WORK-LIFE BALANCE

Old Dominion University is committed to providing benefits and programs that support employee efforts to create a satisfying balance of professional and personal life.

The University has established a variety of policies that support work-life balance for faculty and staff. The following options for alternative work or schedule agreements may be available upon appropriate departmental/divisional review and approval:

ALTERNATE WORK SCHEDULES (Policy #6201)

Alternative work schedules allow for effective delivery of academic, student and administrative services. These options help to facilitate employees’ commuting time and balance work and personal responsibilities. Alternative work schedules include flextime, compressed work weeks, job sharing and 9-, 10- or 11-month appointments.

TELEWORK (Policy #6202)

ODU promotes telework as a means of achieving administrative efficiencies, reducing traffic congestion and transportation costs, supporting continuity of operations plans, and sustaining the recruitment and retention of a highly qualified workforce by enhancing work-life balance.

TEMPORARY CHANGE IN DUTIES FOR FULLTIME TEACHING FACULTY (Faculty Handbook- Page 105)

ODU supports fulltime teaching faculty who expect a new family member through birth or adoption by encouraging flexible work arrangements such as research, advising, and other non-teaching duties that may ease the transition between work and parental care.
