Date-Submitted: 30 August 2023

Title-of-Issue: Revise Policy #5201 to Meet Federal Requirements

Description: ODU's existing Research Conflict of Interests policy does not meet the standards set by many federal funding agencies and requires substantial revisions to meet established standards.

Rationale: ODU could lose federal funding from multiple agencies, lose our R1 Research University status, and more importantly jeopardize the research success of our faculty when they cannot receive federal funding because of an inadequate University policy.
