

Minutes 2.6.09

Questions from committee concerning classroom space:

- Are there other schools failing schev?
- We will not be able to expand if we use SCHEV, or will we?
- What happens when they fail?
- Is there a plan for classrooms in the learning community? If so, how was that sold to SCHEV and our ranking?
- Would we have to offer incentives for faculty to teach in different time slots?

What would happen if:

- We standardize the times between classes?
 - 10 minutes M/W/F 15 minutes T/TH
- We added more Friday afternoon classes
- We eliminated Activity hour
- We standardized the times for Labs
- We offered Mon-Wed longer class periods and had labs on Friday

FYI

- All teaching time slots had classrooms available.
- SCHEV space requirements
Go below 40- loose money and capital projects we want priority 1 to be funded

Student/Student Services team discussed Webb Center and Housing plans with Sue Mitchell
