Students admitted to the undergraduate and graduate speech pathology and audiology program are expected to complete course requirements, which necessitate the physical and mental abilities listed below. Any student who thinks he/she does not possess one or more of the following skills should seek assistance from an academic counselor or faculty advisor and Educational Accessibility concerning any flexibility in program requirements and possible accommodation through technical aids and assistance.

1. Communicate effectively and organize ideas in written documents that are correct in grammar, style and mechanics.
2. Assess client responses by distinguishing and analyzing normal and aberrant speech-language patterns.
3. Use audio logical instrumentation, diagnostic tests and therapy materials.
4. Manage the behavior of young or overly active clients.
5. Apply theoretical concepts to practical situations in a clinical setting.
6. Assimilate large amounts of material communicated through lectures, discussions and readings.
7. Establish interpersonal rapport sufficient to interact appropriately with supervisors, peers, clients, family members, and professionals in a clinical setting.
8. Complete all specified clinical competencies of practicums.
