RECRUITMENT AND SELECTION PROCEDURES FOR AP FACULTY POSITIONS

I. Creating a Posting (Request to Advertise a Position)

The recruitment process for Administrative and Professional (AP) Faculty positions may be initiated by the hiring manager in PAPERS at https://jobs.odu.edu/hr. In this automated process, hiring managers will have the ability to officially request that a position is advertised by creating a Posting. When creating a Posting, the hiring manager will have the ability to identify specific recruitment sources they wish to use to supplement the Posting, determine what materials candidates should submit as a part of their application package, and designate individuals to serve as the search committee chair as well search committee members.

Once the Posting is created, the hiring manager will submit the Posting to the Budget Unit Director (BUD) for review and approval. Upon approval, the BUD will submit the Posting to the Department of Human Resources (HR) for approval.

In terms of recruitment sources, the Chronicle of Higher Education and HigherEdJobs are free sources in which AP faculty positions are posted. If an exemption from advertising on the Chronicle website and/or internal recruitment is requested, HR will submit the request to the Office of Institutional Equity and Diversity for review and approval. It is recommended that AP Faculty positions be advertised for thirty days. At a minimum, positions must be posted for fourteen days.

Once the Posting has been approved by HR, a system generated e-mail will be sent to the hiring manager. HR will post the announcement on the University’s website and other recruitment sources as requested. All announcements will be posted as on-line advertisements unless print ads are specifically requested in the Posting.

User guides with step-by-step processes on how to create a Posting, dispensing candidates and initiating a hiring proposal in PAPERS are located at the link below, which also can be found on the PAPERS homepage under the Department of Human Resources website.

http://www.odu.edu/content/odu/facultystaff/employee-services/papers.html

Please Note: Hiring managers and BUDs should have conversations with their vice president regarding the approval to advertise their positions before creating a Posting in PAPERS. This should be done through the appropriate chain of leadership.
Search Committees
In the Posting, the hiring manager will have the opportunity to identify the search committee chair and search committee members. The search committee should be diverse in terms of gender and ethnicity. Depending on the level of the position, it is recommended that the search committee consists of a minimum of five members. Search committees may include customers and peers of the position. It is not recommended that all the members serving on the committee are from the same department.

Search committee members must complete the On-line Search Committee Training. Search committee members will not have to repeat the training if the training was taken within a twelve (12) month period. The following is a link to the training which is located on the Office of Institutional Equity and Diversity's webpage. This training should be completed before the search committee members evaluate candidates’ applicant data (cover letter, application, resume, etc.).

https://www.odu.edu/facultystaff/employee-services/managers/recruiting/search-committees/search-committee-training

Once the search committee is approved by HR, it is strongly encouraged that the hiring manager meet with the committee to discuss the charge and instructions for the search. It is during this meeting that the hiring manager will have the opportunity to discuss their level involvement with the search process. For example, the hiring manager may charge the search committee in only identifying the top three candidates and hiring manager would interviews the finalists.

II. Applicant Review (Evaluating and Interviewing Candidates)

During the applicant review stage of the recruitment process, the search committee evaluate candidates, conduct interviews, and recommend finalists to the hiring manager.

Once the application review date that is outlined in the Posting has passed, the search committee may proceed in creating a matrix to evaluate all candidates using minimum and preferred qualifications listed in the announcement. The search committee will also be responsible for developing a set of core job-related questions for telephone and campus interviews. An Interview Question Guide is available on HR’s web page at http://www.odu.edu/content/dam/odu/offices/human-resources/docs/intervquestguide.pdf.

(Important Note: For open-until-filled (OTF) positions, once the announcement is removed from the website, additional candidates will not have the ability to apply for the position).

After the candidates are evaluated by the search committee, the chair may proceed in conducting telephone interviews. These informal interviews do not require approval from HR.

Once telephone interviews are completed, the search committee chair will update each candidate to the appropriate status in PAPERS. This process of updating candidates is inclusive of submitting
candidates that are recommended for campus interviews to HR for review and approval. Candidates who are selected for campus interviews must meet all minimum requirements at the time in which they apply.

When the interview pool has been approved, the search committee chair will receive an e-mail from the HR Recruiter informing them they may proceed with campus interviews. It is at this point the search committee may contact applicants to invite them to the University for a formal interview. The campus interview schedule does not require approval from HR.

**Acknowledgement Letters and Other Letters to Candidates**
Candidates will receive a system generated e-mail for each position in which they officially apply. This e-mail acknowledges that the search committee has received their materials and will also thank them for applying to an employment opportunity with Old Dominion University. Candidates will also receive an e-mail if they answer questions incorrectly notifying them if there are disqualifying screening questions as part of the Posting. Other system generated decision letters are e-mailed to the candidate at the end of the process when a final selection is made for the position.

The search committee will not have to request additional data from candidates (formally called the Data Gathering Letter) since this data is now voluntarily submitted by the candidate when they initially apply for a position.

**Employment References and Verification of Credentials**
Once campus interviews are complete, the search committee chair will update PAPERS and submit the final candidate recommended for hire and the alternates to the hiring manager for review and approval in PAPERS.

The search committee should verify the credentials and conduct references only for candidates who are being seriously considered for a position and have been offered a campus interview. At least two references should be obtained on the applicant selected to be hired – one from the current employer and one from a previous supervisor. Letters of recommendations or co-worker/mentor references are not supported as employment references for this process. Instructions on completing both documents are available on the PAPERS website.

The search committee should also verify the selected candidate’s most recently conferred degree. Verifications of credentials may be completed via the National Student Clearinghouse at http://nationalstudentclearinghouse.org or by submitting the official transcripts directly to Human Resources. Credentials not verified prior to submitting the Hiring Proposal to HR may delay an offer being extended to the selected candidate.

**III. Hiring Proposal (Selection of Final Candidate)**

In the final stage of the recruitment and selection process, the hiring manager will have the opportunity to review the finalists selected by the search committee, select the final candidate, and submit the Hiring Proposal to HR.

Upon determining the final candidate, the hiring manager will initiate a Hiring Proposal in PAPERS
for the selected candidate. In the Hiring Proposal, the hiring manager will have the opportunity to propose a starting salary, propose an effective date, and attach documents such as the references and the Board of Visitors summary. Once the Hiring Proposal is completed, the hiring manager will submit the proposal to the appropriate vice president for approval. The vice president will then submit the request to HR for approval.

Hiring managers will also have the opportunity to request information regarding the reimbursement of moving and relocation expenses for a selected candidate in the Hiring Proposal. Departments will partner with the Payroll Compliance and Student Employment Supervisor in the Office of Finance for assistance to procure any moving services needed for the new employee.

Once approved, the Hiring Proposal will be returned to the hiring manager with a status of ‘Make Offer’. The hiring manager will receive an e-mail informing them that they may proceed with the verbal employment offer. The employment offer is contingent on the results of a background check.

If the candidate accepts the verbal offer, the hiring manager will return the hiring proposal back to HR with a status of ‘Offer Accepted’ so that an offer letter and other new hire materials can be mailed to the new hire. **Please contact HR immediately, if after the verbal offer has been extended visa sponsorship is needed.**

If there are salary negotiations, the hiring manager should contact HR. The Hiring Manager must receive approval from the appropriate vice president and from HR before offering a candidate a salary different than the salary that was originally approved in the Hiring Proposal.

If the candidate declines the verbal offer, the hiring manager will return the hiring proposal back to HR with a status of ‘Offer Declined’. The hiring manager will make the decision to either: 1) initiate a Hiring Proposal for an alternate candidate, or 2) advertise the position again.

**IV. RETENTION OF RECORDS**

Recruitment records to include interview questions, notes regarding the responses, the screening matrix and other recruitment documents must be retained for three (3) years from the date of the interviews. These records are subject to audit. After three years, the records can be destroyed within the guidelines established by the Library of Virginia.
