CALL TO ORDER

The Rector called the meeting to order at 9:35 a.m.

OPEN COMMENTS PERIOD

The Rector stated that students were given the opportunity to make comments to the Board regarding the administration’s tuition and fee proposal if they signed up to do so in advance of the meeting. Mr. Isaiah Lucas (President of the Student Government Association), Mr. Logan Kenison and Ms. Madison Perry were called on by the Rector to make their comments, all of which were in support of the proposed freeze on tuition and mandatory fees for in-state, undergraduate students. Following their remarks, student Board representative Rafia Haq also voiced her support for the administration’s proposal.

2019-2020 TUITION & FEES PRESENTATION

Vice President Greg DuBois presented the administration’s proposed 2019-2020 tuition and fees. He reviewed the budget planning process noting that it was a collaborative approach among the vice presidents, the Provost and Athletic Director and focused on the University’s commitment to its mission and investment in its future while balancing pricing with student affordability and institutional requirements. Existing resources will be strategically reallocated to fund anticipated mandatory cost increases and investments in new initiatives.

Vice President DuBois pointed out that it is the last year of the five-year planning model, which has been used to determine the tuition and fee increases necessary to fund mandatory cost increases and institutional priorities. During the first four years, $82M in E&G investments were made to support the academic enterprise, campus infrastructure & care, campus life, student recruitment & retention, and student financial assistance. Investment in the faculty resulted in the faculty to student ratio shifting from 20:1 to 17:1, and over $13M was invested in student financial assistance. Even with increased commitments of institutional and state aid sources, however, the cost of attendance and greater student financial need did not allow us to close the gap on the percentage of financial need meet for full-time undergraduate students.

Vice President DuBois reviewed the components of the tuition and mandatory fees and summarized the tuition moderation plan proposed by the General Assembly. Old Dominion will receive $3.1M in new General Funds if it participates in this plan and maintains in-state undergraduate tuition and mandatory E&G fees at 2019 rates. Auxiliary student fee increases are limited to 3%, but exclude requirements to fund wages, salary and fringe benefit increases authorized by the General Assembly and fee increases required to carry out actions that respond to mandates of federal agencies. Also exempt are fees that support capital projects authorized by the General Assembly, fees to support student health services, and other fee increases specifically authorized by the General Assembly. The anticipated base operating needs and resources and the E&G and auxiliary student fee financial strategies were reviewed.
After presenting the proposed annual cost of tuition and fees for full-time in-state and out-of-state undergraduate and graduate students, a motion was made by Mr. Bennett and seconded by Mr. Mugler to approve the proposed tuition and fees for 2019-2020. The motion was unanimously approved by all members present and voting (Bennett, Bradley, Corn, Dickseski, Hill, Jones, Kemper, Kirk, Mugler, Scassera, Tata).

**COMPREHENSIVE FEE RESOLUTION 2019-2020**

RESOLVED, that upon the recommendation of the President, the Board of Visitors approves the following comprehensive tuition cost per credit hour for the 2019-2020 academic year and thereafter until otherwise adjusted by the Board of Visitors.

**PROPOSED AMENDMENTS TO THE BOARD OF VISITORS’ BYLAWS**

RESOLVED, that the Board of Visitors approves the following amendments to the Board of Visitors’ Bylaws.

**BYLAWS OF THE OLD DOMINION UNIVERSITY**

**BOARD OF VISITORS**

**PREFACE**

The Board of Visitors adopts the bylaws that follow for the orderly and efficient conduct of its meetings and the business of Old Dominion University. This preface is to provide a brief overview of the source of the Board's authority as a public institution of higher education, and a component of the executive branch of the government of Virginia.

The Virginia statutes specific, or organic to the University, Va. Code §§ 23.1-2000 through 23.1-2004, might be thought of as the University’s charter. These statutes constitute the Board of Visitors as a public corporation named “Old Dominion University,” and set the corporation’s basic purpose and authority. Other statutes apply to all of the Commonwealth’s institutions of higher education to impose other duties and confer additional powers. The University is also subject, along with all agencies of the executive branch of the state government, to such statutes as, for example, the Virginia Freedom of Information Act which governs, *inter alia*, the circumstances under which a public body, such as this Board, may meet in closed session. Ultimately, however, the University's operations are dependent on the terms of the Appropriations Act adopted bi-annually in the even numbered years by the Virginia legislature, the General Assembly, and amended in the odd numbered years. Finally, it is to be noted that the Commonwealth’s agencies and institutions are not as a rule subject to the general statutes of Virginia, as well as the ordinances enacted by the local governments, unless the General Assembly expressly provides otherwise.

Members of the Board, the University staff, and the public should be aware at all times that the authority conferred on the Board of Visitors by the General Assembly resides solely in the Board. That is, no visitor or other individual, regardless of title or position, shall speak for or
exercise the Board’s authority except to the extent that the Board may so provide by delegation contained in these bylaws, or by other action of the Board.

The Commonwealth demands institutional direction by a Board composed of active, informed, and engaged visitors. As a measure of this need, the General Assembly provided that if any member of the Board should fail to perform the duties of a visitor for a year, without sufficient cause, the Board shall certify the same to the Governor; and the office of that member shall then be vacant.

ARTICLE I
Power, Authority, and Duties

1.01. Role and Responsibilities. The Board of Visitors is the body responsible for the University. The Board's trust includes the following responsibilities.

(a) Presidential Selection and Oversight. The Board's most important responsibility is selection (§ 4.04. of these Bylaws) and oversight (§ 6.01(f) of these Bylaws) of the University President. The President reports only to the Board and it is the responsibility of the Board to ensure that the President is implementing the Board's formally adopted policies and efficiently and effectively accomplishing the University's goals.

(b) University Mission. The Board is responsible for ensuring that the University's mission reflects and directs the relative commitment to undergraduate, graduate, and professional programs, as well as an appropriate balance among instruction, research, and service.

(c) Strategic Planning. The Board is responsible for ensuring there is an ongoing strategic planning process and overseeing its implementation. In conjunction with the President, and in consultation with the faculty, other internal groups, and external constituencies, the Board shall take an active part in developing priorities and goals essential to the accomplishment of the University's mission, allocation of resources, and measurement of success.

(d) University Budget. The Board is responsible for ensuring that the University's mission, priorities, and goals are visible in and expressed through its budget. The budget shall reflect the priorities developed in the strategic planning process. The Board shall periodically review and approve the University's annual budget and work in conjunction with the President and his/her administration who are accountable for directing a process that seeks input from the Board.

(e) Academic Integrity. The Board is responsible for advancing and protecting the academic quality of the education offered by the University including, but not limited to, considering strategic planning, admission standards, graduation requirements, grading policies, use of technology in the classroom, and faculty structure, development, productivity, priorities, and incentives for outstanding teaching.
(f) **Research Integrity.** The Board is responsible for promoting and preserving excellence in basic and applied research.

(g) **Student Quality of Life.** The Board is responsible for assuring the high quality of student life necessary to ensure that higher education achievement can take place in an environment conducive to a high level of learning.

(h) **Affiliated Foundations.** The Board is responsible for assuring that priorities for fund raising, research, athletics, real estate acquisition and disposal, and other affiliated foundation activities are consistent with the University's mission, priorities, and goals. While the Board recognizes the independent governance of these private activities, the Board is responsible for private resources contributed to the University for public purpose. Guidelines for the exercise of this responsibility are contained in the Board Policies and Procedures Manual (see Article VIII of these Bylaws) and affiliation agreements.

(i) **Audit Planning and Review.** The Board is responsible for the selection of accountability measures, review of results, and determination of how effectively its policies have been implemented through the audit process; i.e., whether the University's allocation of resources is consistent with the Board’s priorities and with the University's financial position.

(j) **Fiscal Efficiency.** In its review and approval of the University's annual operating budget and the setting of tuition and fees, the Board is ultimately responsible for assuring fiscal efficiency; i.e., the cost-effective operation of the University.

(k) **University Advancement.** The Board is responsible for promoting the academic purpose, strategic initiatives, service, and solvency of the University among its many constituents by communicating the institution's accomplishments, sharing its vision for the future, relating the community to the campus and the campus to the community, maintaining constituent trust, and engaging the larger local, national and international community in partnerships to achieve University goals and objectives.

**ARTICLE II**

**Members**

§ 2.01. **Resignation.** Any member of the Board of Visitors may resign at any time by providing notice to the Governor. Notice also shall be provided to the Rector so that the Board can take measures to accommodate said resignation. Such resignation shall take effect at the time specified in such notice and, unless otherwise specified therein, the acceptance of said resignation shall not be necessary to make it effective.

§ 2.02. **Removal.** Pursuant to Va. Code § 23.1-1300, if any member of the Board of Visitors fails to attend (1) the meetings of the board for one year without sufficient cause, as determined by a majority vote of the board, or (ii) the educational programs sponsored by the State Council of Higher Education for Virginia, pursuant to Va. Code § 23.1-1304, in the first two years of membership without sufficient cause, as determined by a majority vote of the board, the remaining members of the board shall record such failure in the minutes of its next meeting and notify the Governor, and the office of such member shall be vacated. However, no member
serving as of January 1, 2015 shall be removed for failing to attend the educational programs required by § 23.1-1304 if he or she attends training by January 1, 2016. In addition, pursuant to Va. Code § 2.2-108, notwithstanding any provision of law to the contrary, the Governor may remove from office for malfeasance, misfeasance, incompetence, or gross neglect of duty any member of the board of any public institution of higher education or other educational institution of Virginia, and fill the vacancy resulting from the removal. Each appointment to fill a vacancy shall be subject to confirmation by the General Assembly.

§ 2.03. Visitors Emeriti. In recognition of the invaluable service rendered to the University during their appointments to the Board of Visitors and the informed counsel they are capable of providing after their terms expire, former members of the Board shall be designated Visitors Emeriti. They shall be entitled to have access to minutes of the regular Board meetings posted online and be invited to meet at least once each year with current members of the Board at a social or other function hosted by the Board of Visitors.

ARTICLE III
Meetings

§ 3.01. Regular Meetings. Regular meetings of the Board of Visitors shall be held no less frequently than four times each year on such dates and in such places as may be set by the Rector and the Board of Visitors. Regular meetings scheduled annually in excess of the four published regular meetings shall be announced to Board members, University staff, and the public at least 30 calendar days prior to the day the regular meeting is to be convened to assure maximum participation, the three-day statutory notification notwithstanding. The regular meeting during the month of June of each year shall be the annual meeting.

§ 3.02. Special Meetings. Special meetings of the Board may be called by the Rector, or, in his/her absence or disability, by the Vice Rector, or by any three Visitors at such dates, times, and places, with agenda, as may be specified in the call for such meeting.

§ 3.03. Emergency Meetings. Emergency meetings are special meetings and may be called by giving reasonable notice to all members and the public whenever, in the judgment of the Rector in consultation with the President, there is an emergency. A quorum of five voting members shall be sufficient to transact any business with respect to said emergency, except declarations of fiscal exigency. Declarations of fiscal exigency only must be made by an affirmative vote of at least 12 voting members.

§ 3.04. Special and Emergency Meeting Notice. For special meetings under normal, non-emergency circumstances, three days’ notice shall be given of the date, time, place, and agenda of all non-electronic communication meetings, by the Secretary/Executive Secretary of the Board. Emergency meeting notice shall be provided, as reasonably timely as possible under the circumstances, and be given contemporaneously to the public with notice provided to Board members.

§ 3.05. Quorum. (Effective July 1, 2002) A majority of voting members of the Board of Visitors serving at any time shall constitute a quorum (§ 23.1-2002, Code of Virginia).
§ 3.06. Order of Business. The order of business at meetings is set forth in the Board Policy and Procedures, unless modified at the discretion of the Rector with the modification(s) approved by a majority of the voting Board members present. Matters to be placed on the Board’s regular and special meeting agenda and requests for public comment shall be brought to the attention of the Rector or the President in writing at least 15 calendar days in advance of the meeting at which the issue is to be addressed or public comment accepted. Reports of invited representatives and anticipated issues or resolutions requiring Board decisions under unfinished and new business and the point or points during the meeting where public comment will be accepted will be specified in the published pre-meeting agenda. Such agenda shall be distributed to all Board members at least seven days prior to each regularly scheduled Board meeting. Supplementary agenda items originating after distribution of the pre-meeting agenda shall be provided to all Board members as soon as they are identified and may be considered if confirmed by a majority of the voting members of the Board.

§ 3.07. Conduct of Business. All meetings shall be conducted in accordance with the Code of Virginia, these Bylaws, Board Policies and Procedures, and Robert’s Rules of Order Newly Revised, in order of descending precedence. The Vice Rector shall serve as Board parliamentarian for purposes of interpreting Robert’s Rules of Order Newly Revised. The Board shall request the presence of the University’s legal representative at all open and closed meetings and committee meetings except those where the President is being evaluated or presenting portions of his/her Annual Report dealing with the evaluation of University officers, unless otherwise directed by the Attorney General. At the Board’s discretion, it may request the presence of the University’s legal representative during evaluations if it is considering: (1) whether the party or parties involved are in breach of his/her contract; or (2) the Board is seeking legal advice about the amounts and methods of compensating the President or other officers involved.

§ 3.08. Voting Procedures. Except when a roll-call vote is specifically requested by any member of the Board, motions shall be carried or defeated by voice vote, with the Secretary noting members supporting, opposing or abstaining from the matter. However, all votes taken during electronic communication meetings shall be by roll-call and so recorded in the meeting minutes (§2.2-3708.D., Code of Virginia). No proxies, secret, or written ballots are authorized in any Board meeting (§ 2.2-3710., Code of Virginia). The roll-call vote shall be recorded in the minutes by the Secretary calling the roll. Should members attending the meeting be absent for the vote, their absence shall be noted in the minutes. The Student Representative to the Board of Visitors is a non-voting member, but his/her comment regarding an issue may be recorded in the minutes.

ARTICLE IV
Committees

§ 4.01. Executive Committee.

(a) Composition. The Executive Committee shall consist of eight members of the Board, three of whom shall be the elected officers of the Board. The remaining members of the Executive Committee shall be the chairs of each standing committee of the Board. Vacancies, other than Board officers who must be elected, may be filled at any time by appointment of the
Rector and confirmation by the Board. In the event a standing committee chair is also an elected officer, the vice chair of that particular standing committee shall be a member of the executive committee to maintain the executive committee membership at eight members. A quorum of the Executive Committee shall consist of three Executive Committee members. In the absence of standing committee chairs, standing committee vice chairs may serve on the Executive Committee and count towards a quorum as directed by the Rector.

(b) Duties and Authority. The Executive Committee shall meet upon the call of the Rector or the President. The Executive Committee shall have the power of the Board to take such actions as are necessary to direct the affairs of the University between meetings of the Board. The full Board must be notified of all actions taken by the Executive Committee and all actions must be ratified by the Board at its next regular or a special meeting called for that purpose in emergency situations. The committee shall coordinate the policy development and the goals/objectives of all Board committees and shall recommend the means whereby the Board will assess its effectiveness in accordance with § 9.03 of these Bylaws. A complete record of all actions of the Executive Committee shall be maintained by the Secretary and shall be provided to each member of the Board within 15 working days after the Executive Committee meeting at which such actions were taken. All members of the Board shall be invited to attend Executive Committee meetings and all Board members in attendance at an Executive Committee shall be entitled to vote. Meeting notices shall be provided as set forth in § 3.04 of these Bylaws.

§ 4.02. Standing Committees. In addition to the Executive Committee, the standing committees of the Board shall consist of the Academic and Research Advancement Committee, Administration and Finance Committee, Athletics Committee, Audit and Compliance Committee, Student Enhancement and Engagement Committee, and University Advancement Committee. The chairs and members of the six standing committees shall be appointed by the Rector, after consultation with the parties involved, and shall serve until their successors have been duly appointed. All members may be reappointed from year to year. Board members shall typically serve on two standing committees, except that those who are appointed to serve on the Athletics and Audit and Compliance Committees may serve on three standing committees. The chairs of standing committees shall serve until their successors have been duly appointed. Officer vacancies shall be filled in accordance with § 5.04 of these Bylaws and Standing Committee chair vacancies (versus temporary absences) may be filled at any time by appointment of the Rector and confirmation by the Board. A quorum of each of the standing committees shall consist of three voting Visitors who are committee members. The Rector and Vice Rector are deemed committee members for all purposes, including a quorum. The agenda for each regular Board meeting shall include reports by committees to the Board. Unless otherwise specifically provided by the Board, decisions/recommendations of standing committees (except decisions by the Academic and Research Advancement Committee on review of negative tenure decisions and the approval of the annual internal compliance and operations audit plan by the Audit and Compliance Committee) are advisory and must be ratified and approved by the Board of Visitors.

(a) Academic and Research Advancement Committee. The Academic and Research Advancement Committee supports the Board's responsibility to advance and protect the academic quality of the education and research offered by the University. The Committee shall make recommendations to the Board on the academic mission, purpose, strategic plans, important academic and research initiatives, and regular and special programs of the University;
on awards and honorary degrees; on faculty personnel appointments, policies and procedures. The Academic and Research Advancement Committee is designated by the Board as the committee with the responsibility of responding, on behalf of the Board, to requests from faculty for review of negative tenure decisions. In the case the Committee recommends in favor of tenure, this must be approved by the Board. A negative decision is final. The Committee may meet, as it deems necessary, with faculty, staff representatives, and other University members as requested through the President.

(b) Administration and Finance Committee. The Administration and Finance Committee supports the Board's responsibilities for the budget process, accountability, and fiscal efficiency in general. The Committee is responsible for making recommendations to the Board on matters pertaining to the purchase, lease, sale, construction, and maintenance of University owned or controlled land and buildings; on fiscal policies; oversight of the fiscal accounts and operations of the University, including budget, investments, and the impact of the foregoing on the University's overall fiscal condition, mission and purpose.

c) Athletics Committee. The Athletics Committee supports the Board’s responsibilities for oversight of its Intercollegiate Athletics programs. The Committee shall review athletic policy and programs and make appropriate recommendations to the Board.

d) Audit and Compliance Committee. The Audit and Compliance Committee helps the Board fulfill its financial oversight and compliance responsibilities. The Committee is responsible for (1) oversight of financial reporting and financial statement matters and any critical accounting and reporting issues; (2) reviewing annually the audited financial statements with external auditors, determining that the administration has been open and has acted in good faith in connection with the audit; (3) oversight of the internal audit function, including receiving reports and approval of the annual audit plan; and (4) oversight of University compliance function. Members of the Audit and Compliance Committee should have some basic knowledge of generally-accepted accounting procedures and financial reporting and controls. The Committee may also receive reports from the Chief Audit Executive on matters of economy, efficiency and effectiveness of operations and internal controls and from the Vice President for Administration and Finance on matters of compliance.

e) Student Enhancement and Engagement Committee. The Student Enhancement and Engagement Committee supports the Board's responsibilities for ensuring student quality of life and fiscal affordability, enrollment, government relations, and communication and marketing. The Committee is responsible for making recommendations to the Board on matters and policies pertaining to students and shall continuously assess and appraise the quality of student life. It shall review policies relating to student rights, responsibilities, conduct, and discipline, including matters related to the student honor system. The Committee shall consider issues concerning student organizations and their funding, extracurricular activities (including intramural athletics), and matters related to student government and appropriate student participation in University governance by all types of students and on student recruitment and admissions criteria and policies. Additionally, the Committee will periodically receive updates from Strategic Communication and Market and Government Relations.
(f) **University Advancement Committee.** The University Advancement Committee supports the Board's responsibility for relations with affiliated foundations and is responsible for making recommendations to the Board on matters and policies pertaining to the University's, fund raising, community relations, and alumni activities.

(g) **Additional Responsibilities.** Each standing committee shall periodically review Board Policies and Procedures in its areas of responsibility and recommend revisions as necessary. The standing committees shall have such other duties and responsibilities as are assigned to them by the Board or by the Rector, subject to the Board's approval.

§ 4.03. **Nominating Committee.** The Nominating Committee is responsible for nominating Board members for Board officer positions. In even numbered years, at the April meeting of the Board, a Nominating Committee of an odd number of not less than three members along with two alternates shall be elected by the Board. The Committee shall meet at the same meeting during which it is created to elect its chair. The Nominating Committee shall consult with the Rector, the President, and all other Board members about the needs of the University without being bound by their suggestions.

   (a) **Nominations.** The Nominating Committee shall post a call for nominations for officers from the Board no later than May 1. Nominations shall be submitted in writing to the committee chair and shall be due no later than 15 days following the date of the call for nominations. Members of the Board may feel free to nominate themselves for an office to the chair of the Nominating Committee. Nominees for officers must have more than one year remaining on their terms of appointment. The Nominating Committee should give priority to nominating members for office whose terms of appointment on the Board do not expire simultaneously so the Board shall not be without a presiding officer.

   (b) **Presentation of Nominations.** The Nominating Committee shall meet prior to the June Board meeting to determine the nominations to be presented to the Board. The recommendation of the nominating committee shall be distributed with the announcement of the meeting of the Board of Visitors in the even numbered year in which the election of officers is to be held. At that meeting, the nominating committee shall present one candidate for each office for election in accordance with § 5.01 of these Bylaws. Nominations from the floor may be made from the floor prior to such election.

   (c) **Committee Vacancies.** In the event a member of the Nominating Committee cannot serve or becomes a candidate for an office for which the committee is selecting candidates, he/she shall resign from the committee immediately and the Rector shall immediately appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Executive Committee at a special meeting convened for that purpose.

   (d) **Officer Vacancies.** The Nominating Committee may be elected by Board members at a regular or special meeting to fill vacant officer positions that may be created. The Nominating Committee shall then meet as required by § 5.04, Vacancies, of these Bylaws.

§ 4.04. **Presidential Search Committee.** As necessary, but not later than the first regular meeting of the Board after the President expresses to the Board his/her intent to step down or
leave the University or departs under other circumstances (e.g., prolonged illness or death), the Board shall elect a Presidential Search Committee of five or more Board members, along with two alternates, and may include no more than four non-Board members as non-voting members to that committee. The Committee, whose mission is to search for and select the best possible choices for a new president, shall meet at the same meeting at which it is created to elect its chair who must be a voting Board member, regardless of whether nonmember appointments have been made. All Committee meetings shall be held in conformity with the provisions of the Freedom of Information Act and its exceptions.

(a) University Needs. The Presidential Search Committee shall consult with the Rector, the President, other members of the Board of Visitors, the faculty, the alumni and students, and the community about the needs of the University. The Board may secure the services of a search firm or consultant to assist in the search and selection. The Board may also immediately commission the conduct of an institutional review by a reputable agency or consultant.

(b) Practices and Procedures. The Committee shall prepare a search budget and a range of compensation for the next president, both of which shall be approved by the Board early in the search process. The Board shall be kept informed of the Committee's progress and expenses incurred and anticipated at regular Board and Executive Committee meetings by the committee chair. The search committee shall consider external and internal candidates equally, based on the depth of their experience and the needs of the University. The Committee's duties shall be completed when it recommends the requisite number of candidates previously specified by the Board to the Board for consideration, unless the Board requests that other candidates be brought forth or the search be continued. Approval of a candidate requires the affirmative vote of at least nine voting members of the Board.

(c) Committee Vacancies. In the event a member of the Presidential Search Committee cannot serve, he/she shall resign from the Committee immediately and the Rector shall promptly appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Board at the next regular Board or Executive Committee meeting or, if necessary, at a special meeting convened for that purpose.

(d) Unexpected Vacancy in the President's Position. In case of an unplanned vacancy in the position of the President, the Board shall expeditiously designate an Acting President to serve until a President shall be appointed by the Board and installed in the office. The Board shall hold an emergency meeting and proceed with the preceding provisions of this section of the Bylaws. The Presidential Selection Committee shall be tasked to select expeditiously the best possible choice for the Acting President following the procedures outlined in this section of the Bylaws. In the interim, the terms of University Policy #1010 (the University Succession Policy) shall determine who shall exercise executive authority for the University.

§ 4.05. Special Committees. Special or ad hoc committees may be created at any time either by action of the Board of Visitors, or by written direction of the Rector with the approval of the Board. Special committees shall consist of no fewer than three members appointed by the Rector who shall appoint the chair, and fill vacancies in consultation with the Chair. The Rector shall also have the power to change the membership of special committees at any time with the
concurrence of the chair and the Board, unless it is the chair who is to be removed. In making
initial or subsequent assignments of individuals to special committees, the Rector shall take
volunteers into account. Special committees shall have a life specified by the Board at the time
of constitution, shall be subject to annual reviews, and may be renewed for a specified period by
action of the Board. At the time the special committee is created, its mission shall be specifically
established and articulated either by action of the Board or by written direction of the Rector
with approval of the Board. The resolution of the Board or the direction of the Rector shall
specify the time the special committee is to make its report to the Board.

§ 4.06. Subcommittees. Committees may appoint subcommittees of not less than three
voting Board members from within their memberships to consider such specific business as
required, subject to Board approval of such subcommittee's creation.

§ 4.07. Appointment of Non-Board Advisors to Committees. Non-Board members
cannot be appointed to Board of Visitors committees without the Board approving each
individually named proposed member. The advisors who are approved for membership shall
serve under the same conditions as Board members; however, they shall serve in a non-voting,
advisory capacity.

§ 4.08. Attendance. Board of Visitors members are entitled to attend all Board functions,
including open and closed meetings of Board committees. Where conflicts arise due to several
committees meeting simultaneously, the Board member shall give priority to the standing
committee to which he/she has been assigned, unless excused by the standing committee chair
and the Rector.

§ 4.09. Notice and Conduct. The chair, or vice chair acting on behalf of the chair, or a
majority of the membership of the committee or subcommittee, may call meetings. Committee
meetings shall be noticed in the same manner as Board meetings as set forth in § 4.04 of these
Bylaws. The conduct of business of any committee or subcommittee shall be governed by the
procedures set forth in these Bylaws.

§ 4.10. Removal. Standing and special committee chairs only may be removed by the

RESOLUTION APPROVING POLICY FOR PARTICIPATION IN BOARD OF VISITORS MEETINGS BY ELECTRONIC MEANS OF COMMUNICATION IN THE EVENT OF EMERGENCY OR PERSONAL MATTER OR CERTAIN DISABILITIES

WHEREAS, Virginia Code §2.2-3708.1 specifies the requirements for the remote participation in meetings by members of public bodies in event of emergency or personal matter, or certain disabilities; and

WHEREAS, the General Assembly amended Virginia Code §2.2-3708.1, effective July 1, 2018, to require the adoption of written policies by public bodies allowing for and governing participation of its members in meetings by the means of electronic communication;

THEREFORE, BE IT RESOLVED, that the “Policy for Participation in Board of Visitors Meetings by Electronic Means of Communication in the Event of Emergency or Personal Matter or Certain Disabilities” is adopted as follows:

NUMBER: 1105
TITLE: Participation in Board of Visitors Meetings by Electronic Means of Communication in the Event of Emergency or Personal Matter or Certain Disabilities
A. A member of the Board of Visitors may participate in a meeting through electronic means of communication from a remote location that is not open to the public only as follows and subject to the requirements of subsection B.

1. On or before the day of a meeting, a member notifies the Rector that he or she is unable to attend the meeting due to an emergency or personal matter, and identifies with specificity the nature of the emergency or personal matter, and the Rector approves the request to participate in the meeting from a remote location.

   a. The Board of Visitors is to record in its minutes the specific nature of the emergency or personal matter and the remote location from which the member participated. If a member's participation from a remote location is disapproved by the Rector because such participation would violate subsection B of this policy, disapproval shall be recorded in the minutes with specificity.

   b. Such remote participation by the member shall be limited each calendar year to two meetings or 25 percent of the meetings of the public body, whichever is fewer.

2. A member notifies the Rector that he or she is unable to attend a meeting due to a temporary or permanent disability or other medical condition that prevents the member's physical attendance.

   The Board of Visitors is to record this fact and the remote location from which the member participated in its minutes.

B. Participation by a member of the Board of Visitors under subsection A shall be authorized only under the following conditions:

---------------

The Rector brought the board members’ attention to the calendar of meetings for the 2019-2020 academic year that was placed at each of their seats. She also noted that arrangements would be made for a tour of Gormo and the distance learning operation at a later date for those Board members who were unable to attend the retreat in January.
Following her report, she presented President Broderick with a plaque on behalf of the Board featuring the advertisement published in *Inside Business* congratulating him for his National Association of Student Personnel Administrators (NASPA) President’s Award. She also congratulated Vice President Ellen Neufeldt on her appointment as President of California State University at San Marco.

**PRESIDENT’S REPORT**

In his report to the Board, President Broderick reported on the relocation of early childhood, elementary and special education programs to the Darden College of Education and Professional Studies to reaffirm commitment to the Commonwealth to meet critical demand in these areas. This move ensures that ODU remains competitive in recruitment and retention of education students and that students will earn their degrees in four years.

The President recognized Provost Agho and his staff for the creation of several new degree programs in response to the job market. A report will be given to the Board at a future meeting on the programs that will be removed as the result of low enrollments. He also recognized the four faculty members who won Fulbright Awards: Sachin Shetty, Associate Professor at VMASC; Jess Richman, Associate Professor of Political Science and International Studies; C. Ariel Pinto, Associate Professor of Engineering Management and Systems Engineering; and Jay Walker, Assistant Professor of Economics.

ODU Engineering students made history when a 4-inch cubed nano-satellite was launched from NASA Wallops Flight Facility on April 17. It was one of three student-built space crafts launched and a first for Virginia universities. The CubeSats traveled aboard the Antares rocket to the International Space Station and astronauts will release them into orbit this summer. The students are tracking the three-year project for four months to obtain measurements of the Earth’s atmosphere. Among the students involved is former student Board rep Charles Chiou.

Victoria Hill, Visiting Assistant Professor of Ocean, Earth & Atmospheric Sciences; and Petros Katsioloudis, Professor and Chair of STEM Education and Professional Studies, were among the national researchers interviewed by the *Today Show’s* Al Roker, who traveled to the Arctic for a firsthand look at climate change and how it’s being tracked by scientists. A short clip from the *Today Show* was shared with the Board.

New initiatives benefitting students include the Engineering Makerspace in Monarch Hall, a $750,000 project that will be completed in August, and a new seven-year partnership between PNC Bank and the University’s ID card system that will produce revenue to provide scholarships.

In keeping with the Commonwealth’s commitment to foster a culture of civility, inclusion and equity, workplace harassment (including sexual harassment) bullying (including cyber-bullying), and workplace violence of any kind are prohibited in state government agencies. A new state Policy on Civility replaces the former “Workplace Violence” and “Workplace Harassment” policies and applies to all executive branch employees whether covered or non-covered under the
Virginia Personnel Act, including all classified employees; teaching, research and administrative faculty; and employees of the offices of the Governor, Lt. Governor and Attorney General.

Fundraising initiatives are on target with $136.3M of the $250M goal raised to date. President Broderick recognized Bruce Bradley and Dick Barry for their leadership on the campaign. He also congratulated Athletic Director Wood Selig at having raised $32M of ODAF’s $40M goal. This achievement includes over $8.5M for the football stadium project and has sold out all 388 Priority Automotive Club (PAC) seats, which will generate an additional $500,000 annually.

The President reported on the academic success of student-athletes, noting an 84% graduation success rate. Fifty-five percent of all student-athletes had a 3.0 GPA or higher for fall 2018 and led Conference USA on the Commissioner’s Academic Honor Roll for 2018 for the fifth consecutive year. He also recognized the success of the men’s and women’s basketball teams this season.

Jane Dané, Associate Vice President for Enrollment Management, received the Outstanding Enrollment Management Professional Award from the National Association of Student Personnel in Higher Education, and Johnny Young, Associate Vice President for SEES, received the Male Faculty member of the Year recognition at the NAACP Image Awards Ceremony.

The President reviewed activities associated with Spring Commencement ceremonies and noted that four ceremonies will be held. Senator Kaine will be the speaker for the afternoon ceremony on Saturday, May 11.

At the conclusion of his report, President Broderick congratulated Vice President Ellen Neufeldt on her presidential appointment and noted the reception being held in her honor to which the Board has been invited. Vice President Neufeldt thanked the Board for their support during her tenure at Old Dominion University. The President said that he met with Ellen’s key staff members and made a commitment that the current organization will stay intact for at least the next year. The group recommended, and he concurred, that Don Stansberry be named Acting Vice President. The Board congratulated Dr. Stansberry.

REPORTS OF STANDING COMMITTEES

AUDIT COMMITTEE

The Rector called on Mr. Mugler for the report of the Audit Committee. Mr. Mugler reported that Ms. Amanda Skaggs, Chief Audit Executive, presented action items to change the name of the Audit Committee to the Audit and Compliance Committee and to approve the Committee’s charter. The Committee unanimously approved both.

Ms. Skaggs reported on the results of completed audits on Pre-Construction Contract Review for Owens Hall (outsourced to Fort Hill Associates), Office of the University Registrar, Department of Human Resources, and the Confucius Institute.

Vice President DuBois briefed the Committee on the background, membership and
activities of the University’s Compliance Advisory Council.

Ms. Skaggs noted the active audit projects include Transportation & Parking Services, Payment Card Industry Compliance, College of Health Sciences, Institutional Scholarships, Design and Construction, Study Abroad, Active Directory, NCAA Compliance – Financial Aid, Office of Research, Information Technology Services, and Special Project/Other Engagements. She then discussed the Open Audit Issues Status Report, noting that 15 of the 39 open audit issues tracked during this reporting cycle are now complete.

ACADEMIC & RESEARCH ADVANCEMENT COMMITTEE

The Rector called on Ms. Jones for the report of the Academic & Research Advancement Committee. Ms. Jones reported that the Provost Austin Agho briefed the Committee on the University’s policy and procedures on tenure and provided data on tenure trends, the percentage of tenured full-time faculty, and the ethnicity and gender of full-time faculty.

The Committee met in closed session to discuss recommendations for the award of tenure to 22 faculty members, the appointment of one faculty member with tenure, three honorary degree nominations, the reorganization of the College of Continuing Education and Professional Development, and dual employment.

Following closed session, committee members approved by unanimous vote the award of tenure to 22 faculty members. The following resolution was brought forth as a recommendation of the Academic and Research Advancement Committee and was unanimously approved by all members present and voting (Bennett, Bradley, Corn, Dickseski, Hill, Jones, Kemper, Kirk, Mugler, Scassera, Tata).

TENURE RECOMMENDATIONS

RESOLVED, that upon the recommendation of the Provost, the Academic and Research Advancement Committee recommends that the Board of Visitors approve the award of tenure and promotion to associate professor for the following faculty members at Old Dominion University. The tenure and promotion will be effective with the Fall 2019 semester.

The ODU Teaching and Research Faculty Handbook states, “The main purposes of tenure are to recognize the performance of faculty members who have given years of dedicated service to the university, to protect academic freedom, and to enable the university to retain a permanent faculty of distinction in order to accomplish its mission.” [p. 53]. The Teaching and Research Faculty Handbook policy on Initial Appointment of Teaching and Research Faculty states a request for initial appointment with tenure at the rank of associate professor must be “initiated by the chair and reviewed by all tenure review bodies.” The policy also says, “Normally, an initial appointment with tenure will be granted only to a faculty member who already has achieved a distinguished academic record and held a tenured position.” [p. 26].

Recommendations in support of tenure at the rank of associate professor for Dr. Kristi Costello were received from the departmental, college, and university promotion and tenure committees, as well as from the department chair and the college dean.

The Promotion and Tenure Committee for the Department of English (5-0), the Promotion and Tenure Committee for the College of Arts & Letters (8-0) and the University Promotion and Tenure Committee (5-0) unanimously recommend this appointment. The chair and dean recommend appointment with tenure.

Based on my independent evaluation of the materials submitted, including the above recommendations, it is my judgment that Dr. Costello meets the standards for tenure at the rank of Associate Professor in the Department of English at Old Dominion University.

In addition to providing trace element analyses for several area hospital, the lab was invited to participate in the 2nd and 4th IUPAC Interlaboratory Comparison Programs for measurement of several trace elements (cadmium, selenium, and lead) in human tissues. Pleban also served as an expert panelist in trace element analyses for the National Health and Nutrition Examination Survey (NHANES III) sponsored by the CDC, Division of Health & Injury Control.

In addition to graduate courses in biochemistry and analytical chemistry, Pleban has taught undergraduate courses in analytical chemistry, biochemistry, and large lecture sections of general chemistry for science and engineering majors. In 2016/17 she received the College of Sciences Distinguished Teaching Award for Tenured Faculty.

Pleban has served on numerous departmental, college and university committees and has been the University Alcohol Representative from 1997-present, chair of the University Human Subjects Review Committee (now IRB) from 1998-2000, and a member of the Faculty Senate.

He joined Old Dominion as an assistant professor of geological sciences in 1979, achieved the rank of associate professor in 1985 and was designated one of the first university professors in 1998 for outstanding teaching.

During his 40 years at Old Dominion University, Whittecar has served as the major professor for 34 master’s and doctoral students at ODU and served on 66 thesis and dissertation committees at four universities. His research concerns two different areas – the flow of groundwater, particularly through wetlands, and the evolution of Pleistocene landforms. He has 125 published papers and technical reports, including eight edited volumes, received 52 grant and contract awards totaling over $7M, and made 155 presentations at scientific meetings or invited seminars.
Whittecar has been an active participant and official in the Geological Society of America, as well as several scientific societies within Virginia, and served as a science advisor or expert witness for the Environmental Protection Agency, the U.S. Army Corps of Engineers, and the U.S. Department of Justice.

Whittecar was a University leader in two large multidisciplinary projects. NewPAGE, an innovative course for incoming students, introduced over 9,000 first-year students to a wide array of environmental issues from climate change to economics to engineering and literature. Whittecar led the dozen faculty and 40 graduate students for two years of the course’s four-year lifespan as they wrote their own textbook, designed interactive tests and small-group activities, and integrated students into university life. More recently he has been a Co-Director of MonarchTeach, a cooperative program between the College of Sciences and the Darden College of Education and Professional Studies. Designed to allow STEM majors to explore high school and middle school teaching as a career, the program produces highly effective math and science teachers that are recruited vigorously by school systems.

Winstead has also served on the Women’s Studies Advisory Council, the Sexual Harassment Committee, the Faculty Senate, and various university search committees. She served as a board member and president of the Friends of Women’s Studies and as the Psychology Department representative on the College of Sciences Faculty Diversity Committee.

Besides her successful record of teaching, mentoring and supervising students, Winstead has published more than 85 books, articles, and chapters primarily in the area of how gender influences relationships, how relationships influence coping, and how relationships contribute to mental health behaviors. Many of these articles have been published in prestigious journals including, Psychology of Women Quarterly, Journal of Health Psychology, and the Journal of Social and Clinical Psychology. Further, she is co-editor of a respected graduate text titled, Psychopathology: Foundations for a Contemporary Understanding. Winstead obtained grant funding from the National Institute of Mental Health, the American Psychological Foundation, the American Psychological Association, and the National Institute on Alcohol Abuse and Alcoholism. She serves as a site visitor for the American Psychological Association and is on the editorial board of the Journal of Social and Clinical Psychology.
KONRAD WINTERS

Konrad Winters received a B.S. in education from Concordia Teachers College and an M.S. in theatre and an M.F.A in scenic design from Illinois State University. He joined Old Dominion as an assistant professor of theatre in 1986 and achieved the rank of associate professor in 1992. Recognition of his accomplishments in teaching, research and service include election to the National Board of Directors and election as a National Commissioner for Education for the United States Institute of Theatre Technology.

Winters’ administrative experience includes serving as chief departmental advisor for the theatre program (2015-2017), director of technical production for theatre and film (2007-2011), director of film and video studies (2001-2007), and director of technical production for theatre (1987-2007). He has served as a consultant for most arts organizations in Hampton Roads including: Attucks Theatre, Governor’s School for the Arts, Harrison Opera House, Virginia Waterfront Arts Festival, Virginia Ballet Theatre, Contemporary Ballet Theatre, Push Comedy Theatre, and Virginia Beach Public Schools.

Winters' creative scholarship explores the nature of the environmental space in theatrical production. His research has resulted in 63 scenic designs, 30 lighting designs, over 35 short films, and 36 conference presentations. By hand, he built the scenic studio in the Stables Theatre – with his design, carpentry and construction skills. This space was the home of the theatre program for over 20 years until the building of the Goode Theatre in 2012. Within the Stables Theatre, Winters carved out a research agenda that included storytelling and new technologies. His interest launched the film program at Old Dominion, which now thrives beyond the original 18 film courses he developed.

Committee members approved by unanimous vote the new policy on Course Materials Adoption. The policy provides guidelines for the adoption and use of low-cost and no-cost open educational resources in courses offered at the University. The following resolution was brought forth as a recommendation of the Academic and Research Advancement Committee and was unanimously approved by all members present and voting (Bennett, Bradley, Corn, Dickseski, Hill, Jones, Kemper, Kirk, Mugler, Scassera, Tata).

APPROVAL OF A NEW POLICY ON COURSE MATERIALS ADOPTION

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the new policy on Course Materials Adoption effective April 25, 2019.

Rationale: Old Dominion University is required to comply with the implementation of Code of Virginia § 23.1-1308, which becomes law on July 1, 2019. The legislation seeks to minimize the cost of course materials for students and states that:

The governing board of each public institution of higher education shall implement guidelines for the adoption and use of low-cost and no-cost open educational resources in courses offered at such institution. Such guidelines may include provisions for low-cost commercially published materials.

The new policy on Course Materials Adoption will replace the existing University policy on Textbook Adoption and Sales, which has been revised to meet the requirements of the legislation.
Course Materials Adoption Policy

I. Policy Statement and Purpose

In accordance with the Code of Virginia §23.1-1038, it is the policy of Old Dominion University to encourage efforts to minimize the cost of course materials for students while maintaining the quality of education and academic freedom. In addition, pursuant to §23.1-1308, Old Dominion University shall implement guidelines for the adoption and use of low-cost and no-cost open educational resources in courses offered at the University.

II. University Compliance

To the maximum extent practicable, each institution of higher education receiving Federal financial assistance shall disclose, on the institution’s Internet course schedule and in a manner of the institution’s choosing, the International Standard Book Number (ISBN) and retail price information of required and recommended college textbooks and supplemental materials for each course listed in the institution’s course schedule used for prerегистration and registration purposes.

Pursuant to § 23.1-1038.3:1 of the Code of Virginia, no employee at Old Dominion University shall demand or receive any payment, loan, subscription, advance, deposit of money, services or anything, present or promised, as an inducement for requiring students to purchase a specific textbook required for coursework or instruction, with the exception that the employee may receive

(i) sample copies, instructor’s copies, or instructional material, not to be sold, and  
(ii) royalties or other compensation from sales of textbooks that include such instructor’s own writing or work.

Faculty members may require course materials they have authored or co-authored for classes they teach. However, the selection of one’s own course material should be communicated to the department chair (or the Dean if the faculty member teaching the course is the chair) prior to adoption. The chair should determine that the course materials are appropriate for that class and keep a copy of the communication in the department file.

III. Definitions

A. Course materials - For the purpose of this policy, course materials include but are not limited to textbooks, articles, videos, streaming media, software applications, and/or media bundles designed to be used in a course to introduce students to a subject or continue basic instruction at the intermediate or advanced level. Commonly, although not always, course materials include study questions, discussion topics, study guides or exercises at the end of each chapter and may be published in subsequent editions in order to update information in previous editions.
Course materials may be designed for use in undergraduate courses, graduate courses, or for use in professional programs.

B. **Open Education Resources** – For the purposes of this policy, the definition of the U.S. Department of Education is followed. Open education resources (OER) are openly licensed educational resources as teaching, learning, and research resources that reside in the public domain or have been released under a license that permits their free use, reuse, modification, and sharing with others.

C. **Open Education Resources Committee** – The University-level committee that establishes overall policy and guidelines for implementation and expansion of OER course materials in accordance with existing University policies.

IV. **Open Education Resources (OER) Adoption Practices**

A. To reduce costs and provide access to course materials, faculty and departments are encouraged to use open education materials in their courses to minimize the costs of course materials for students.

B. Faculty are encouraged to adopt or adapt existing, or create new OER, including open textbooks.

C. Faculty and departments who develop OER can have those resources digitally stored at Old Dominion University.

D. The Libraries and Academic Affairs, where feasible, will provide resources and training for faculty to identify and use open education resources.

E. A University OER Committee will be responsible for coordinating the expansion of OER materials across the University.

V. **Additional Actions to Minimize the Cost of Course Materials for Students**

A. Course materials and related class supplies shall be part of the financial aid Cost of Attendance budget used to award financial aid to students.

B. Faculty are encouraged to utilize the ODU Libraries’ collection and electronic books, journals, image databases, audio and video materials, and other supplemental items available.

C. Faculty are encouraged to limit their use of new edition non-OER textbooks when previous editions do not significantly differ in a substantive way. The appropriate faculty and the University Village Bookstore should ensure adequate supply of the older edition. Faculty members are also encouraged to adopt the best practice of using the same non-OER textbooks for consecutive semesters. Except in unusual circumstances, non-OER textbooks used in sequential courses (e.g., PHYS 101N and PHYS 102N) should not be changed after the first semester.
D. Faculty are encouraged to use new technologies and packaging techniques such as e-text and bundles that reduce the cost of course materials to students.

E. Faculty are encouraged to provide instructional materials for students to use through their respective departments and/or the ODU Libraries.

F. No funds provided for financial aid from University Village Bookstore revenue shall be counted in the calculation for state appropriations for student financial aid.

G. Faculty should avoid requiring students to purchase materials that will not be used for pedagogical purposes in their courses. For instance, faculty are discouraged from requiring students to purchase technology or software simply to track attendance.

H. Courses with zero- or low-cost educational resources should be advertised to students.

VI. Responsibilities of the Faculty

A. Faculty, departments and/or schools should provide required or assigned OER and non-OER course materials information for each particular course to the University Village Bookstore by the specified due date published by the University Village Bookstore. Exceptions will be made for faculty who are hired or assigned after the course adoption due dates. Chairs are encouraged to make the appropriate course adoption adjustments as soon as possible in these cases.

B. Faculty members shall affirmatively confirm their intent to use each item in a bundled package when placing an adoption for such a package. If the faculty member does not intend to use all items in the bundle, he/she shall notify the University Village Bookstore of the items required, and the Bookstore shall order the individualized items when the store’s procurement is cost effective for both the institution and students and such items are made available by the publisher.

C. Departments offering courses that have adopted OER course materials should submit an OER course material adoption report to the Assistant Vice President for Auxiliary Services.

D. Instructors of courses adopting OER course materials should post the resources online prior to the beginning of the semester and notify students in the class how to access it.

VII. Responsibilities of the University Village Bookstore

A. The University Village Bookstore Textbook Manager will communicate the requirements and due dates for course adoptions each academic session. Follow-up communications will be sent to the department chairs and the faculty if the
requested materials are not available from the publisher or obtained in a timely manner.

1. The University Village Bookstore continuously works directly with instructors and departments to collect adoptions throughout the process.

2. The OER course material adoption report should be submitted prior to the beginning of the semester.

3. Leading up to and after the due date passes, a course material adoption report is sent to the Assistant Vice President for Auxiliary Services and the Provost’s Office to be forwarded to the deans and chairs. This process continues through the beginning of classes each semester.

4. Approximately one month after the start of the fall and spring semesters, the University Village Bookstore alerts the Provost’s Office about textbook submissions. The Provost’s Office sends an email to deans, chairs, and instructors informing them that it is time to submit course material orders for the next semester to the University Village Bookstore.

B. The University Village Bookstore shall provide a convenient course materials adoption process, including a web-based method, to expedite the ordering process for non-OER course materials.

C. The University Village Bookstore shall note courses that utilize OER course materials on the course materials website.

D. Centralized listings of course materials required or assigned for particular courses shall be available from the University Village Bookstore’s website after the relevant instructor or academic department notifies the University Village Bookstore. The University Village Bookstore shall post the relevant information received from the faculty in a timely manner. The listings shall be in a standard format and include the International Standard Book Number (ISBN), when applicable, along with other relevant information.

VIII. Responsibilities of the OER Committee

The OER Committee reports to the Provost and Vice President for Academic Affairs on the development and enforcement of the University's Course Materials Adoption Policy. The Provost appoints Committee members, to include representatives from the faculty, University Libraries, Information Technology Services (ITS), University Bookstore, Institutional Effectiveness and Assessment, Student Engagement and Enrollment Services (SEES) representative (and/or student), Center for High Impact Practices (CHIP) representative, Center for Learning and Teaching (CLT), Center for Faculty Development, and senior University management. The Provost will solicit recommendations from the Deans for the faculty representatives, who will constitute the
majority of the committee. The OER Committee may create subcommittees and task forces as needed to carry out its responsibilities.

Other Committee responsibilities include:

A. Guiding updates to this policy.

B. Developing strategies and actions, setting timelines, and determining outcomes that will advance the University’s efforts to facilitate adoption of OER.

C. Tracking local, national, and international developments within the area of OER.

E. Seeking collaborative ventures internally and with other institutions.

F. Exploring and identifying possible high impact initiatives that the University could either launch or support, such as pilot projects that promote creation and/or adoption of OER.

G. Consulting broadly with individuals, groups, and units as needed.

Contacts:

The Office of the Provost and Vice President for Academic Affairs officially interprets this policy. The President may revise or eliminate any or all parts as necessary to meet the changing needs of Old Dominion University and the Commonwealth of Virginia.

Committee members approved by unanimous vote the initiation of a bachelor of Fine Arts in Graphic Design in the College of Arts and Letters. The following resolution was brought forth as a recommendation of the Academic and Research Advancement Committee and was unanimously approved by all members present and voting (Bennett, Bradley, Corn, Dickseski, Hill, Jones, Kemper, Kirk, Mugler, Scassera, Tata).

APPROVAL OF A BACHELOR OF FINE ARTS DEGREE IN GRAPHIC DESIGN

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed Bachelor of Fine Arts degree in Graphic Design in the College of Arts and Letters effective with the fall 2019 semester.

Rationale: Old Dominion University seeks approval to initiate a Bachelor of Fine Arts (BFA) degree program in Graphic Design to begin fall 2019. The program will be offered through the Department of Art in the College of Arts and Letters.
The proposed Bachelor of Fine Arts in Graphic Design represents an expansion of an existing graphic design major within the BFA in Fine Arts. This expansion to a standalone degree program is needed in order to:

- eliminate the curricular restraints of a major;
- respond to the increasing demand for qualified graphic arts professionals to fulfill job demands; and
- allow students to earn a degree that more clearly matches the curriculum and available job opportunities.

The proposed degree title is becoming the sought after qualification recognized in industry for professionals employed in the field of graphic design.

The purpose of the Bachelor of Fine Arts degree program in Graphic Design will be to prepare students for careers that utilize the design of visual and experiential communication systems that allow organizations to address targeted markets and diverse populations. The program will provide students with knowledge and skills in visual communications and design thinking. Graduates of the program will be prepared to apply these communications with increasing access to technologies and ideas. The program will prepare graduates to work (1) in comprehensive contract design studios, advertising agencies, and marketing firms, providing services for a broad range of industries and institutions; (2) in studios and agencies housed within these organizations; and (3) in specialized contract studios specifically designed for web-based delivery, product, packaging and editorial design.

Committee members approved by unanimous vote the initiation of four Bachelor of Science degrees in the Darden College of Education and Professional Studies: Early Childhood Education, Elementary Education, Special Education, and Career and Technical Education. The following resolution was brought forth as a recommendation of the Academic and Research Advancement Committee and was unanimously approved by all members present and voting (Bennett, Bradley, Corn, Dickseski, Hill, Jones, Kemper, Kirk, Mugler, Scassera, Tata).

**APPROVAL OF BACHELOR OF SCIENCE DEGREE PROGRAMS IN EARLY CHILDHOOD EDUCATION, ELEMENTARY EDUCATION, SPECIAL EDUCATION, AND CAREER AND TECHNICAL EDUCATION**

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed Bachelor of Science degrees in Early Childhood Education, Elementary Education, Special Education, and Career and Technical Education in the Darden College of Education and Professional Studies effective with the fall 2019 semester.
Rationale: Old Dominion University seeks approval to initiate degree programs in the following areas to begin fall 2019.

- Bachelor of Science (BS) in Early Childhood Education
- Bachelor of Science (BS) in Elementary Education
- Bachelor of Science (BS) in Special Education
- Bachelor of Science (BS) in Career and Technical Education

The proposal has been prepared according to specialized SCHEV guidance in response to the General Assembly’s 2018 enablement of education degree programs for teacher preparation.

All of the programs will be housed in the Darden College of Education and Professional Studies. The BS in Early Childhood Education and the BS in Elementary Education will be offered by the Department of Teaching and Learning. The BS in Special Education will be offered by the Department of Communication Disorders and Special Education. The BS in Career and Technical Education will be offered by the Department of Science, Technology, Engineering and Mathematics Education and Professional Studies (STEMPS).

The special education, early childhood education and elementary education offerings have been housed in the College of Arts and Letters since the 1990s. If the proposed programs are approved, these offerings will shift to the Darden College of Education and Professional Studies. Currently enrolled students in the interdisciplinary teacher preparation program may complete their program of study, or they may transition into one of the proposed BS degree programs in Early Childhood Education, Elementary Education, or Special Education.

In October 2017, former Governor Terry McAuliffe held a Governor’s Summit on Teaching in Virginia. At this summit, Superintendent of Schools, Dr. Stephen Staples, noted that the shortage of teachers in Virginia had increased from 800 in 2016 to more than 1,000 in 2017. The summit prompted action from the Commonwealth, and in December 2017, Governor McAuliffe issued Executive Directive 14, which included the following: budget actions for new investments and language targeting teacher recruitment and retention, and a request to the Virginia Board of Education to issue emergency regulations giving colleges and universities the option to offer undergraduate majors in education.

The proposed Bachelor of Science degree programs in Early Childhood Education, Elementary Education, Special Education, and Career and Technical Education have been developed in response to the Governor’s Directive (2017) calling for the conferral of bachelor’s degrees in education for teacher candidates. The proposed programs address three of the critical shortage teaching areas identified by the Virginia Department of Education (special education, elementary education PreK-6, and career and technical education). They will provide the necessary pedagogy for current and future students entering the teaching profession.
The proposed Bachelor of Science degree programs will require 120 credits, including general education, core pedagogy courses, program/concentration courses, field work and a capstone student teaching experience. The curriculum for each of the degree programs has been designed to meet the academic requirements for licensure as specified by the Virginia Department of Education standards, effective August 23, 2018. These requirements include competencies identified for teachers in early childhood through adult education as well as specifically in each teaching concentration. The degree also incorporates accreditation requirements set forth by the Council for the Accreditation of Educator Preparation (CAEP).

Committee members approved by unanimous vote the discontinuation of the Master of Science degree program in Community Health in the College of Health Sciences. The program will be replaced by the Master of Public Health, which will begin in fall 2019. The following resolution was brought forth as a recommendation of the Academic and Research Advancement Committee and was unanimously approved by all members present and voting (Bennett, Bradley, Corn, Dickseski, Hill, Jones, Kemper, Kirk, Mugler, Scassera, Tata).

APPROVAL TO DISCONTINUE THE MASTER OF SCIENCE DEGREE PROGRAM IN COMMUNITY HEALTH

COLLEGE OF HEALTH SCIENCES

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the discontinuation of the Master of Science in Community Health in the College of Health Sciences effective spring 2020.

Rationale: Old Dominion University seeks approval to discontinue the Master of Science (MS) degree program in Community Health effective spring 2020. The degree program is located in the College of Health Sciences, School of Community and Environmental Health.

The request to discontinue the MS degree program is the result of approval from the State Council of Higher Education for Virginia (SCHEV) in February 2019 to initiate a Master of Public Health (MPH) degree program. The Master of Science in Community Health degree has a nearly duplicate curriculum to the Global Environmental Health Track of the MPH program, and faculty believe it is more efficient to consolidate courses and enrollment by discontinuing the MS program in favor of the MPH program. The discontinuation of the MS in Community Health upon approval of the Master of Public Health degree was endorsed by faculty, the Dean of the College of Health Sciences, and administrators in Academic Affairs and the Graduate School.
All current students have been notified about the program's closing pending SCHEV approval. The final cohort accepted into the existing Master of Science in Community Health degree program began their studies in fall 2018 and will complete the program by May 2020. **APPROVAL TO REORGANIZE THE COLLEGE OF CONTINUING EDUCATION AND PROFESSIONAL DEVELOPMENT AND RENAME THE COLLEGE THE SCHOOL OF CONTINUING EDUCATION**

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the reorganization of the College of Continuing Education and Professional Development and renaming the College the School of Continuing Education, effective July 1, 2019.

**Rationale:** The proposal to reorganize the College of Continuing Education and Professional Development and rename the College the School of Continuing Education is the result of a comprehensive review of the College and its subsequent reorganization.

The College of Continuing Education and Professional Development has been in operation since 2014 and provided professional and continuing educational opportunities for nontraditional and adult learners seeking credit-bearing certificates and non-credit programs at the pre- and post- baccalaureate level. The College was successful in demonstrating ODU’s commitment to continuing education, creating interdisciplinary leadership certificates, and supporting the University’s participation in the Online Virginia Network. Despite those successes, the College did not meet its overarching goals. Because the University is committed to providing continuing education opportunities to Hampton Roads and the Commonwealth, an Ad Hoc Committee was formed to review financial and enrollment data and assist in identifying options regarding the future of the College.

After extensive review of information and reorganization options, the Committee supported "downsizing the College into a centralized service unit and reallocating staffing and programming to other academic units.” In response to the Committee’s report, the College has been downsized by moving the English Language Center to the Office of International Programs, the Prior Learning Assessment unit to the University Testing Center, and the Community Music program to the Department of Music in the College of Arts and Letters.

The downsized School will continue to function as a revenue-generating unit by offering a wide range of credit and non-credit certificate programs aimed at helping adult learners secure employment, advance in their current careers, and/or
achieve their educational goals. The University remains fully committed to working with businesses, industries, and government agencies in providing continuing education opportunities to adult learners. In order to sustain ODU’s commitment to offering non-credit career courses, workshops for professional development and personal enrichment in real-time, certificates relevant to changing community needs, and lifelong learning, distinctive features of the refreshed operations, in addition to changing the name of the unit to the School of Continuing Education, will be as follows:

- The School will be led by an Assistant Vice President for Academic Initiatives and Continuing Education who will report to the Vice Provost for Academic Affairs.

- The School will establish cooperative arrangements with academic departments to offer non-credit courses and credit-bearing certificate programs with expectations of fair and equitable distribution of revenue.

- Marketing, promotion, and registration of non-credit courses, professional development workshops and seminars will be administered and coordinated by the School.

- The School will secure a registration system/customer relations management system (CRM) to track enrollment and project cost of programs.

- The School will not function as a degree-granting unit.

- A standing committee of faculty and administrators will be established to provide fiscal and programmatic oversight and ensure compliance with University policies.

- The School will collaborate with the Associate Vice President for Academic Affairs to develop and implement a business plan.

- A comprehensive review of the School will be conducted every three years.

Committee members approved by unanimous vote to rename the Department of Modeling, Simulation and Visualization Engineering the Department of Computational Modeling and Simulation Engineering. The following resolution was brought forth as a recommendation of the Academic and Research Advancement Committee and was unanimously approved by all members present and voting (Bennett, Bradley, Corn, Dickseski, Hill, Jones, Kemper, Kirk, Mugler, Scassera, Tata).
RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves renaming the Department of Modeling, Simulation and Visualization Engineering to the Department of Computational Modeling and Simulation Engineering effective July 1, 2019.

Rationale: The Department of Modeling, Simulation and Visualization Engineering provides a full range of degree and certificate programs including the Bachelor of Science degree in Modeling and Simulation Engineering, which is unique in the nation. Modeling and simulation engineering is a discipline where students utilize basic science principles and concepts not primarily to create and analyze a physical, mechanical or electrical system but to create and analyze a model of that system. Different skills and abilities are required for the latter, i.e. comprehending and applying basic first principles to formulate solutions to complex problems and also breaking complex problems into simpler parts in order to model complex processes.

The curriculum and coursework required of students is consistent with a program of study in Computational Science and Engineering that focuses more on the following:

- The processes involved in developing a model;
- Different types of modeling methodologies where some involve artificial intelligence (AI) techniques;
- Verification and validation; and
- Training and decision support.

The current name of the department does not recognize the computational component of the curricula. Since this is the only department of its kind in the nation, it is important to make the name more current and aligned with related programs of study. Including the word “computational” in the name connotes both mathematics and software programming, which is what most of the courses in modeling and simulation are about. Additionally, modeling and simulation implies the use of visualization and, therefore, the inclusion of the word visualization is unnecessary. The proposed name – Computational Modeling and Simulation Engineering – reflects more accurately the activities of the department.
