Updates to the Old Dominion University 403(b) and 401(a) Cash Match Retirement Plans

We previously communicated that in order to assure the 403(b) Retirement Plan and 401(a) Cash Match Plan (the “Plans”) continue to meet the needs of Old Dominion University (ODU) employees, ODU has taken a more proactive role in the management of our retirement plans. This process includes selecting and monitoring the investments and vendors offered to plan participants. The university’s Retirement Plan Committee, in partnership with CAPTRUST, an independent, objective retirement plan consultant, has been working to streamline vendors, while continuing to offer investment choice for the Plans. The overall purpose of this work is to ensure the choices you have as a plan participant will continue to help you successfully reach your retirement goals.

You will find the opportunity for lower cost investments and a more diverse investment menu with the changes noted below. These changes take effect in July of 2021. The Plans’ contribution rates, eligibility and vesting will remain the same.

Changes to the ODU Plans:

Vendors
Effective July 1, 2021, there will be two vendors offered in the Plans:

- Fidelity Investments
- TIAA

All other vendors will no longer be available for future contributions beginning with the July 16, 2021, payroll.

Investment menus
The menus on both the 403(b) and 401(a) Cash Match Plans are being enhanced, after careful review of each investment fund offered. You can review the new menus for the vendor to which you currently contribute, or hold a balance with, in the enclosed fund change letter or on the TIAA and Fidelity websites created specifically for ODU:

- Fidelity: Netbenefits.com/odu
- TIAA: TIAA.org/odu

Actions to take
