

Global Health Graduate Certificate

Student Learning Outcomes:

1. Capacity Strengthening in Global Health - Students will be able to IDENTIFY methods for assuring health program sustainability. (Aligns with ASPPH competency 1.2)
2. Collaborating and Partnering in Global Health - Students will be able to COMMUNICATE (through writing) lessons learned to community partners and global constituencies. (related to ASPPH competency 2.5)
3. Health Equity and Social Justice - Students will be able to ANALYZE distributions of resources to meet the health needs of marginalized and vulnerable populations. (related to ASPPH competency 4.4)

The goals and competencies for the Global Health Graduate Certificate program were selected from the Global Health Competency Model recommended by the Association of Schools and Programs of Public Health (ASPPH).
