Living-Learning and Theme Communities Application

.Mandas, we are excited that you are interested in applying for a Living-Learning and Theme Community (LLCs and TCs) at ODU!

Participating in a Living-Learning or Theme Community will provide a unique living-learning experience that connects you to the ODU community while achieving student success. Visit [Office of Leadership & Learning \(Living-Learning Communities\)](#) for more details about the communities. If space is available, and you meet the eligibility requirements, the following Living-Learning and Theme Communities are available for you to consider:

- **Perry Honors College in Virginia House** (Freshmen, Transfer, Upperclassmen) Must be admitted to the Perry Honors College (visit the [Perry Honors College](#) for specific criteria for admission). This community is open to all Perry Honors College students regardless of classification.

Living-Learning and Theme Community applications are accepted until all spaces are filled. It is best to submit your LLC/TC application as soon as you apply for housing as spaces are limited. Each LLC/TC has a limit to the number of residents that can join the community. To be considered for an LLC/TC, you must complete your entire housing application in addition to preferencing an LLC/TC on this page. **Failure to thoroughly complete essay questions for each LLC/TC you preference will disqualify you from consideration.**

Living-Learning Room Reservation

Welcome to the Living-Learning Room Reservation process!

.Mandas, please review the Room Reservation Guide prior to starting this process. Once you have completed the process, there is no chance to return and redo the process. If you have any questions, please refer to the guide. If you have additional questions, please contact Housing@odu.edu.

Assigning Roommates

Your preferred roommate must be approved for the same community as you in order for you to pull them into a room. You will receive an error message if your friend has not been approved. **Be sure that all preferred roommates are in your Roommate Group** prior to starting this process. Getting halfway through the process and returning to the Roommate Group page will remove any rooms you have selected. Be sure to **select the appropriate amount of bed spaces** to assign to all group members. Not selecting enough beds and returning to the selector page will remove any rooms you have selected. Forgetting to assign your group members a bed space and advancing forward will leave your group members without an assignment. Once you have assigned bed spaces, there is no chance to return and redo the process.

HRL ProTip: If your friend has not been approved, we suggest going forward and creating your assignment. You always want to secure your housing first. If/when your friend is approved for the community then you all can coordinate assignments; they will be able to see any vacancies in the communities and make their assignment. You will be able to complete a room change (or swap) if needed based on availability.

As a reminder: Preferencing roommates within the application is not locking in a space with those roommates!

.Mandas, please review the Room Reservation Guide prior to starting!
