YOUR CAREER IN COMPUTER SCIENCE STARTS WITH ODU

OLD DOMINION UNIVERSITY

#ODUTTP

Top five reasons to choose ODU for Computer Science

- Learn how to solve the world's problems with innovative software solutions through our curriculum using the most current tools in use by professionals.

- Face-to-face and distance learning modes provides flexibility to meet all learning styles and schedules.

- The curriculum supports research in the areas of app development, artificial intelligence, cybersecurity, data analytics, GPU computing, health informatics, IoT systems, machine learning, and medical image processing.

- Computer Science houses a state-of-the-art instructional and research infrastructure that is among the best in Virginia.

- Graduates go on to work for companies such as ADP, Amazon, eBay, Facebook, IBM, and PRA.
