Students admitted to the B.S. and B.A. programs in economics can be expected to complete course requirements, which necessitate the physical and mental abilities listed below. Any student who thinks he/she does not possess one or more of the following skills should seek assistance from an academic counselor or faculty advisor and Educational Accessibility concerning any flexibility in program requirements and possible accommodation through technical aids and assistance.

1. Assimilate large amounts of materials communicated through lectures, discussions and readings.
2. Comprehend abstract concepts and assimilate these concepts for application to practical problems at a later date.
3. Gather relevant facts to obtain economic principles that may be used to formulate policies, which will solve economic problems.
4. Use empirical and statistical analyses and manipulate complex data.
5. Communicate effectively and in written documents that are correct in grammar, style and mechanics.
6. Function with computers to generate and acquire data.
