COS Strategic Plan Draft October 2023 .docx;

Dear Colleagues:

I have attached a draft of the College of Sciences 2024 – 2029 strategic plan. As a reminder, we started working on the plan in the spring by forming six committees to bring forward goals and strategies. Those committees had representation from all the departments and were asked to provide one goal and 3 – 6 strategies. We will execute the plan each calendar year by devising a yearly implementation plan in late fall for the following year.

The six committees and chairs of those committees are listed here:

Undergraduate Affairs (Josh Wallach)

Faculty Affairs (Wayne Hynes)

Graduate Affairs (Lesley Greene)

Research Support and Growth (Rodger Harvey)

Staff and Administrative Affairs (Gabriel Franke)

Community Engagement (Jim Brunelle)

I would appreciate your feedback. We have scheduled a college-wide town hall meeting for Oct. 24 (12:30 – 1:20 pm) to discuss the plan. The goal is to finalize the plan by early November

Best Regards,

Gail

### Upcoming Events and Deadlines:

- Science Friday: 4 – 6 pm PSB 1100, October 20, November 17
