RECONVENE IN OPEN SESSION AND FOIA CERTIFICATION

At the conclusion of the closed session, the meeting reconvened in open session, at which time the Rector called for the Freedom of Information Act certification of compliance that (1) only public business matters lawfully exempted from the open meeting requirements under the Freedom of Information Act were discussed and (2) only such public business matters as were identified in the motion by which the closed session was convened were heard, discussed or considered. The certification of compliance vote was eleven (11) in favor and none opposed (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).

APPOINTMENT OF PRESIDENT OF OLD DOMINION UNIVERSITY

A motion was made by Mr. Hall that John R. Broderick, currently acting president of Old Dominion University, be appointed President of Old Dominion University effective May 18, 2009. The motion was seconded by Mr. Batten and approved unanimously by all members present and voting. (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).

Mr. Hall also moved that the Board authorize the Rector to negotiate and execute a contract with Mr. Broderick consistent with the terms discussed in closed session. The motion was seconded by Mr. Batten and approved unanimously by all members present and voting. (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).

Mr. Jacobson requested that the vote appointing John Broderick as President be cast as a unanimous vote and be so reflected in the minutes.

The Rector stated that the Board is honored by Mr. Broderick’s acceptance of this appointment, and noted that the hard work he has done on behalf of the University over the past 15 years, and particularly the last year, is the reason why the Board has placed its trust and confidence in him. President Broderick expressed his appreciation for the trust the Board members have placed in him and stated that he would do his best to honor their confidence. He said that he would be seeking their assistance in being an advocate for Old Dominion University in years ahead.

Mr. Batten stated that President Broderick has been characterized as an acting president who didn’t act like an acting president. He is the right person for this moment in ODU’s history, as he is a people-person who has overwhelming support both internally and externally, yet is tough enough to make the difficult decisions to lead the University. President Broderick thanked Mr. Batten for his comments and also thanked Rector Mugler for allowing him to act as more than an
acting president. Mr. Jacobson added that, in the words of his late father, “everything happens for the best,” and in this case, everything certainly happened for the best. President Broderick has received nothing but praise and support from every facet of the community, and he is, indeed, the right person for the job.

RECESS

The Board meeting recessed at 12:30 p.m. for lunch.

RECONVENE AND APPROVAL OF MINUTES

The Rector reconvened the meeting at 1:40 p.m. and asked for approval of the minutes of the regular meeting held on April 2, 2009. Upon a motion made by Mr. Batten and properly seconded, the minutes were approved unanimously by all members present and voting. (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Kirk, Kornblau, O’Neill, Stallings).

RECTOR’S REPORT

Rector Mugler reported that two successful commencement ceremonies were held last week and approximately 3,500 new alumni have been added to ODU’s roster. He’s also had a chance to work out in the new Student Rec Center, which he said is better than any other university facility he’s visited. The calendar of meeting dates for the 2009-2010 academic year is included in the agenda book. The Rector noted that a social event is being planned in conjunction with the quarterly board meetings.

The Rector called on Mr. Kornblau to present a Resolution of Appreciation for Ed Fraim. Mr. Kornblau commented that Ed Fraim has worked at ODU for 33 years in many capacities but most notable as an athletic fundraiser, and has done an excellent job with little recognition. The University and his friends are giving him dinner in recognition of his retirement, and he thought it fitting that the Board approve a resolution of appreciation to be presented to him at the dinner.

Mr. Kornblau made a motion to approve the following resolution. The motion was seconded by Mr. Jacobson and unanimously approved by all members present and voting. (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Kirk, Kornblau, Jacobson, O’Neill, Stallings).

PRESIDENT’S REPORT

The Rector called on President Broderick for his report. President Broderick distributed the Community Connections newsletter, which was developed by Cecelia Tucker and Jennifer Mullen as a way to communicate news about the University to the surrounding neighborhoods,
and will be used especially to communicate information about football and gameday plans, traffic, parking, etc.

ODU administrators met with SCHEV representatives to adjust enrollment projections from 30,000 to 25,000. The Virginian-Pilot article captured the spirit of what the University is trying to accomplish and SCHEV’s reaction, recognizing that the University cannot continue to grow at such a rate with diminishing resources.

President Broderick shared enrollment comparisons as of May 15 for this year and last year. Although he is a little concerned the lower number of housing applications, he has been assured that beds will be filled by September 1. In response to a question by Ms. Croshaw, President Broderick stated that approximately 80% of freshmen live on campus. Vice President Fenning and the Housing staff have developed housing options that guarantee 2200 beds for freshmen and a specific number of beds for sophomores, transfers, and upperclassmen.

Professor Lawrence Hatab, Department of Philosophy and Religion; Professor Leposava Vuskovic, Department of Physics; and Dr. Xi Lu, Department of Information Technology/Decision Sciences were recently appointed eminent scholars. Dr. Hatab was also the co-recipient of the 2009 Outstanding Research Faculty Award.

President Broderick reported on activities in the Office of Research related to the American Recovery and Reinvestment Act, noting that more focus has been on collaboration with other institutions in order to enhance opportunities for success.

As the Rector reported, over 3,500 students graduated this semester and over Commencement featured the largest participating class of 2,000, with 950 attending the morning ceremony and 1,050 attending the afternoon ceremony. Honorary degrees were bestowed upon speakers David Gergen and Lt. Gen. Gainey, as well as Frank Foster, Patricia King, Donald Lindberg, and Russell Stanger (who celebrated his 85th birthday).

In keeping with the recommendation of Dr. Portch in the Institutional Review Report to engage more in the community, several events held this spring were held in partnership with the community. These included the Tidewater Science Fair, the ONFilm Festival with the City of Norfolk, the Azalea Festival Symposium with NATO, and the Physical Sciences II dedication which involved speakers from the U.S. Department of Energy’s Thomas Jefferson National Accelerator Facility in Newport News and the Conservation International Foundation. External marketing efforts have included an outdoor advertising campaign featuring four billboards focusing on ODU’s brand drivers.

President Broderick commented on Ed Fraim’s retirement and announced that Carl Pucci is the new student body president. He and Vice President Fenning will be meeting with the Secretary of Technology to discuss the University’s SWaM Plan goals as they related to Level II authority, and invited Mr. Ampy to join them at that meeting. As a follow-up to the Quality of University Life reports and town hall meetings, the administration will focus on responding to respond to the comments and concerns expressed by the faculty, students, and staff.
President Broderick will be traveling to Bologna, Italy to appear as a guest speaker at the University of Bologna Academic Outreach Programme sponsored by NATO. He reiterated his appreciation of the trust and support of the Board, and vowed that he and his administration will keep ODU moving forward.

At the conclusion of the President’s report, the Rector thanked Karen Travis, Jennifer Mullen and Donna Meeks for their work in coordinating today’s events.

REPORTS OF STANDING COMMITTEES

AUDIT COMMITTEE

The Rector called on Mr. Stallings for the report of the Audit Committee. Mr. Stallings reported that Walt Kucharski, Auditor of Public Accounts, conducted the exit conference with the Committee on the audit of the University’s financial statements for the year ended June 30, 2008. He noted that the financial statements are presented fairly, in all material respects, with generally accepted accounting principles. The audit also found no instances of non-compliance or other matters required to be reported under Government Auditing Standards. Mr. Kucharski reviewed one internal control matter, including the institution’s corrective actions. He emphasized the importance of continuing in-house review by the Internal Auditors of areas where money is collected for various programs and services and how it is booked. He also suggested review of the institution’s policies on copyrights and publishing, as well as how current and future commissions and rebates are negotiated. He noted that the APA will be examining how the University’s automated systems have appropriate management controls and how these systems are utilized to effect economies of operation.

The Committee received, in closed session, details of a recent follow-up audit report on the University’s Tennis Center from Deane Hennett, Internal Audit Director.

The Committee approved by unanimous vote the recommendation for the voluntary closure of six degree programs. These programs were designated by the State Council of Higher Education in Virginia as having fallen below program productivity levels with regards to the number of majors and the number of graduates. Prior to voting on the resolution, Provost Simpson commented that SCHEV conducts a program review every five years but the University has instituted an internal annual review. A detailed analysis was done and the conclusion was reached that demand for no longer exists for these programs. Faculty will be reassigned to other programs and current students will be accommodated.
The following resolution was brought forth as a recommendation of the Academic and Research Advancement Committee and was approved unanimously by all members present and voting. (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).

APPROVAL OF VOLUNTARY CLOSURE OF DEGREE PROGRAMS

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the voluntary closure of six degree programs.

Rationale: The following programs were designated by the State Council of Higher Education in Virginia (SCHEV) as falling below program productivity levels with regard to the number of majors and the number of graduates. After careful review, the University, Colleges, and academic departments determined that it was not cost effective to continue these offerings. As a result the University voluntarily closed these programs.

- Master of Taxation – termination date, Fall 2006
- B.S. in E-Commerce – termination date, January 2009
- M.S. in E-Commerce – termination date, May 2010
- B.S. in Environmental Engineering – termination date, June 2012
- Master of Urban Studies – termination date, May 2013
- M.A./M.F.A. in Visual Studies with Norfolk State University – termination date, Spring 2013

The Master of Taxation, B.S. in E-Commerce and M.S. in E-Commerce were unofficially deactivated in 2002 and 2003. No new students have been accepted since that time, and all students previously in these programs have either graduated or moved to a different program, such as the Master of Science in Accounting, with the exception of one student who is completing the M.S. in E-Commerce. Thus, the termination dates are Fall 2006, January 2009, and May 2010.

As of January 2009, no new students will be accepted in the B.S. in Environmental Engineering, Master of Urban Studies, and M.A./M.F.A. in Visual Studies degree programs. Students currently in these degree programs will have the opportunity to complete their degrees. New students desiring a program in Environmental Engineering will be able to enroll in the Bachelor of Science in Civil Engineering and complete a minor in Environmental Engineering. New students wishing to pursue a graduate degree in visual studies may apply to Norfolk State University, which plans to continue the program on its own.

In her report to the Committee, Provost Simpson presented a summary of the General Education revisions, which will take effect in fall 2010. She also provided an update on the strategic planning process. A well-attended Open Forum was held on April 29 to discuss the six major goals identified earlier in the year. The next steps in the process are to develop specific objectives for each goal, outline the timeline for implementation, estimate the needed resources to accomplish each objective, and develop qualitative and
quantitative measures, benchmarks, and indicators for tracking the success of the implementation of the plan.

Vice President Mohammad Karim reported that John Sokolowski has been appointed interim Executive Director of VMASC. A search is underway for the Director of Research Development. Larry Hatab from Philosophy and Religious Studies and Mounir Laroussi from Electrical and Computer Engineering were this year’s research award winners. An NIH workshop was held to capitalize on the stimulus funds. As a result, 21 challenge grant proposals were submitted for a total of $12.5M. The final data on FY08 R&D expenditures were presented.

**ADMINISTRATION AND FINANCE COMMITTEE**

The Rector called on Mr. Hall for the report of the Administration and Finance Committee. Mr. Hall reported that the Committee held the first part of its meeting in joint session with the Academic and Research Advancement Committee in order for the Board to hear a briefing on the proposed Operating Budget and Plan for 2009-2010. The proposed total expenditure budget totaling $211,155,000 supports the critical needs of the University, Strategic Plan initiatives, and unavoidable cost increases, and focuses considerable resources on new faculty positions to address enrollment growth, program expansions, and areas of research focus. Other significant investments include new student services-related positions, expanded Public Safety initiatives, and research priorities. Due to the anticipated loss of the $12.8M federal stimulus funds in FY12, Mr. Fenning presented a 4-year financial plan that would bring these key faculty positions and other priorities into the base budget.

Following joint session, the Administration and Finance Committee reconvened and approved the proposed 2009-2010 Operating Budget and Plan. The following resolution was brought forth as a recommendation of the Administration and Finance Committee and was approved unanimously by all members present and voting. *(Amy, Batten, Bernd, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).*
RESOLUTION APPROVING 2009-2010 OPERATING PLAN

RESOLVED, that upon the recommendation of the President and the Administration and Finance Committee, the Board of Visitors approves the proposed expenditure plan as displayed below and as contained in TABLE 2 of the University’s 2009-2010 Operating Budget Plan.

---------------

In his report to the Committee, Vice President Fenning reported on several areas of interest, including Level II restructuring, Safety Task Force, private student housing development and recent progress in the University Village.

The Committee received standing reports on capital outlay projects from Mr. Dale Feltes, and University investments from Vice President Alonzo Brandon.

INSTITUTIONAL ADVANCEMENT COMMITTEE

The Rector called on Ms. Kirk for the report of the Institutional Advancement Committee. Ms. Kirk reported that Debbie White, Senior Associate Athletic Director, talked about plans for football, including pep rallies and fan breakfasts on Fridays, and game-day activities beginning four hours prior to kickoff. Surface lots will be open to tailgaters, and Kaufman Mall will be the site of pregame entertainment and Alumni Association socials. The ODU football team will start a game-day tradition with the “Monarch Walk” through the mall on the way to the stadium two hours prior to gametime. State-of-the-art technology on high-def scoreboards, the marching band, flag squads, cheerleaders, dance team and sold-out crowds will turn Foreman Field into the place to be in Hampton Roads for seven Saturdays this fall.
Alice McAdory, Associate Vice President for Enrollment Management, gave an overview of the major accomplishments of the Strategic Enrollment Management Plan process. The major accomplishments are a change to an evidence-based culture; identification of the university’s strengths, weaknesses, opportunities, and threats; a foundation for the Strategic Plan; cost-effective changes; and improved communication. She shared specific accomplishments and stated that an Enrollment Management Coordinating Committee will continue to meet to institute changes that will result in students having the best possible experience from recruitment to graduation.

Jennifer Mullen, Assistant Vice President for Marketing and Communications, provided final statistics from a successful prospective-student advertising campaign conducted in the fall and spring. She showed the committee the first four billboards from what will be a year-long outdoor advertising effort that focuses on the four brand drivers of the University. The outdoor advertising is part of a multi-pronged campaign aimed at opinion makers in the Hampton Roads region. Additional efforts include airport advertising, a stylized video, collateral materials, and television and newspaper advertising.

STUDENT ADVANCEMENT COMMITTEE

The Rector called on Mr. O’Neill for the report of the Student Advancement Committee. Mr. O’Neill reported that the Committee interviewed three candidates for the 2000-2010 The Committee unanimously recommends the appointment of Lauryn Alyson Johnson as student representative, and Eliott J. Clark as first alternate. The motion was approved unanimously by all member presents and voting. (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).

Due to time limitations, Dr. Geneva Walker-Johnson was unable to give her report but it was distributed as a handout to all Committee members.

MOTION FOR CLOSED SESSION

The Rector recognized Ms. Forehand, who made the following motion, “Mr. Rector, I move that this meeting be recessed, and, as permitted by Sections 2.2-3711(A) (1) and (7), we reconvene in closed session for the purpose of discussing the evaluation of performance of the Athletics Department, where that evaluation necessarily involves discussion of the performance of specific individuals, and to consult with legal counsel regarding potential litigation, specifically, a vendor of services to the University.” The motion was seconded and approved unanimously by all members present and voting. (Ampy, Batten, Bernd, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).

At the conclusion of the closed session, the meeting reconvened in open session, at which time the Rector called for the Freedom of Information Act certification of compliance that (1) only public business matters lawfully exempted from the open meeting requirements under the Freedom of Information Act were discussed and (2) only such public business matters as were
identified in the motion by which the closed session was convened were heard, discussed or considered. The certification of compliance vote was ten (10) in favor and none opposed (Amphy, Batten, Croshaw, Forehand, Hall, Jacobson, Kirk, Kornblau, O’Neill, Stallings).

OLD/UNFINISHED BUSINESS

There was no old or unfinished business to come before the Board.
