Faculty Senate Issue Log Form

Date-Submitted: 10/20/2023

Title-of-Issue: Ownership of online classes and intellectual property

Description: We want it established who owns the courses we are designing for global and how our intellectual property will be handled

Rationale: If we disagree with a policy of Global ODU and refuse to teach the course, will they have the right to hire their own people outside our department to teach the course.

Do we get royalties like a book for our work?
