Students admitted to undergraduate and graduate exercise science, sports management, physical education, and recreation programs can be expected to complete course requirements, which necessitate the physical and mental abilities listed below. Any student who thinks he/she does not possess one or more of the following skills should seek assistance from an academic counselor or faculty advisor and Educational Accessibility concerning any flexibility in program requirements and possible accommodation through technical aids and assistance.

1. Participate in and complete an appropriate internship experience.
2. Gain knowledge through lectures, observations, discussions, and reading.
3. Establish favorable interpersonal relationships with individuals, families and community groups that have a variety of social, emotional, physical, intellectual, and cultural differences.
4. Communicate effectively and organize ideas in written documents that are correct in grammar, style and mechanics.
5. Participate in physical activities.
6. Comprehend concepts for assimilation and application at a later date.
7. Demonstrate competence in using a computer for word processing, graphics, internet searches, and spreadsheets.

Students in teacher certification programs must meet the technical standards established by the Department of Educational Curriculum and Instruction.
