OLD DOMINION UNIVERSITY

Setting Up Microsoft Edge

Microsoft's Chromium Edge Browser is installed on all ODU-managed Windows computers, offering the benefits of a Microsoft-supported browser with the same parts under the hood as Google Chrome and fully integrated bookmarks and settings that sync to your ODU cloud profile.

Set up Microsoft Edge

1. Launch the new **Microsoft Edge** browser, either from your Windows Task Bar or your Desktop:

2. On the first launch, Edge will attempt to connect to your ODU account.

3. Once your account has connected, click the **Complete setup** button to make a few settings selections.

4. Decide on the theme you'd like your browser to use, and click **Confirm**.

Import bookmarks

If you are switching to Edge from Firefox, Chrome or Internet Explorer, you can import all of your bookmarks or favorites so they sync to your ODU cloud profile. Learn more.
