When an employee has reached the maximum of 1500 hours within before April
D. SCOPE

This policy applies to all University departments and academic units.

E. POLICY STATEMENT

Occasionally a situation occurs when a wage employee is needed to carry out specific duties for a short period of time or a department has a need for part-time work or contingent employment. A “direct hire” will not require listing on the vacancy list and advertising or recruiting in the usual manner, but must be processed by the Department of Human Resources.

F. PROCEDURES

1. The department or academic unit must have an established wage position or must request establishment of a wage position by completing an HR-3 Form (Request to Establish/Change an Hourly Position), the position description and related employment forms, and submitting them to the Compensation and Staffing unit in the Department of Human Resources.

2. The department or academic unit must identify someone who meets the minimum requirements listed in the position description.

3. The department or academic unit must submit a direct hire packet requesting approval from the Compensation and Staffing & Operations Manager unit in the Department of Human Resources to employ someone as a Direct Hire.

4. The person cannot begin work until the Department of Human Resources completes the approval process.

5. The department is responsible for tracking hours worked and ensuring compliance with the 1500 hour limit.

If a department or academic unit does not have a wage position to which they can assign an employee or has not identified someone who meets the minimum requirements of their wage position, they will be unable to employ someone as a direct hire. The alternative is to initiate a recruitment through the Department of Human Resources for the position or contract services with a temporary employment agency. Temporary employment agency personnel are not assigned to University wage positions and are not placed on the University payroll. The Budget Unit Director should contact the Department of Procurement Services Materiel Management for assistance with contract services through temporary employment agencies.
