Thank you

On behalf of the Office of Institutional Equity and Diversity, we would like to thank you for the support you provided in continuing to build a more equitable and inclusive Monarch Community during the 2019-20 School Year. Along with the rest of the university, it is no doubt that the support from our office has had to pivot, as we process the current state of our nation--- surpassing 180,000 in the official death count as a result of COVID-19, and the continued frustration of the tragic deaths of Ahmaud Arbery, Breonna Taylor, and George Floyd. Also during this time of crisis we received new mandates on Title IX policies and procedures, thus we have been working collaboratively with other departments to promote equity in this process.

This month’s newsletter will provide you with a snapshot of our year and where we are headed. You can look forward to updates in January 2021.

Continue to take care of yourself so you can take care of others,
OIED Team
