Instructions and Help

Glossary of Terms

Applications

C1 First-time, first-year (freshman) students:

Provide the number of degree-seeking, first-time, first-year students who applied, were admitted, and enrolled (full- or part-time) in Fall 2014. Include early decision, early action, and students who began studies during summer in this cohort. Applicants should include only those students who fulfilled the requirements for consideration for admission (i.e., who completed actionable applications) and who have been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution). Admitted applicants should include wait-listed students who were subsequently offered admission.

*Please fill in this field, only if you cannot provide the men/women breakdown.

Total first-time, first-year (freshman) men who applied	4,284
Total first-time, first-year (freshman) women who applied	4,877
Total first-time, first-year (freshman) who applied *

C2 Freshman wait-listed students

(students who met admission requirements but whose final admission was contingent on space availability)

Do you have a policy of placing students on a waiting list? ☒ Yes ☐ No

If yes, please answer the questions below for Fall 2014 admissions:

Number of qualified applicants offered a place on waiting list 370

Number accepting a place on the waiting list

Number of wait-listed students admitted 203

Is your waiting list ranked? ☐ Yes ☒ No

If yes, do you release that information to students? ☒ Yes ☐ No

Do you release that information to school counselors? ☒ Yes ☐ No

Admission Requirements

C3 High school completion requirement

Check the appropriate box to identify your high school completion requirement for degree-seeking entering students:

- ☒ High school diploma is required and GED is accepted
- ☐ High school diploma is required and GED is not accepted
- ☐ High school diploma or equivalent is not required

C4 Does your institution require or recommend a general college preparatory program for degree-seeking students?

- ☐ Require
- ☒ Recommend

☐ Neither require nor recommend

C5 Distribution of high school units required and/or recommended.

Specify the distribution of academic high school course units required and/or recommended of all or most degree-seeking students using Carnegie units (one unit equals one year of study or equivalent). If you use a different system for calculating units, please convert.

	Units required	Units recommended

Basis for Selection

C6 Do you have an open admission policy, under which virtually all secondary school graduates or students with GED equivalency diplomas are admitted without regard to academic record, test scores, or other qualifications? If so, check which applies:

☐ Open admission policy as described above for all students

Open admission policy as described above for most students, but

☐ selective admission for out-of-state students

☐ selective admission to some programs

Undergraduate full-time tuition, required fees, room and board

G1 List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2015-2016 academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters or trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are NOT included in tuition (e.g., registration, health, or activity fees.) Do NOT include optional fees (e.g., parking, laboratory use).

Aid Awarded to Enrolled Undergraduates

H1 Enter total dollar amounts awarded to enrolled full-time and less than full-time degree-seeking undergraduates (using the same cohort reported in CDS Question B1, "total degree-seeking" undergraduates) in the following categories. (Note: If the data being reported are final figures for the 2013-2014 academic year (see the next item below), use the 2013-2014 academic year's CDS Question B1 cohort.) Include aid awarded to international students (i.e., those not qualifying for federal aid). Aid that is non-need-based but that was used to meet need should be reported in the need-based aid column. (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for "non-need-based scholarship or grant aid" on the last page of the definitions section.)

Instructional Faculty

Please report number of instructional faculty members in each category for Fall 2014. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

- I-1 The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or predoctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include only if they teach one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include

(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaskan native; Asian, Native Hawaiian or other Pacific Islander; or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

Student to Faculty Ratio

I-2 Report the Fall 2014 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2014 Student to Faculty ratio:

20 to 1 based on 19,629 students and 979 faculty

Undergraduate Class Size

I-3 In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2014 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of course catalog cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered in Fall 2014. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

Common Data Set J: Degrees Conferred (2014-2015)

[Instructions and Help](#)

[Glossary of Terms](#)

Degrees conferred between July 1, 2013 and June 30, 2014

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and Bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g. students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.

Review Data Set Form D: Majors (2014-2015)

[Instructions and Help](#)

[Glossary of Terms](#)

Major Series

We have updated a list of Majors for 2014-2015 to comply with the most recent Classification of Instructional Programs (CIP) from 2010. The CIP is divided into three levels: Series, Programs, and Majors. Due to an increase in requests from students to be as specific as possible, we have expanded our data collection to include all three levels. The CIP codes are used only for storage purposes, and only the names of the selected majors will appear on www.princetonreview.com or in our publications.

Please select all undergraduate majors offered at your institution by following this simple 3 step process:

STEP 1: Select the majors your institution offers from the "All Majors" list and click the "Add Majors" button that appears below the list. To remove a major, select the major from the "Your Majors" list and click the "Remove Majors" button

STEP 2: From among the list of majors you offer, select the three most popular majors by clicking on the major name and clicking the "Add Popular Major" button. To remove, click the "Remove Popular Major" button.

Or, select majors by series, using checkboxes, by clicking here

Please note: Be sure to save your changes periodically using the Save button at the bottom of this form. Please note switching between forms without saving your work might result in changes being lost. Also note -- this system works best in Firefox, if possible please use this browser.

Green Campus Questions

The Princeton Review is pleased to continue its partnership with the Association for the Advancement of Sustainability in Higher Education (AASHE) to streamline the reporting process for institutions that choose to participate in various higher education sustainability assessments. The intent of this initiative is to reduce and streamline the amount of time campus staff spend tracking sustainability data and completing related surveys.

In 2012, to address this issue our groups worked to establish the Campus Sustainability Data Collector (CSDC). The CSDC was available for all schools (free of charge) who wanted to submit data to all of these groups in one single survey.

For our 2014 collection, the CSDC has been replaced with the STARS Reporting Tool. The Princeton Review will accept data submitted via the

STARS Reporting Tool or data submitted directly through our own Review Data Set Form F: Student Life below.

****Note that data submitted below will not be shared with any other organization and will be used exclusively by The Princeton Review.**

The STARS Reporting Tool is available to users now and located here:

<https://stars.aashe.org/pages/register/register-stars.html>

2014-15 DATA IS DUE TO THE PRINCETON REVIEW VIA EITHER TOOL BY **FEBRUARY 27TH, 2015**

How will your institution submit the green campus section of the survey?

☒ Please check here if your institution will submit data to The Princeton Review via the STARS Reporting Tool located on AASHE's website.

CURRICULUM

ER-9: Sustainability Learning Outcomes

Criteria

Institution's students graduate from programs that include sustainability as a required learning outcome or include multiple sustainability learning outcomes.

For this credit, learning outcomes at the course level count if the course is required to earn the degree. This credit includes graduate as well as undergraduate programs. For this credit, "programs" include majors, minors, concentrations, certificates, and other academic designations. Programs that include co-curricular aspects may count as long as there is an academic component of the program.

Course Outcomes-

ER-10: Undergraduate Program in Sustainability

Criteria

Institution offers at least one sustainability-focused undergraduate major, degree program, or equivalent.

The degree program does not have to include sustainability in its name to count for this credit. Environmental Studies programs, for example, count as long as the program covers the social, economic, and environmental dimensions of sustainability. A program that focuses exclusively on environmental or social issues, however, would not be sufficient to earn this credit.

Concentrations within a major (e.g. a concentration on sustainable business within the business major) do not count for this credit.

RESEARCH

ER-16: Faculty Engaged in Sustainability Research

Criteria

Institution's faculty members conduct research on sustainability topics.

ER-18: Sustainability Research Incentives

Criteria

Part 1

Institution has an ongoing program to encourage students in multiple disciplines or academic programs to conduct research in sustainability. The program provides students with incentives to research sustainability. Such incentives may include, but are not limited to, fellowships, financial support, and mentorships.

Part 2

Institution has an ongoing program to encourage faculty from multiple disciplines or academic programs to conduct research in sustainability topics. The program provides faculty with incentives to research sustainability. Such incentives may include, but are not limited to, fellowships, financial support, and faculty development workshops.

BUILDINGS

OP-1: Building Operations and Maintenance

Criteria

Institution owns and operates buildings that are:

1) *Certified under the LEED® for Existing Buildings: Operations & Maintenance (O&M) Green Building Rating System,*

and/or

2) *Operated and maintained in accordance with sustainable operations and maintenance guidelines and policies that cover the following:*

Impacts on the surrounding site

Energy consumption

Usage of environmentally preferable materials

Indoor environmental quality

Water consumption

Total building space that meets "Eligible Buildings Criteria"

Square Feet

Please use Gross Floor Area.

Gross Floor Area

Consistent with the American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) and the U.S. Green Building Council (USGBC), we define gross floor area as: "Sum of the floor areas of the spaces within the building, including basements, mezzanine and intermediate-floored tiers, and penthouses with headroom height of 7.5 ft (2.2 meters) or greater. It is measured from the exterior faces of exterior walls or from the centerline of walls separating buildings, or (for LEED CI certifying spaces) from the centerline of walls separating spaces. Excludes non-enclosed (or non-enclosable) roofed-over areas such as exterior covered walkways, porches, terraces or steps; roof overhangs, and similar features. Excludes air shafts, pipe trenches, and chimneys.

OP-3: Indoor Air Quality

Criteria

Institution has adopted an indoor air quality management policy, plan, and/or practices that include regular auditing or monitoring and a mechanism for occupants to register complaints. Policies and plans adopted by entities of which the institution is part (e.g. state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

OP-4: Greenhouse Gas Emissions Inventory

Criteria

Part 1

Institution has conducted a GHG emissions inventory covering its Scope 1 and Scope 2 emissions. The GHG emissions inventory is publicly available, either through the American College & University Presidents' Climate Commitment reporting site, the institution's website, or another public website.

Part 2

Institution has conducted a GHG emissions inventory covering Scope 3 emissions. The GHG emissions inventory is publicly available, either through the American College & University Presidents' Climate Commitment reporting site, the institution's website, or another public website.

Does the inventory include all Scope 1 and 2 emissions?

- ☐ Unknown
☐ Yes
☐ No

Scope 1 Emissions

Scope 1 emissions are direct GHG emissions occurring from sources that are owned or controlled by the institution. Scope 1 emission sources include:

- Combustion of fuels to produce electricity, steam, heat, or power using equipment in a fixed location such as boilers, burners, heaters, furnaces, incinerators
- Combustion fuels by institution-owned cars, tractors, buses, and other transportation devices

Scope 2 Emissions

Scope 2 emissions are indirect GHG emissions that are a consequence of activities that take place within the organizational boundaries of the institution, but that occur at sources owned or controlled by another entity. Scope 2 emission sources include:

- Purchased electricity
- Purchased heating
- Purchased cooling
- Purchased steam

Does the inventory include emissions from air travel?

Additional comments:

Scope 3 emissions are all indirect emissions not covered in Scope 2. Scope 3 emission sources include:

- Air travel
- Commuting
- Extraction, production, and transportation of purchased materials and fuels, including food
- Outsourced activities
- Solid waste disposal

Does the inventory include a second Scope 3 emissions source not covered above?

ENERGY

OP-8: Clean and Renewable Energy

Criteria

Institution supports the development and use of clean and renewable energy sources using any one or combination of the following options.

Option 1: Generating electricity from clean and renewable energy sources on campus and retaining or retiring the rights to the environmental attributes of such electricity. (In other words, if the institution has sold Renewable Energy Credits for the clean and renewable energy it generated, it may not claim such energy here). The on-site renewable energy generating devices may be owned and/or maintained by another party as long as the institution has contractual rights to the associated environmental attributes.

Option 2: Using renewable sources for non-electric, on-site energy generation, such as biomass for heating.

Option 3: Catalyzing the development of off-site clean and renewable energy sources (e.g. an off-campus wind farm that was designed and built to supply electricity to the institution) and retaining the environmental attributes of that energy.

Option 4: Purchasing the environmental attributes of electricity in the form of Renewable Energy Certificates (RECs) or other similar renewable energy products that are either Green-e Energy certified or meet Green-e Energy's technical requirements and are verified as such by a third party, or purchasing renewable electricity through the institution's electric utility through a certified green power purchasing option.

Option 5: Using cogeneration technologies to generate electricity more efficiently. Note: generating electricity using cogeneration technology and a renewable fuel, such as biomass, is considered Option 1 and should not be counted twice.

Since this credit is intended to recognize institutions that are generating new sources of clean and renewable energy, neither the electric grid mix for the region in which the institution is located nor the grid mix reported by the electric utility that serves the institution count for this credit.

Technologies that reduce the amount of energy used but do not generate renewable energy do not count for this credit. For example, daylighting, passive solar design, and ground-source heat pumps are not counted in this credit. The benefits of such strategies are captured by OP Credit 5: Greenhouse Gas Emissions Reductions and OP Credit 7: Building Energy Consumption.

Transportation fuels, which are covered by OP Credit 14: Campus Fleet, are not included in this credit.

To aggregate energy consumption data from multiple sources, figures should be converted into MMBtu (one million British thermal units – a standard measure of energy) using the following equivalents:

1 kWh = 0.003412 MMBtu

1 MWh = 3.412 MMBtu

1 therm = 0.1 MMBtu

1 kBtu = 0.001 MMBtu

1 ton-hour = 0.012 MMBtu

1 MJ = 0.000948 MMBTU

Option 1: Total clean and renewable electricity generated on site during the performance year and for which the institution retains or has retired the associated environmental attributes

MMBtu

Option 2: Non-electric renewable energy generated

MMBtu

Option 3: Total clean and renewable electricity generated by off-site projects that the institution catalyzed and for which the institution retains or has retired the associated environmental attributes

OP-10: Computer Purchasing

Criteria

Institution has an institution-wide stated preference to purchase Electronic Product Environmental Assessment Tool (EPEAT) Silver or higher products. This can take the form of purchasing policies, guidelines, or directives. This credit does not include specialized computers for which no EPEAT certified products are available. Policies and directives adopted by entities of which the institution is part (e.g. state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

OP-T2-26: Bicycle Sharing

Criteria

Institution has a bicycle-sharing program or participates in a local bicycle-sharing program.

Does the institution have a bicycle-sharing program or participate in a local bicycle-sharing program?

- ☐ Unknown
☒ Yes
☐ No

A brief description of the program, including an indication of its scope (e.g., the number of bicycles the program makes available, participation levels, etc.)

The website URL where information about the program, policy, or practice is available

OP-T2-27: Facilities for Bicyclists

Criteria

Institution has indoor and secure bike storage, shower facilities, and lockers for bicycle commuters in at least one building. Storing bicycles in office space does not count for this credit.

Does the institution have indoor and secure bike storage, shower facilities, and lockers for bicycle commuters in at least one building?

- ☐ Unknown
☐ Yes
☐ No

A brief description of the facilities

The website URL where information about the program, policy, or practice is available

OP-T2-28: Bicycle and Pedestrian Plan

Criteria

Institution has developed a plan(s) to make the campus more bicycle and pedestrian friendly. The plan(s) may be a part of the institution's master plan.

Has the institution developed a bicycle plan?

- ☐ Unknown
☐ Yes
☐ No

A brief description of the plan

The website URL where information about the plan is available

OP-T2-29: Mass Transit Programs

Criteria

Institution offers free or reduced price transit passes and/or operates a free campus shuttle. The Transit passes may be offered by the institution itself, through the larger university system of which the institution is a part, or through a regional program provided by a government agency. The institution must be the entity making the passes available to its community members.

Does the institution offer free or reduced price transit passes and/or operate a free campus shuttle?

- ☐ Unknown
☐ Yes
☐ No

A brief description of the program(s), (s), including availability, participation levels, and specifics about discounts or subsidies offered (including pre-tax options)

The website URL where information about the program is available

OP-T2-30: Condensed Work Week

Criteria

Institution offers a condensed work week option for employees. The institution does not have to offer the option to all employees in order to earn this credit.

Does the institution offer a condensed work week option for employees?
The institution does not have to offer the option to all employees in order to earn this credit.

- ☐ Unknown
☐ Yes
☐ No

A brief description of the program

The website URL where information about the program is available

OP-T2-31: Telecommuting

Criteria

Institution offers a telecommute program for employees.

Does the institution offer a telecommute program for employees?

- ☐ Unknown
☐ Yes
☐ No

A brief description of the program

The website URL where information about the program is available

OP-T2-32: Carpool/Vanpool Matching

Criteria

Institution participates in a carpool/vanpool matching program.

Does the institution participate in a carpool/vanpool matching program?

☐ Unknown

☐ Yes

☐ No

A brief description of the program

The website URL where information about the program is available

OP-T2-33: Cash-out of Parking

Criteria

Institution allows commuters to cash out of parking spaces (i.e. it provides financial compensation to employees who do not drive to work).

Does the institution allow commuters to cash out of parking spaces (i.e., it pays employees who do not drive to work)?

☐ Unknown

☐ Yes

☐ No

A brief description of the program

The website URL where information about the program is available

OP-T2-34: Carpool Discount

Criteria

Institution offers reduced parking fees for car and van poolers.

Does the institution offer reduced parking fees for car and van poolers?

☐ Unknown

☐ Yes

☐ No

A brief description of the program

The website URL where information about the program is available

OP-T2-35: Local Housing

Criteria

Institution has incentives or programs to encourage employees to live close to campus.

Does the institution have incentives or programs to encourage employees to live close to campus?

☐ Unknown

☐ Yes

☐ No

A brief description of the incentives or programs

The website URL where information about the incentives or programs is available

OP-T2-36: Prohibiting Idling

Criteria

Institution has adopted a policy prohibiting idling.

Has the institution adopted a policy prohibiting idling?

- ☐ Unknown
☐ Yes
☐ No

A brief description of the policy

The website URL where information about the policy is available

OP-T2-37: Car Sharing

Criteria

Institution participates in a car sharing program, such as a commercial car-sharing program, one administered by the institution, or one administered by a regional organization.

Does the institution participate in a car sharing program, such as ZipCar or HourCar?

- ☐ Unknown
☐ Yes
☐ No

A brief description of the program

The website URL where information about the program, policy, or practice is available

WASTE

OP-18: Waste Diversion

Criteria

Institution diverts materials from the landfill or incinerator by recycling, composting, reusing, donating, or re-selling.

This credit does not include construction, demolition, electronic, hazardous, special (e.g. coal ash), universal and non-regulated chemical waste, which are covered in OP Credit 19: Construction and Demolition Waste Diversion, OP Credit 20: Electronic Waste Recycling Program, and OP Credit 21: Hazardous Materials Management.

Materials recycled, composted, reused, donated, re-sold, or otherwise diverted

 Tons

Materials disposed in a solid waste landfill or incinerator

 Tons

A brief description of programs, policies, infrastructure investments, outreach efforts, and/or other factors that contributed to the diversion rate

DINING SERVICES

OP-6: Food and Beverage Purchasing

Criteria

This credit includes food and beverage purchases for on-campus dining services operated by the institution or the institution's primary on-site contractor. Institution purchases food and beverages that meet at least one of the following criteria:

Grown and processed within 250 miles of the institution

Third-party certified (USDA Certified Organic, Marine Stewardship Council Blue Ecolabel, Food Alliance, Fair Trade, Certified Humane Raised and Handled)

Food and beverage purchases that meet multiple criteria listed above should not be double-counted.

This credit includes food and beverage purchases for on-campus dining operations and catering services operated by the institution or the institution's primary dining services contractor (e.g. Aramark, Bon Appétit Management Company, Chartwells, Sodexo). On-site franchises, convenience stores, vending machines, or concessions are excluded from this credit unless they are operated by the institution or the institution's primary on-site contractor.

Percentage of food expenditures that meet one or more of the criteria for this credit (0 - 100)

 %

A brief description of the sustainable food and beverage purchasing program

The Website URL where information about the institution's sustainable food and beverage purchasing efforts is available.

OP-T2-4: Vegan Dining

Criteria

Institution offers diverse, complete-protein vegan dining options during every meal. This credit includes on-campus dining services operated by the institution or the institution's primary dining services contractor. (On-site franchises, convenience stores, vending machines, and concessions are excluded from this credit.)

Does the institution offer diverse, complete-protein vegan dining options during every meal?

- ☐ Unknown
☐ Yes
☐ No

A brief description of the vegan dining program

The website URL where information about the program, policy, or practice is available

COORDINATION AND PLANNING

PAE-1: Sustainability Coordination

Criteria

Institution has a sustainability committee, office, and/or coordinator that are tasked by the administration or board of trustees to advise on and implement policies and programs related to sustainability on campus.

The committee, office, and/or coordinator focus on sustainability broadly (i.e. not just one sustainability issue, such as climate change) and cover the entire institution. A committee, office, or coordinator that focuses on just one department or school within the institution does not count for this credit.

Does the institution have a sustainability committee?

- ☐ Unknown
☐ Yes

☐ No

The charter or mission statement of the committee or a brief description of the committee's purview and activities

Members of the committee, including affiliations

The website URL where information about the sustainability committee is available

Does the institution have a sustainability office?

☐ Unknown

☐ Yes

☐ No

A brief description of the sustainability office

The number of people employed in the sustainability office

The website URL where information about the sustainability office is available

Does the institution have a sustainability coordinator?

☐ Unknown

☐ Yes

☐ No

Sustainability coordinator's name

Sustainability coordinator's position title

A brief description of the sustainability coordinator's position

The website URL where information about the sustainability coordinator is available

PAE-5: Climate Action Plan

Criteria

Institution has a formal plan to mitigate its greenhouse gas emissions. The plan includes a measurable, numerical goal or goals and a corresponding date or dates by which the institution aims to achieve its goal(s). The plan has been adopted by the institution's administration.

A formal sustainability plan (i.e. a plan that has been adopted by the administration) counts for this credit if it includes climate change goals, strategies, and corresponding timeframes. Such a plan may also count toward PAE Credit 4: Sustainability Plan.

Does the institution have a plan to mitigate its greenhouse gas emissions that meets the criteria for this credit?

☐ Unknown

☐ Yes

☐ No

A brief summary of the climate plan's long-term goals

A brief summary of the climate plan's short-term goals

Year the climate plan was formally adopted or approved

An indication of whether institution has made a commitment to reduce GHG emissions a specific amount by a target year

- ☐ Unknown
☐ Yes
☐ No

List which emissions (scope 1, 2, and/or 3) are included in its GHG emissions commitment

The reduction level (percentage) institution has committed to

The baseline year the institution used in its GHG emissions commitment (MM/DD/YYYY)

The baseline emissions level institution used in its GHG emissions commitment

The target year the institution specified in its GHG emissions commitment (MM/DD/YYYY)

The website URL where information about the climate plan is available

INVESTMENT

PAE-16: Committee on Investor Responsibility

Criteria

Institution has a formally established and active CIR or similar body that makes recommendations to the Board of Trustees on socially and environmentally responsible investment opportunities across asset classes, including proxy voting. The body has multi-stakeholder representation, which means its membership includes faculty, staff, and students and may include alumni, trustees, and/or other parties.

Institutions for which investments are handled by the university system and/or a separate foundation of the institution should report on the investment policies and activities of those entities.

A general committee that oversees the institution's investments does not count for this credit unless social and environmental responsibility is an explicit part of its mission and/or agenda.

Does the institution have a committee on investor responsibility or similar body that meets the criteria for this credit?

- ☐ Unknown
☐ Yes
☐ No

The charter or mission statement of the CIR or other body, which reflects social and environmental concerns, or a brief description of how the CIR is tasked to address social and environmental concerns

Members of the CIR, including affiliations

Recent examples (within the past 3 years) of CIR actions

The website URL where information about the committee is available

Fire Safety

Information provided should be for the latest 12 month period for which data is available

1. What percentage of your student housing sleeping rooms are protected by an automatic fire sprinkler system with a fire sprinkler head located in the individual sleeping rooms? %

NOTE: A student housing sleeping room is defined as the actual room in which the occupants live and sleep.

Student housing can include typical residence halls, graduate student housing, married student housing or any housing that is under the control

or affiliated with the school, such as private, third-party residence halls built under contract with the school. This does not include Greek housing.

2. What percentage of your student housing sleeping rooms are equipped with a smoke detector that is connected to a supervised fire alarm system? %

NOTE: When the smoke alarm/detector is activated it must transmit a signal to a supervised location, initiating an immediate response by a staff member to investigate. This alarm does not necessarily activate the building fire alarm system.

3. How many malicious fire alarms occur in student housing per year?

NOTE: A malicious fire alarm would be defined as one where a building's fire alarm system is activated even though it is known that there is no emergency condition. For example, someone blows smoke into a smoke detector or a manual pull station is activated.

4. How many unwanted fire alarms occur in student housing per year?

NOTE: An unwanted fire alarm would be defined as one where a building's fire alarm system is activated by non-emergency conditions, yet the fire alarm system responds appropriately to stimuli that it interprets as a fire condition. For example, a smoke alarm that is located too close to a shower and is activated by steam, or is adjacent to a cooking area.

5. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted to a monitored location, and security investigates before notifying the fire department? %

6. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted immediately to the fire department so they can begin responding? %

7. How many students are trained in fire safety in campus provided housing each semester?

8. What percentage of RAs and housing directors receive fire safety training?

NOTE: For purposes of this question, housing staff will include only personnel such as resident assistants and/or resident directors who live in student housing.

9. How many contact hours of fire safety training is provided to students not living in student housing (i.e., off-campus, including Greek)?

NOTE: This will not include fire safety training provided to specialties such as laboratory assistants. This must be actual training with contact time and not include simply handing out brochures, fire safety articles in the student newspaper, etc. An example of contact hours would include fire extinguisher training that is provided to 30 students in one hour which would equal 30 contact hours.

10. How many regularly scheduled, supervised exit drills are held per year in student housing?

11. How many fires did your school experience last year in student housing?

NOTE: A fire must result in damage to the structure or contents.

12. What is the dollar loss related to fire that has occurred on your campus in residential housing?

NOTE: Dollar loss is direct property damage to the structure and contents and does not include costs such as alternative housing, staff response, etc

13. How many students have been injured by fires in student housing?

14. How many students have been killed by fires in student housing?

0

15. Does your school ban any of the following items or activities in student housing sleeping rooms?

NOTE: The "cooking" option excludes cooking done with school-approved/supplied appliances or in school-approved areas, such as kitchens.

- ☒ candles
- ☒ halogen lamps
- ☒ smoking
- ☒ cooking
- ☒ live christmas trees
- ☒ ceiling tapestries
- ☒ Other (please specify)

If you selected Other please specify:

Extension cords

16. Does your school require fire-resistance ratings on furniture (including, but not limited to, beds, mattresses, desks, and chairs) in student housing sleeping rooms?

☒ Yes ☐ No

17. Does your school require that furnishings brought in by the students have fire-resistance ratings?

☐ Yes ☒ No

18. How often are fire safety rules-compliance inspections conducted in your school's student housing?

Monthly

NOTE: This refers to regularly scheduled, in-room inspections conducted by an inspector or trained individual who is knowledgeable about fire safety issues. It does not refer to a security officer making regular rounds. ALL of the rooms must be inspected during these inspections and checked for hazards.
