position
- Passing scores on Praxis Subject Assessments (formerly Praxis II)
- Passing scores on the Reading for Virginia Educators Assessment (Pk-3 and Pk-6 program candidates only)
- Passing scores on the Virginia Communication and Literacy Assessment
- Successful completion of the ODU clearance process
- All required certifications valid and recorded in LEO / Banner
- Two faculty letters of recommendation for the mentorship option should be one file with OCE
- All course work must be completed with required grades, as outlined in their respective approved teacher education program - including content and professional courses
- Must meet GPA requirements, as outlined in their respective approved teacher education program.
- Must attend the Teacher Candidate Internship Orientation in their region.
