

Installing GlobalProtect on Chromebook

1. Go to the Google Play store, and search **GlobalProtect**.

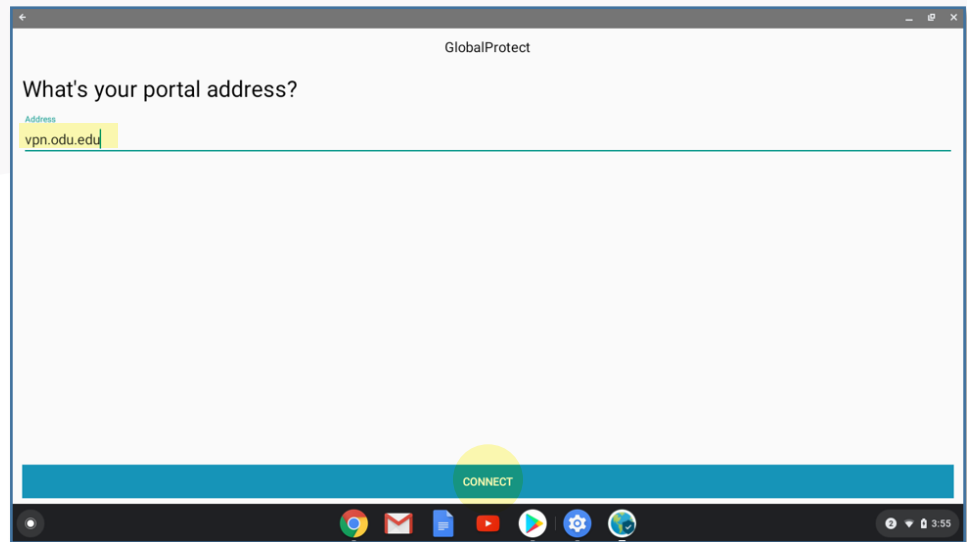

**There is a version of GlobalProtect in the Chrome Web Store, but this version will not be supported in the future. [Learn more about which Chromebooks support Google Play.](#)*

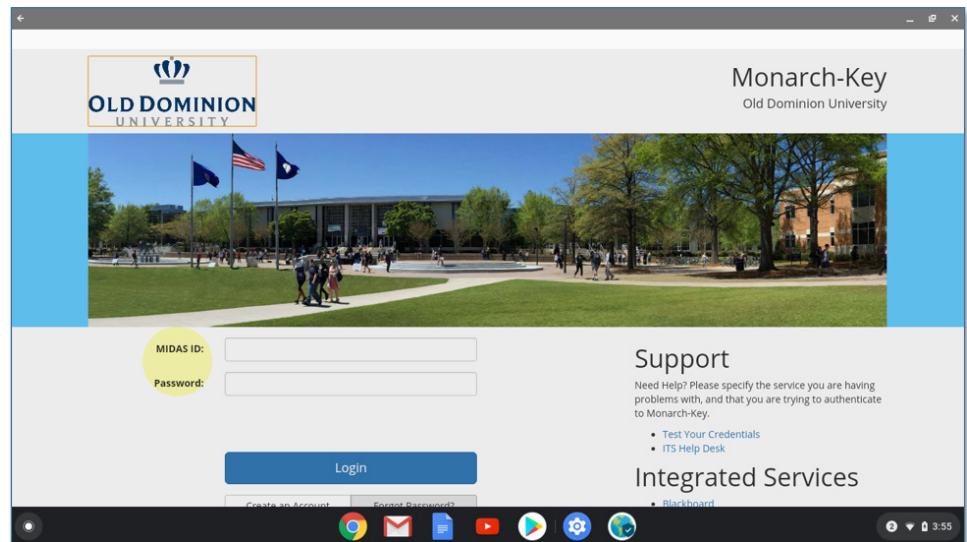

2. Click on **Install**. In the Chromium Launcher, type **GlobalProtect** to launch the app.

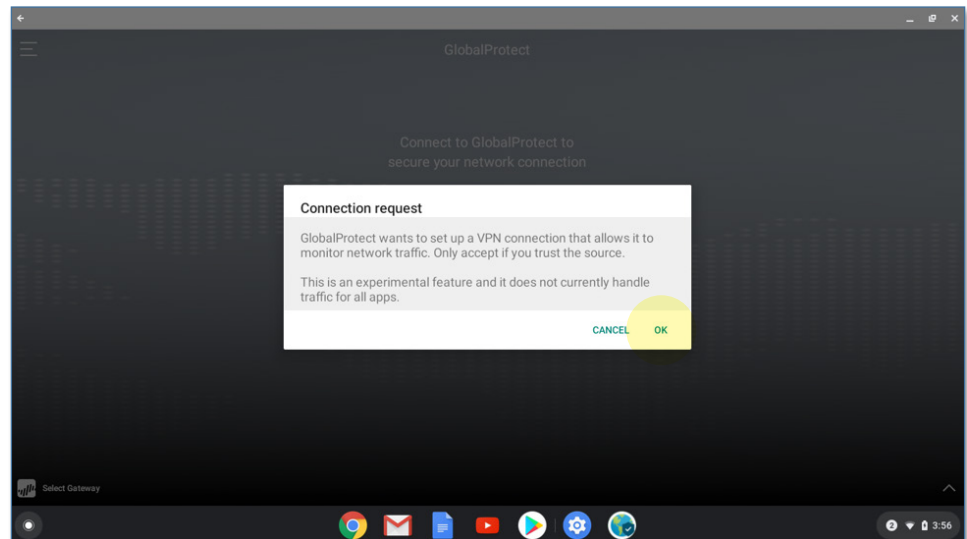

3. When GlobalProtect opens, enter **vpn.odu.edu** and click **CONNECT**.

4. Enter your **MIDAS ID and password** to log in. (You will also need to authenticate with a second factor.)

5. Click **OK** to allow the connection.

- To disconnect, click the **GlobalProtect** icon in the toolbar, and click the shield icon.
