**PROPOSAL FOR A NEW MINOR, NEW INTERDISCIPLINARY MINOR**  
**OR SIGNIFICANT CHANGES TO AN EXISTING MINOR**

A minor may be chosen by students to support the major, to offer greater job opportunities to the student on graduation, or to provide recognition of study in a second academic area. Completion of an approved minor will meet the upper-division General Education requirement. A minimum of 12 credit hours, normally at the advanced level (300-400) in a specified field of study is required.

Interdisciplinary minors require 12 credit hours of 300/400-level courses selected from at least two different disciplines with a maximum of six credits from any one discipline. Three credit hours in the interdisciplinary minor may be in the major, if a major course is listed as an option for the interdisciplinary minor. As such, it will be credited toward both the major and the interdisciplinary minor.

Please refer to the Undergraduate Catalog for the complete policy on minors.

Minimum enrollment expectations for minors are five graduates in five years or the minor will be discontinued.

## Description

A minor in print media gives students an introduction to a wide range of printmaking techniques. From historical techniques like stone lithography to cutting edge processes such as laser engraving and cut vinyl. Through their coursework, students learn to work on paper, fabric, and non-traditional materials. The minor in print prepares students to produce fine art prints, custom clothing designs, hand printed posters, and more.

## Rationale

The Print Minor compliments the existing Minor in Photography. It will be supported by a planned 300 level print course aimed at non-majors intending to fulfil their Option D. This Minor will allow students with an interest in print to pursue it further, without needing to commit to a BFA.

## Majors Likely to Enroll

Fashion, Theater, Marketing or Business Majors interested in fashion or print, Psych majors with an interest in Art Therapy

## Project Enrollment

5 – 10. I currently have three students who are minoring in studio art that want to focus on print specifically. Once the minor exists, I expect that number to grow.

## Resources Needed

I can support the minor with our existing facilities and courses
