

AY23-40-Executive Committee

It has come to the attention of the Faculty Senate that a radical change to the University Governance policy was made by University Counsel and approved by the Board of Visitors with neither knowledge nor consent of the Faculty.

This radically changed version was uploaded to the Faculty Handbook in June 2023.

The change to the policy was made two years earlier in June 2021.

This unannounced rewriting of policy is not a unique instance but conforms to an increasingly frequent pattern. As new administrators enter the University, they frequently are unaware of the institution's shared governance process.

The amendment proposed in this Issue Item:

- codifies the process of shared governance at Old Dominion University, which is long-established in both policy and precedent;
- restores important policy language to the University Governance, specifically the definition and membership of the Faculty Forum and the Faculty Senate as the representative body of the Faculty.

Attached are

- the original and legitimate University Governance policy;
- the policy as rewritten by former University Counsel Jay Wright;
- minutes of Board of Visitors documenting the approval of the Wright version absent the advice or consent of the Faculty.

Respectfully submitted,
Michael C. Carhart, professor
Senate chair

CALL TO ORDER AND APPROVAL OF MINUTES

The Rector called the meeting to order at 1:04 p.m. and asked for approval of the minutes of the Board of Visitors meeting held on April 22, 2021. Upon a motion made by Dr. Williams and seconded by Ms. Allmond, the minutes were approved by roll-call vote (*Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Dickeski, Harris, Hill, Jones, Kemper, Mugler, Pitts, Smith, Williams; Nays: None*).

PROPOSED 2021-2022 OPERATING BUDGET & PLAN

The Rector called on Vice President DuBois for the presentation of the proposed 2021-2022 Operating Budget & Plan. He reviewed the budget planning objectives and pointed out a new objective to establish enrollment and operating mitigation funds. He also reviewed budget planning assumptions and base operating resources and needs, noting that this has been the most successful year in terms of receiving additional state funds that were designed to be catch-up funds. In the last ten years under President Broderick's leadership, the University has gone from 70% base adequacy to over 100%. Existing resources will be reallocated for strategic investments and enrollment and operations mitigation funds will also carry over into FY22.

Vice President DuBois shared the details of the E&G operating resources allocated from the Commonwealth. In addition to the restoration of the \$12M in E&G base support, \$4.5M has been allocated to maintain affordable access, \$2.5M for the Joint School of Public Health, \$6.4M for project compensation and benefit cost increases, and \$2.8M in one-time funding for unavoidable cost increases. \$5.3M for in-state need-based student financial assistance has also been restored. Capital funding has been retained for the new Health Sciences Building (\$74.9M) and campus-wide storm water improvements (\$5.2M), and NGF authority has been retained to begin the detailed planning of the proposed \$128M Biology Building (\$5.1M). Maintenance Reserve (\$3.6M) and Higher Education Equipment Trust Fund (\$5.3M) funding was retained and funding was allocated to support a 5% compensation increase for full-time state employees and adjunct faculty. Language was added regarding the Athletic Subsidy that excludes fiscal years 20, 21 and 22 from the five-year rolling average calculation of the change in generated revenue and student fees.

A combination of factors has provided for a stable financial position in the current year and will further the University's financial stability as it moves into FY22. As a result, an 8.5% institutional reserve fund has been established and use of those funds will require Board approval. Additionally, \$20M in one-time funds have been committed for enrollment mitigation and operating funds. New E&G resources total \$45,200,982. Included are one-time funds for unavoidable cost increases that will be requested as base funding for future years. Vice President DuBois also noted that the \$3M allocation for the modified tuition and fee structure is in its final year.

Bruce Aird, University Budget Officer, presented the proposed E&G resource allocations, including the mandatory cost increases and the strategic initiatives. Strategic initiatives include

base funding for adjunct faculty (\$1.8M), student service operations (\$925K), Cybersecurity faculty (\$180K), Title IX staffing and operations (\$245K), student success coaches (\$132K), joint School of Public Health (\$2.5M), strategic initiatives holding fund (\$4.1M), and one-time enrollment mitigation and operating funds (\$20M). Vice President DuBois commented that the strategic initiative holding fund was established at the request of President Broderick to allow incoming President Hemphill to allocate the funds for his strategic initiatives.

In response to a question from Mr. Bradley, Vice President DuBois explained that the \$20M in one-time funding for enrollment mitigation and operating expenses may not all be spent in FY22 and could roll over to the next fiscal year and could possibly be used as “seed money” for new initiatives that could become self-sustaining or for which base funding is allocated in future years. If there is an enrollment shortfall and some of the mitigation funds are used for that purpose, a budget planning process will begin immediately to plan for the following year. At this point, however, the fall enrollment data is not yet available to make this decision. President Broderick added that all universities are experiencing retention issues for first-year students due to the shift to online learning and fall commitments are not as strong as last year when ODU was one of the few institutions that maintained its fall enrollment and increased it in some categories. That may be due to some students who took classes online through ODU moving to other institutions closer to home for in-person classes. It’s too soon to tell, but it appears that retention is more of an issue than first-time enrollments.

Mr. Aird noted that auxiliary resources were severely impacted by the low on-campus presence over the last year. Multiple strategies were used to mitigate the financial impacts and ensure long-term sustainability. These included relief from indirect cost requirements, debt refinancing and restructuring, and pandemic relief funding. The success of the return to campus will provide a barometer for the use of similar strategies for the upcoming fiscal year. All auxiliary operations have taken a conservative approach to revenue projections and savings strategies in FY22. Student fee resources available for the upcoming year total \$5,035,370 and will be used to fund compensation and benefits costs (\$650K), base funding for current merit based aid (\$740K), investment in additional merit based aid (\$500K), and the Auxiliary Capital Investment Fund (\$500K), leaving \$2.645M for one-time enrollment mitigation and operating funds. The details of the proposed operating budgets of the auxiliary units were shared as well as the impact on fund balances, which all continue to be healthy.

Taken together, resources from the state general funds and the non-general funds comprised of student tuition & fees; grants, contracts and gifts; and auxiliary enterprises totaling \$575,427,000. The proposed expenditure plan totals \$574,357,000, resulting in a \$1,070,000 contribution to fund balances. Upon a motion made by Mr. Mugler and seconded by Mr. Bennett, the 2021-2022 Operating Budget & Plan was approved by roll-call vote (*Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Dickeski, Harris, Hill, Jones, Kemper, Mugler, Pitts, Slaughter, Smith, Williams; Nays: None*).

RECTOR'S REPORT

In her report to the Board, Rector Kemper recognized Bob Corn, Jerri Dickeski, Ross Mugler and Maurice Slaughter who have been reappointed by Governor Northam to a second four-year term on the Board. She also congratulated President Broderick on his appointment to the SCHEV Board of Directors.

The Rector called on Vice President Stansberry to recognize several students who are with the Board today. He welcomed Lola Jegede to her first meeting as the Board's student representative. He introduced Myles Nixon, the Student Body President, who is a rising junior majoring in Psychology and previously served as the SGA's director of regional affairs and diversity. He also volunteers as a recruitment and social media chair for ODU's foster youth care student organization. The Rector recognized Myles for the editorial he submitted to *The Virginian-Pilot* thanking the Board and President Broderick for the decision not to increase tuition for the upcoming year. Alicia Pullen and Dawaan Steagall were recently selected as Governor's Fellows.

Alicia works in the office of the Secretary of Health and Human Resources. She received her BA in History and Political Science from Old Dominion in 2019. She is a current graduate student studying public administration. She previously interned for State Senator John Cosgrove, Delegate James (Jay) Leftwich and Kieloch Consulting. Dawaan works in the office of the Secretary of Public Safety and Homeland Security. He is currently a senior majoring in Criminal Justice. He formerly interned for Two Capitols Consulting, Delegate Alex Askew, Delegate Cliff Hayes and State Senator Mamie Locke. The Rector said that she would like to continue the tradition at future Board meetings to recognized students and faculty members for their achievements.

Vice Rector Bradley gave an update on the Board's operating budgets. He said that there have been no changes since his report in April. \$2,177 has been spent from the E&G budget, leaving a balance of \$5,474, and \$523 has been spent from the Board's discretionary budget and has a remaining balance of \$1,847. \$202,159 has been spent from the presidential search budget, leaving a balance of \$45,861. Vice President DuBois said that there may be one final bill from WittKieffer.

The Rector introduced Ron Ripley, former Rector and the Board's representative to the Online Virginia Network board, Jane Dane, Associate Vice President for Enrollment Management, and Andy Casiello, Associate Vice President for Distance Learning, for an update on the activities of OVN. Mr. Ripley commended the work of Ms. Dane and Mr. Casiello and the University's leadership in this arena. He noted that the Speaker of the House is the current chair of the OVN Board and OVN has been a great success.

Ms. Dane provided an overview of the Online Virginia Network, its history, mission, strengths, budget, ODU's responsibilities in support of the enterprise and its future direction. OVN was established in 2017 with ODU and George Mason and was later expanded to include JMU and VCCS. At that time ODU had already been a leader in delivering online courses and George Mason was just getting started. OVN's mission is to increase degree completion, improve job ready workforce credentials and quality of life for Virginians. Its strengths include an inventory of online degree programs and courses, affordable degree options, strategic outreach to potential degree completers, and student support. Its budget is \$4M for OVN and \$1M for ODU. ODU's responsibilities include budget authority, OVN board liaison, lead marketing strategy and implementation, and development of the website and technology support. Its future direction is to expand access through collaborative enrollments. She noted that former student representative to the Board Bo Ram Yi provides administrative support to the OVN Board, Bruce Aird manages the budget, and David Kozoyed and Rusty Waterfield provide the IT support. A project manager from George Mason also assists, but the bulk of the support is provided by ODU.

Ms. Dane shared the distribution of over 1M student stop-outs throughout the Commonwealth, noting that most are from the major metropolitan areas but are also spread throughout the state. She reviewed the OVN program inventory, noting that there are 10 partner institutions, three four-year and seven from VCCS. The 200 online programs include certificates, associate's and bachelor's degree levels. OVN covers nine of the 10 fastest growing programs, including bachelor's degrees in computer and information sciences, liberal arts and sciences, business administration and management, political sciences and government, and registered nursing; and

associate's degrees in registered nursing, general studies, engineering and computer science. She also shared a chart listing the areas of study covered among the partners and stated that these are coordinated to minimize duplication among the institutions. The program serves the non-traditional student demographic well.

Dr. Casiello brought the board members' attention to a handout listing the various awards and recognitions ODUOnline has received over the years, both in Virginia and nationally. ODU does all of the marketing for OVN and its member institutions, as well as handling the financials. It is truly a University-wide effort that makes this program a success. He reviewed the integrated marketing strategy to promote the program with the use of traditional media as well as digital channels and through partner development and relationship management. He illustrated the ODUOnline system as a four-gear approach: (1) online faculty training and course development, (2) online technology infrastructure, (3) marketing and promotion (lead generation), and (4) online student lifecycle support services. He also shared enrollment data, noting an average yearly increase of 14.2% in the conversion rate (completed inquiry forms) and an over 83% increase from FY14-15 to present. He then shared a brief promotional video and stated that the future of OVN would embrace the purpose and build on the premise of serving Virginians who started a degree but did not finish, providing accessible and affordable online education, offering a central location for students to locate courses and programs from partner institutions, and evolving its modest web presence to a robust resource for citizens and institutions in the Commonwealth. In response to a question from Mr. Pitts, Dr. Casiello said that each institution earns its own tuition revenue.

In his closing remarks, Mr. Ripley challenged the Board to become more strategically involved in OVN's future and encouraged those who have not visited the Distance Learning operation in Gornito Hall to do so.

Rector Kemper presented a resolution to name Kate Broderick First Lady Emerita. Upon a motion made by Ms. Smith and duly seconded, the following resolution was approved by roll-call vote (*Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Decker, Dickseski, Harris, Hill, Jones, Kemper, Mugler, Pitts, Slaughter, Smith, Williams; Nays: None*).

PRESIDENT’S REPORT

In his report to the Board, President Broderick provided an overview of Old Dominion University’s public health collaborations. The ODU-NSU-EVMS School of Public Health is moving along very well. Provost Agho is leading a joint search for the founding dean assisted by the search firm WittKieffer. A working group is meeting weekly to develop an inter-institutional MOA. ODU has three MPH tracks and two doctoral tracks, EVMS has two MPH tracks and NSU is developing its initial MPH track. Planning is fully engaged with the accrediting body, the Council on Education for Public Health. ODU is making a three-faculty cluster hire in health disparities and another cluster through VMASC for supercomputer “Big Data” health researchers.

The Hampton Roads Biomedical Research Consortium is another great partnership between ODU, Sentara and EVMS. NSU and CKHD will also be added to the partnership. The HRBRC facilities will be located in ODU’s Tri-Cities Center next to VMASC. The HRBRC has already launched a

startup in blockchain security for health data with Sentara and created a COVID vaccine supply chain model with daily shot and shipment forecasts for the Virginia Department of Health.

ODU, NSU and EVMS are in collaboration with the City of Norfolk on Digital Neighborhoods health-equity project. A “digital twin” of Norfolk neighborhoods using big data is being developed to simulate health-equity interventions to optimize design and implement. They are working with community stakeholders to identify and design health-equity priorities for interventions with the initial target being mental health. The overall goal of the project is to develop holistic “Blue Zones” wellness for the community.

The Hampton Roads Health Sciences Ecosystem Work Group is a partnership with ODU, NSU, EVMS, Sentara, and CHKD to identify synergies and opportunities for collaboration. They are currently working on degree and certification articulations and shared research infrastructure and services, and are discussing long-term issues such as finance, clinical training, services and governance.

President Broderick reported that the School of Continuing Education, formerly the College of Continuing Education and Professional Studies, generated \$1M in annual revenue. The fundraising initiative has raised \$211M of its \$250M goal, for which he commended Vice President Brandon. The Educational, Athletic and Real Estate Foundations completed independent audits and all received unmodified opinions.

The Monarch Esports Arena (MEA) is a 2400+ sq.ft. gaming space located on the second floor of Webb Center. It features 50 computers, consoles and a library of games and has a broadcast and streaming studio and a console area for relaxing and social gaming. It hosts various programs, on-campus events, and is available for reservation.

President Broderick provided a summary of the status of the Cares Act funding received by the University. The University currently has \$37M of the \$62M allocation and has requested a 12-month extension to allocate these funds in FY22. The \$22M remaining from the \$38M in Student Emergency Grand Funds will carry over for a second year to assist students affected by the pandemic.

Standard & Poor’s Global Ratings affirmed ODU’s A+ long-term rating with a stable outlook after its March review. ODU’s financial profile was deemed to be very strong with diversified revenue, healthy state appropriation, moderate debt, and available resources that are in line for the rating category.

Earmarks for the \$42M in carry-over funds include \$8.3M for FY22 revenue received, \$5.1M for biology building planning, and \$8.6M for E&G strategic initiatives for a total of \$22M, leaving President Hemphill with \$20M to invest in his initiatives.

An special session of the General Assembly is anticipated in late summer to discuss the distribution of the Federal funds allocated to the Commonwealth. ODU is working with the other institutions to craft a unified request for those funds.

Plans are underway for the return to campus operations under guidance developed by the University's COVID team. All temporary telework agreements will expire on June 25 and employees are expected back on campus no later than June 28. Consideration will be given to employees with special circumstances and Human Resources in providing guidance to managers and employees. Faculty and staff are strongly encouraged and students are required to be vaccinated by August 1 unless claiming an exemption. The University has implemented a mechanism for uploading proof of vaccination documentation.

Salary equity continues to be a priority for the institution and a commitment has been made to continue this review despite budgetary uncertainty stemming from the pandemic. Annual salary reviews identify disparities in pay that are based on gender or ethnicity and provides a mechanism for making pay adjustments to correct the disparity. Eight salary adjustments were made based on this process.

Under the leadership of Vice President Sanderlin, faculty and administrators have been involved in the Facilitator Certification Program. Leaders and employees must have the skills and competencies to engage in dialogue on historically polarizing and "off limits" topics. This program empowers organizations to build internal capacity for engaging in effective dialogue across differences. The Offices of Institutional Equity and Diversity and Academic Affairs are partnering to train 50 facilitators throughout the campus community to engage in Bold Inclusive Conversations. The first cohort was trained in May and the second cohort is scheduled for training in July.

The University is also actively engaged in Juneteeth activities. On June 14, Ted Ellis, a scholar-in-residence in the College of Arts and Letters, hosted a conversation on activism, social justice, and showcased his art in commemoration of Juneteenth. A Juneteenth Market on Monarch Way will take place on June 19 at the Brock Commons. This is a grassroots effort featuring local farmers, artisans, and musical performers of color to celebrate and highlight the contributions of the Black community.

President Broderick congratulated Jerri Dickeski, Bob Corn, Ross Mugler and Maurice Slaughter on their reappointments to the Board. He was celebrated as founder of the Social Mobility Center during the Social Mobility Symposium and served as a panelist and hosted keynote speakers including Joseph Castro, California State University System, and Tia Brown McNair, author of *Becoming a Student-Ready College: A New Culture of Leadership for Student Success*. He was named the 2021 Individual Darden Award Recipient for Regional Leadership from the CIVIC Leadership Institute.

At the conclusion of his report, he said that he hoped the Board will consider a way to recognize Cecelia Tucker for her remarkable achievements in equity, diversity and inclusivity.

REPORTS OF STANDING COMMITTEES

ACADEMIC AND RESEARCH ADVANCEMENT COMMITTEE

Ms. Jones, chair of the Academic and Research Advancement Committee, reported that the Committee convened in closed session to discuss the appointment of three faculty members with tenure, an honorary degree, and faculty representatives to Board of Visitors committees. The following resolutions were brought forth as recommendations of the Academic and Research Advancement Committee and were approved by the Board by roll-call vote (*Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Decker, Dickeski, Harris, Hill, Jones, Kemper, Mugler, Pitts, Smith; Nays: None*).

INITIAL APPOINTMENT OF FACULTY MEMBER WITH TENURE

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the appointment of Dr. Lei Zhang as Associate Professor of Finance with the award of tenure in the Department of Finance in the Strome College of Business, effective July 25, 2021.

Salary: \$180,000 for 10 months
Rank: Associate Professor of Finance

The following contains my recommendation for the initial appointment with tenure of Dr. Lei Zhang as Associate Professor in the Department of Finance. Dr. Lei Zhang received a B.A. in Money and Banking from Henan University of Finance and Economics, and an M.A. in Economics from Sichuan University, both in China. She also earned an M.S. and Ph.D. in Economics from the University of Texas at Dallas. Prior to ODU, she was Instructor and Teaching Assistant at the University of Texas at Dallas and Assistant Professor at Edinboro University of Pennsylvania and North Dakota State University. Dr. Zhang received tenure and promotion to Associate Professor at North Dakota State University, where she is also a Faculty Fellow at the NDSU Challey Institute for Global Innovation & Growth. North Dakota State University is “distinctive as a student-focused, land grant, research university.”

The ODU *Teaching and Research Faculty Handbook* states, “The main purposes of tenure are to protect academic freedom and to enable the University to attract and retain a permanent faculty of distinction in order to accomplish its mission.” [p. 53]. The *Teaching and Research Faculty Handbook* policy on Initial Appointment of Teaching and Research Faculty states a request for initial appointment with tenure at the rank of professor or associate professor must be “initiated by the chair and reviewed by all tenure review bodies.” The policy also says, “Normally, an initial appointment with tenure will be granted only to a faculty member who already has achieved a distinguished academic record and held a tenured position.” [p. 26].

Recommendations in support of tenure at the rank of Associate Professor for Dr. Zhang were received from the departmental, college, and university promotion and tenure committees, as well

as from the college dean. The Promotion and Tenure Committee for the Department of Finance (7-0), the Promotion and Tenure Committee for the College of Business (5-0) and the University Promotion and Tenure Committee (5-0) unanimously recommend this appointment. The chair and dean recommend appointment with tenure.

Based on my independent evaluation of the materials submitted and recommendations from review committees, it is my judgment that Dr. Zhang meets the standards for tenure at the rank of Associate Professor in the Department of Finance at Old Dominion University.

INITIAL APPOINTMENT OF FACULTY MEMBER WITH TENURE

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the appointment of Dr. Jomo Mutegi as Associate Professor of Teaching and Learning with the award of tenure in the Department of Teaching and Learning in the Darden College of Education and Professional Studies, effective July 25, 2021.

Salary: \$85,000 for 10 months
Rank: Associate Professor of Teaching and Learning

The following contains my recommendation for the initial appointment with tenure of Dr. Jomo Mutegi as Associate Professor in the Department of Teaching and Learning. He received a B.S. in Chemistry from Gannon University in Pennsylvania, a Ph.D. from Florida State University, and a Teaching License and served as a Post-doctoral Fellow at the University of Pittsburgh's Department of Instruction and Learning. Prior to assuming his current tenured faculty position in the School of Education at Indiana University Purdue University Indianapolis, he held an Assistant Professor position at University of Pittsburgh and Assistant Professor in the Departments of Teacher Education & Administration and Advanced Studies Leadership & Policy at Morgan State University in Maryland. At Indiana University, he served as Assistant Director of the Urban Center for the Advancement of STEM Education (UCASE) for a period of two years (2010-2012).

The ODU *Teaching and Research Faculty Handbook* states, "The main purposes of tenure are to protect academic freedom and to enable the University to attract and retain a permanent faculty of distinction in order to accomplish its mission." [p. 53]. The *Teaching and Research Faculty Handbook* policy on Initial Appointment of Teaching and Research Faculty states a request for initial appointment with tenure at the rank of professor or associate professor must be "initiated by the chair and reviewed by all tenure review bodies."

The Promotion and Tenure Committee for the Department of Teaching & Learning (5-0) and the chair and dean recommend appointment with tenure. The Promotion and Tenure Committee for the Darden College of Education & Professional Studies (0-4 against; with an additional 1 recusal

and 1 absent) and the University Promotion and Tenure Committee (0-5) unanimously do not recommend tenure.

The Teaching and Research Faculty Handbook policy states, “Normally, an initial appointment with tenure will be granted only to a faculty member who already has achieved a distinguished academic record and held a tenured position.” [p. 26]. Dr. Mutegi is a tenured Associate Professor in the School of Education at Indiana University-Purdue University Indianapolis, a doctoral university with high research activity as classified by the Carnegie Classifications of Higher Education System.

One of the reasons cited by both the College and University Committees for the negative vote is that Dr. Mutegi did not meet research standard of “two publications per year in recognized peer-reviewed” journals. I find that this conclusion is arbitrary and inconsistent with the Department of Teaching and Learning Criteria for Evaluation of Faculty Scholarly Activity and Research Statement that was adopted in 2014 and revised in 2020. The Department of Teaching and Learning encourages “faculty members to engage in ongoing scholarly work” and “grow as a scholar, but the scholarship statement did not specify an expected average number of articles a faculty member must publish per year. In addition to publishing 3 book chapters, 14 peer-reviewed articles, one refereed practitioner article, and 17 non-refereed articles, he has delivered 123 regional, national, and international refereed and invited presentations and secured more than \$3.5 million in grants from foundations and government agencies. He has taught several undergraduate and graduate level courses and reviews of student qualitative feedback indicated that he is an engaged and effective teacher and mentor.

Based on my assessment of Dr. Mutegi’s accomplishments in the areas of research, teaching, and service, I believe that the recommendation of the Department Promotion and Tenure Committee is fair and objective. I also concur with the Dean of the College of Education and Professional Studies that Dr. Mutegi “is producing important scholarship that is recognized by his peers and is making a needed impact on STEM education for diverse learners” and that he brings “a needed focus on diversity in the STEM disciplines to the Teaching and Learning Department”.

In conclusion, it is my judgment that Dr. Mutegi meets the standards for initial appointment at the rank of Associate Professor with tenure in the Department of Teaching and Learning at Old Dominion University.

INITIAL APPOINTMENT OF FACULTY MEMBER WITH TENURE

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the appointment of Dr. Suzanne Wright as Associate Professor of Nursing with the award of tenure in the School of Nursing in the College of Health Sciences, effective June 10, 2021.

Salary: \$198,000 for 12 months
Rank: Associate Professor of Nursing
(Designated as Chair of the School of Nursing)

The following contains my recommendation for the initial appointment with tenure of Dr. Suzanne Wright as Associate Professor and Chair in the School of Nursing. Dr. Wright received a B.S. in Nursing, an M.S. in Nurse Anesthesia, and a Ph.D. in Health-Related Sciences, (Nurse Anesthesia) from Virginia Commonwealth University (VCU). Prior to ODU, she was a Registered Nurse (1997-2000), Graduate Teaching Assistant at VCU (2001), Director of the Center for Research in Human Simulation at VCU (2005-2019), and Certified Registered Nurse Anesthetist at HCA CJW Medical Center in Richmond, Virginia (2003-present). Dr. Wright has held multiple concurrent positions in the Department of Nurse Anesthesia in the School of Allied Health Professions at VCU, including Director of Doctoral Education for Nurse Anesthesia (October 2009-2019), Vice Chair for Academic Affairs and Assistant Program Director (2012-2019) and Associate Professor (2014-2019), and Herbert T. Watson Professor and Chair (2019-Present).

The ODU *Teaching and Research Faculty Handbook* states, “The main purposes of tenure are to protect academic freedom and to enable the University to attract and retain a permanent faculty of distinction in order to accomplish its mission.” [p. 53]. The *Teaching and Research Faculty Handbook* policy on Initial Appointment of Teaching and Research Faculty states a request for initial appointment with tenure at the rank of professor or associate professor must be “initiated by the chair and reviewed by all tenure review bodies.” The policy also says, “Normally, an initial appointment with tenure will be granted only to a faculty member who already has achieved a distinguished academic record and held a tenured position.” [p. 26].

Recommendations in support of tenure at the rank of Associate Professor for Dr. Wright were received from the departmental, college, and university promotion and tenure committees, as well as from the department chair and the college dean.

The Promotion and Tenure Committee for the School of Nursing (6-0), the Promotion and Tenure Committee for the College of Health Sciences (4-0) and the University Promotion and Tenure Committee (5-0) unanimously recommend this appointment. The chair and dean recommend appointment with tenure.

Based on my independent review of the materials submitted, it is my judgment that Dr. Suzanne Wright meets the standards for tenure at the rank of Associate Professor in the School of Nursing, College of Health Sciences at Old Dominion University.

He joined Old Dominion College of Engineering as an Assistant Professor in 1967, rising through the ranks as an Associate Professor in 1970 and Professor in 1976. Ash was designated as an Eminent Professor in 1982 and Eminent Scholar in 1989. He served as Acting Dean of Engineering from 1983 to 1984, Chair of the Mechanical Engineering and Mechanics Department from 1984 to 1993, Associate Vice President for Research, Economic Development and Graduate Studies from 1995 to 1999, and Interim Associate Vice President for Research and Graduate Studies and then Interim Vice President for Research between 2001 and 2004.

Ash was granted a leave of absence from 1977 until 1979 to work as a National Research Council Senior Resident Research Associate at Jet Propulsion Laboratory (JPL), California Institute of Technology. In collaboration with JPL Engineer Warren L. Dowler, he was able to prove it was feasible to produce oxygen and chemical rocket propellant from local material on the surface of Mars (they invented In Situ Resource Utilization for round trip space travel). On April 26, 2021, the Mars Perseverance rover's MOXIE experiment successfully produced oxygen from Mars atmosphere based on Ash's invention. Between 1986 and 1989, approximately 50 undergraduate Mechanical Engineering capstone design students designed and tested a Mars Oxygen Processor, proving the feasibility of the 2021 Mars surface experiment.

Ash was a Cofounder of the Cooperating Hampton Roads Organizations for Minorities in Engineering (CHROME) in 1983. He served on the Board of Advisors for the University of Arizona's NASA Center for the Utilization of Local Planetary Resources from 1988 until 1994, serving as chair between 1993 and 1994. He co-authored the NASA proposal creating the Virginia Space Grant Consortium in 1988, serving on its Technical Advisory Board for 25 years, and chairing that board between 1992 and 1995. Ash has been recognized as an outstanding teacher seven times. He has been Principal Advisor for 33 MS and 13 PhD students and has served on more than 100 MS and PhD committees. He has been Principal Investigator on external research grants totaling more than \$6 million. He and his students have authored more than 100 refereed publications. In addition to Mars resource utilization contributions, Ash co-invented riblets for turbulent skin friction reduction, and more-recently has identified non-equilibrium pressure as a mechanism controlling the intensity of cyclonic flows, ranging from dust devils through hurricanes.

She was promoted to the rank of Librarian III in June 2020.

Under Boone's leadership, the Learning Commons @ Perry Library has grown significantly over the last ten years. When it opened, she was the only full-time employee, with service desk support provided by librarians and staff from Reference and Research Services, and five part-time employees who covered evening and overnight hours. Under her leadership, the Learning Commons @ Perry Library has come to be recognized by the University as an essential student resource. This is evidenced by the fact that in July 2020, following the three-month COVID-19 campus closure, the Learning Commons was among the first facilities to reopen. In addition to responsibilities of the positions she has held, Boone has served on a multitude of Libraries and University-wide committees, teams, task forces, and working groups, as well as contributed to regional and state professional organizations. She was honored as the Libraries Classified Staff Member of the Year in 1994 and 2007, and as Librarian/Faculty Administrator of the Year in 2012 and 2020. DEANNE SHUMAN

Deanne Shuman received a BS in Dental Hygiene, an MS in dental hygiene, and a PhD in Urban Services – Management from Old Dominion University. She joined the University in 1976 as Assistant Professor of Dental Hygiene and Dental Assisting. She taught a variety of lecture and clinical courses in both the Dental Hygiene and Dental Assisting programs and held several positions, including Clinical Supervisor, First-Year Clinical Coordinator, Chief Academic Advisor, MS Program Director, Acting Chair, and Chair.

In 2011 Shuman was appointed Director of the PhD in Health Services Research program, which was housed under the College of Health Sciences' Dean's Office. During this time, she was asked to serve as Interim Dean of the College of Health Sciences. As PhD Program Director, Shuman moved out of the School of Dental Hygiene and became associated with the faculty of the School of Community and Environmental Health. She served as Interim Chair and later Chair of the School of Community and Environmental Health and also served as Associate Director of the Joint ODU EVMS Master's in Public Health program and taught several courses in the program.

Shuman has been active in dental hygiene professional organizations at the local, state, and national levels and served as contributing editor of the Journal of Dental Hygiene for four years and editorial review board member of several professional dental hygiene journals. She served as a member and chair of the Council on Research, American Dental Hygienists' Association, which developed the first national research agenda for dental hygiene. While it has since been updated, it is still the guiding standard today.

Shuman was the lead designer of a dental instrument, the ODU Explorer 11/12, which is used in dental hygiene students' instrument kits and dental practices globally as a basic tool in oral health care delivery. She volunteered with Operation Smile and helped to create a free dental clinic in the Park Place community in Norfolk. With organizational leadership changes over the years, this clinic has thrived since its inception in 1999 as a significant safety net providing oral health services for individuals without dental insurance.

DONALD H. SMITH

Donald H. Smith earned a BA and MA in Sociology from California State University at Long Beach and a PhD in Sociology from Emory University. He joined Old Dominion as an Assistant Professor of Sociology and Criminal Justice in 1974, chaired the department from 1976 to 1982, and was promoted to Associate Professor in 1978. Smith taught 26 different courses and developed the online Criminal Justice undergraduate program, now a Signature Online program. He has been a champion for students and provided them the education they need in the modality that worked best for them. He won the Stern Award for Excellence in Teaching in 2014 and the University Teaching with Technology Award in 2007. He served on many department, college, and University committees and always supported junior faculty.

Smith is known for his research on a variety of criminal justice and international issues. He served as an expert witness in Virginia courts on issues such as eyewitness testimony, jury selection, change of venue, and more. Active in community organizations, Smith brought his survey research and statistical skills to local agencies to help them chart future directions. These included Norfolk city agencies, schools, libraries, and public radio. He was a recipient of a United States Information Agency Cultural Exchange Grant with University of Aleppo, 1992-1995.

JANIS KREBS SMITH

Janis Krebs Smith received her BA in English from Mary Baldwin College [now Mary Baldwin University] and her MA in English from Wake Forest University. She joined the Old Dominion faculty as an instructor in 1972 on a three-year appointment. Smith returned to Old Dominion in 1980 and for 25 years worked in Career Development Services. She was named Administrator of the Year in 1993.

In 2005, Smith returned to the Department of English, where she served as Lecturer and Chief Departmental Advisor. During that time, she taught composition, general education literature, and an introductory class for majors. Smith earned numerous Shining Star awards from students beginning in 2010. Committee members approved the regular agenda items including proposed revisions to three policies: Evaluation of Tenured Faculty, Tenure, and Promotion in Rank. The following resolutions were brought forth as recommendations of the Academic and Research Advancement Committee and were approved by the Board by roll-call vote (*Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Decker, Dickeski, Harris, Hill, Jones, Kemper, Mugler, Slaughter, Smith; Nays: None*).

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON EVALUATION OF TENURED FACULTY

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Evaluation of Tenured Faculty effective July 1, 2021.

Rationale: The changes to the policy on Evaluation of Tenured Faculty are proposed to address two issues.

1. Language has been added to address situations where a faculty member fails to provide information for the annual evaluation.
2. Information has been added to clarify expectations regarding the advancement of associate professors to full professor. The proposed language would require department/school chairs to offer feedback to associate professors who desire promotion on their progress to full professor and work with the faculty member to develop a plan for advancement.

NUMBER: 1413

TITLE: Evaluation of Tenured Faculty

APPROVED: June 12, 1980; Revised September 14, 1984; Revised November 19, 1987; Revised December 3, 1992; Revised April 8, 1993; Revised December 2, 1993; Revised April 6, 1995; Revised April 10, 1997; Revised April 12, 2001; Revised June 14, 2005, Revised April 6, 2007; Revised September 17, 2009; Revised December 10, 2009; Revised September 26, 2013; Revised December 4, 2014 (eff. 1/1/15)

I. Board of Visitors Policy

- A. An annual evaluation of the performance of all faculty members will be conducted in order that they may receive full credit and review for their contributions to the University and to their disciplines. The three criteria on which this evaluation will be based are teaching, research, and service.
- B. The initial responsibility for evaluation of faculty performance rests with the chair, on the basis of evidence supplied by the faculty member or collected elsewhere. The faculty member shall be given a copy of the chair's evaluation and may submit comments. Both the chair's evaluation and the faculty member's comments are submitted to the dean, who has the final responsibility for evaluation of faculty. A copy of the dean's evaluation should be sent to the faculty member in a timely fashion.

II. Procedures for Evaluation of Faculty

A. Annual Evaluation

- 1. In order to insure that all relevant information is included in the evaluation, all faculty members are required to submit once a year a faculty information sheet in which they detail the evidence in support of their performance in teaching, research, and service, together with whatever other information they wish to be taken into consideration by the chair and dean in the evaluation. These evaluations will be based on a faculty information sheet, student evaluations of teaching, up-to-date curricula vitae, peer evaluation of course portfolios, and such other information as the faculty or the chair wishes to include. The evaluations will comment on the performance of the faculty member in teaching, research and service and on progress toward meeting individual goals resulting from previous evaluations. If the faculty member fails to submit his or her annual evaluation materials, the chair and dean have the discretion to evaluate the faculty member's performance based on available evidence. For associate professors who desire promotion, feedback on their progress to full

professor will be provided by the department/school chair in consultation with the chair of the department/school promotion and tenure committee. The department/school chair will work with the faculty member to develop a plan for advancement to full professor.

B. Evaluation Process

1. The chair, using the faculty information sheet and whatever other information is obtainable, evaluates the performance of the faculty member during the previous year and writes up the evaluation into a formal statement of the contributions of the faculty member to the department, college, and university. In the case of chairs, these evaluations are written by the dean. Since evaluation of performance is one of the essential factors in determinations concerning tenure, promotion, reappointment, and salary increments, the chair and dean should make every effort to insure that the evaluations are clear, honest, and genuinely evaluative. A listing of facts without interpretation is helpful neither to the faculty member nor to the committees concerning personnel decisions.
2. The chair and the dean will interpret the cumulative record of annual evaluations along with the performance of the faculty member during the previous year (see section II.B.1), so that a clear picture of positive contributions and any deficiencies will emerge. An in-depth evaluation will be conducted if requested by the faculty member, the chair, or the dean. In no case will a faculty member be considered for promotion or other major personnel decision unless an in-depth evaluation as described in the policies on Evaluation of Teaching Effectiveness, Evaluation of Scholarly Activity and Research, and Evaluation of Service has been conducted in the previous twelve months.
3. The dean evaluates in writing the performance of the faculty member by either: endorsing the evaluation of the chair; or indicating areas in which the dean's evaluation differs from that of the chair.
4. After completing the evaluation of the faculty member's activities, the chair gives the faculty member a copy of the evaluation and discusses it with the faculty member. At this time, the faculty member and chair agree on a written set of goals for the coming year. If appropriate, the chair should make suggestions for improvement and give the faculty member a clear idea of ways in which the performance might be improved in future years.
5. Where deficiencies are noted, the chair should work with the faculty member to develop a plan to address the deficiencies and either provide resources to implement the plan, if necessary, or if resources are not available in the department recommend to the dean and provost that such resources are needed. If a pattern of deficiency in the performance of a tenured faculty member is

documented from the cumulative annual evaluations, for a period of at least two years, the chair or dean shall call for an in-depth evaluation of the faculty member and may conduct a post-tenure review, as described in the Policy and Procedures on Post-Tenure Review. The chair should take particular care in the counseling of non-tenured faculty members who are working toward the criteria for tenure.

6. Copies of the faculty information sheets, the chair's evaluation, the faculty member's comments, and the dean's evaluation are retained for the record in the faculty member's personnel file maintained in the dean's office.
7. An annual evaluation is not required in the year a candidate is evaluated for tenure or for promotion to the rank of professor.

C. Appeal of Unfavorable Evaluations

1. Any faculty member who is dissatisfied with the personal evaluation prepared by the chair may present in writing additional comments or evidence to the chair and to the dean.
2. Any faculty member who is dissatisfied with the personal evaluation prepared by the dean may present in writing additional comments or evidence to the dean and to the provost and vice president for academic affairs.

D. Criteria for Evaluation

1. All faculty members will be evaluated on the basis of teaching, research, and service. The weighting of these three areas will vary from one faculty member to another depending upon the needs of the department and the particular accountability of the individual faculty member in contributing toward the fulfillment of these needs.
 - a. Teaching - It is the responsibility of the chair to evaluate the information that is available concerning teaching. (For a detailed discussion on evaluation of teaching, see the "University Policy on the Evaluation of Teaching Effectiveness.")
 - b. Scholarly Activity and Research - It is the responsibility of the chair to evaluate the quality of the scholarly activity and research of the faculty member (a mere listing of publications or grants does not constitute evaluation). Each department should establish, with the approval of the dean and the provost and vice president for academic affairs, a clear statement of the criteria for evaluating scholarly activity and research in that department. These criteria should take into consideration both the mission

of the department and the nature of the scholarly activity and research within the discipline or related disciplines and in appropriate interdisciplinary venues. The evaluation of scholarly activity and research in a department should be based on these criteria. In evaluation, emphasis should be placed on quality, not just quantity. See the Policy on Evaluation of Scholarly Activity and Research for more detailed information.

- c. Service - The category of professional service is more difficult to define than teaching or research, but deserves the same kind of rigorous evaluation and positive credit given to teaching and scholarly activities. The chair has the responsibility to seek out methods of evaluating quality of professional service, not merely to list the activities. The task is sometimes complicated by the fact that much professional service takes place outside the department. Ideally, each faculty member should exercise their professional expertise in all three areas of department, college and University service, community engagement, and service to the discipline. Where individual faculty members may be expected by the chair to play different roles, those specific roles should be defined and understood. In all cases, service should be judged on the basis of quality and effectiveness, not just quantity. When distance education technologies are used for providing service, evaluations should include items specific to these delivery formats. See the Policy on Evaluation of Service for detailed information.
 - i. Departmental, college and University Service
 - ii. Community engagement is defined as the application of a faculty member's professional skills to engage with the external community in a manner that both assists the community and is consistent with fulfillment of the University's mission. Community engagement in religious, political, or social organizations (although meritorious in itself) is not relevant to the faculty member's professional area.
 - iii. Service to the discipline

**APPROVAL OF PROPOSED REVISIONS TO THE
POLICY ON TENURE**

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Tenure effective July 1, 2021.

Rationale: The proposed changes to the policy on Tenure are intended to clarify and update several sections in the policy.

Section III.E.3 – The current policy has three passages on early applications for tenure that are not consistent and are confusing to faculty who are considering applying early for tenure.

- Faculty members must have “met or exceeded the expectations of quantity and quality of achievements for teaching, scholarship, research, and service needed to qualify for tenure.”
- “The criteria for the award of tenure for such faculty will be the same as for those who apply after the normal probationary time period.”
- “It is the sense of the Board of Visitors that only demonstrably exceptional faculty or faculty with equivalent experience at a commensurate rank at another accredited institution of higher education or national institutions will be awarded tenure under this clause.”

Thus, the following statement has been added to the policy to define demonstrably exceptional.

Demonstrably exceptional is defined as meeting or exceeding expectations for quantity and quality of achievements for teaching, scholarship, research, and service needed to qualify for tenure prior to the conclusion of the normal probationary time period.

Section IV.B.2 – Verifying Authenticity and Veracity of Documents and Information Submitted in a Packet/Portfolio for Annual Review

Language has been added to specify that it is the responsibility of the faculty member to ensure that all information submitted by him or her in support of tenure is factually accurate and valid and to provide corroborating evidence. Fraudulent claims or non-valid claims can lead to faculty sanctions, including denial of tenure. The department chair and the department promotion and tenure committee share responsibility for verifying the accuracy of portfolio elements that are central to the tenure case.

Language has also been added to address the process if concerns are raised. If concerns are raised about the validity of a candidate’s claims, it is the chair’s responsibility to verify those claims. The tenure process will be paused while the chair verifies those claims.

Section V.E. – Input on P&T Committees Letter for Tenure from Faculty Members Who Did Not Participate in Committee Deliberations

The tenure policy currently includes language that those who do not participate in committee deliberations about tenure may not vote, but it is not clear whether they may still have input on the committee’s letter. The proposed revisions add language to make it clear that only those faculty present as the candidate is being reviewed during the deliberations can participate in drafting or approving the recommendation letter from the committee.

TITLE: Tenure

APPROVED: June 12, 1980; Revised February 24, 1984; Revised November 19, 1987; Revised December 13, 1988; Revised September 27, 1990; Revised April 9, 1998; Revised December 10, 1998; Revised April 12, 2002; Revised April 11, 2003; Revised June 14, 2005; Revised September 9, 2005; Revised September 22, 2006; Revised June 15, 2007; Revised December 7, 2007; Revised September 17, 2009; Revised April 8, 2010; Revised April 4, 2012 (eff. 5/1/12); Revised June 14, 2012; Revised September 26, 2013; Revised April 24, 2014 (eff. 7/1/14); Revised September 18, 2014; Revised April 23, 2015 (eff. 6/1/15); Revised June 9, 2016 (eff. 7/1/16); Revised June 14, 2018 (eff. 7/1/18); Revised June 13, 2019 (eff. 7/1/19); Revised June 18, 2020 (eff. 7/1/20)

I. Purpose of Tenure

The main purposes of tenure are to protect academic freedom and to enable the University to attract and retain a permanent faculty of distinction in order to accomplish its mission. For these reasons, tenure is usually awarded only after a suitable probationary period, and the decision to award tenure is based both on the merit of the individual faculty member and on the long-term needs and mission of the department, the college, and the University.

II. Eligibility for Tenure

- A. Only faculty members who hold the ranks of assistant professor, associate professor, or full professor are eligible to be considered for tenure. Assistant professors will be awarded tenure only if they are simultaneously being promoted to the rank of associate professor.
- B. Faculty members may be considered for tenure only once.
- C. Under certain circumstances administrative faculty holding rank in a department at the assistant professor (if promotion to the rank of associate professor is being simultaneously considered), associate professor, or full professor level may be considered for tenure, as specified by the Board of Visitors policy concerning administrative faculty.
- D. Since tenure is granted as a faculty member in an academic department or program, the award of tenure does not imply continuance in any full-time or part-time administrative position, nor does it imply continuance of any specific work assignment within or outside the department in which tenure is granted.

III. Probationary Period

- A. The probationary period begins with the initial full-time, tenure-track appointment at Old Dominion University at the rank of instructor, assistant professor, associate professor, or full professor; only time spent in a tenure-track position at one of these ranks is counted as part of the probationary period.

Subject to agreement by the University and the faculty member, any academic year in which a faculty member was on a full-time tenure-track appointment in one of these ranks for at least one semester, may be counted as one year of the probationary period.

- B. The following do not count as part of the probationary period:

1. Time in the rank of assistant instructor, lecturer, master or senior lecturer, faculty of practice, clinical faculty, artist-in-residence, performer-in-residence, writer-in-residence, research professor, research associate professor, research assistant professor, research associate, or any part-time position.
2. Time in appointment as an administrator, that is, in a position designated as a teaching/research administrative position or as a classified position in the state personnel system. (Time spent in a teaching and research faculty position as defined in the state personnel system will count as part of the probationary period, even if administrative responsibilities are assigned as part of that position; normally, departmental administrative positions such as chair or assistant chair will thus count as part of the probationary period.)
3. Time in a position that involves no teaching of credit courses, for example as a teacher of children or a therapist in the Children's Learning and Research Center or as a teacher of exclusively noncredit course work.
4. Time spent on leave of absence.
5. Time spent on faculty exchanges (including nationally competitive fellowships) if the faculty member so chooses.

- C. A period of time, not to exceed one year, may be excluded from the probationary period, upon the approval of the provost and vice president for academic affairs subject to the following conditions.

1. That the faculty member submits a request in writing to the department chair. The department chair and the dean shall forward the request with a recommendation to the provost and vice president for academic affairs.

2. The request must be the result of the occurrence of a serious event. A “serious event” is defined as a life-altering situation which requires the faculty member to devote a significant fraction of each day to alleviate the impact of the event for a period greater than six weeks and less than one year. These events may include the birth of a child, adoption of a child under the age of six years, serious personal illness or care of an immediate family member, such as a parent, stepparent, child, spouse, or domestic partner.
 3. The faculty member shall provide documentation to justify the time requested and the seriousness of the event.
 4. The request shall be made no later than one year from the first day of the serious event.
 5. The faculty member must have been adequately performing the duties assigned prior to the first day of the serious event.
 6. Faculty who are awarded this exclusion shall have no requirements or expectations beyond those of any probationary faculty member.
 7. Work accomplished during the excluded period may be cited in the tenure case.
 8. Requests for exclusion may be made at any time during each academic year. No request shall be made after the application for tenure has been submitted.
 9. Decisions will be made within 60 days of the receipt of the faculty member’s request by the department chair.
 10. The decision of the provost and vice president for academic affairs is final.
- D. The maximum total period for full-time probationary appointments (excluding periods not counted, see section III.B.) is six years, unless an approved extension is granted (see section III.C.). If the tenure decision is negative, a one-year terminal appointment is offered.
- E. The length of the probationary period may be reduced in any of the following instances:
1. A faculty member initially appointed to the rank of full professor may be considered for tenure in the second year of service and would be notified of a tenure decision according to the schedule in the Teaching and Research Faculty Handbook; if tenure is awarded, a tenure contract will be offered for a third year of service. In addition, the probationary period for a full professor may be eliminated, and an initial tenure appointment may be recommended to the Board if such an appointment has been requested by the chair, voted on by the departmental tenure

committee, the college promotion and tenure committee, the University Promotion and Tenure Committee and approved in writing by the dean, the provost and vice president for academic affairs, and the president. It is the sense of the Board of Visitors that the procedure of eliminating the probationary period for tenure should be rarely used. (Please refer to the policy on Initial Appointment of Teaching and Research Faculty for additional information on an initial appointment with tenure.)

2. A faculty member initially appointed to the rank of associate professor may be considered for tenure in the fourth year of service and would be notified of a tenure decision according to the schedule in the Teaching and Research Faculty Handbook. If tenure is approved, a tenure contract will be offered for the fifth year. In addition, the probationary period for an associate professor may be eliminated, and an initial tenure appointment may be recommended to the board if such an appointment has been requested by the chair, voted on by the departmental tenure committee, the college promotion and tenure committee, the University Promotion and Tenure Committee and approved in writing by the dean, the provost and vice president for academic affairs, and the president. It is the sense of the Board of Visitors that the procedure of eliminating the probationary period for tenure should be rarely used.
3. A faculty member may apply for early consideration for tenure, if the faculty member believes that he or she has met or exceeded the expectations of quantity and quality of achievements for teaching, scholarship, research, and service needed to qualify for tenure before the end of the normal probationary time period. The criteria for the award of tenure for such faculty will be the same as those who apply after the normal probationary time period, i.e., the total body of work must be equivalent to that expected after a normal probationary period. A faculty member who applies for early consideration for tenure and is denied tenure will be offered a terminal contract for the ensuing year. It is the sense of the Board of Visitors that only demonstrably exceptional faculty or faculty with equivalent experience at a commensurate rank at another accredited institution of higher education or national institutions will be awarded tenure under this clause. Demonstrably exceptional is defined as meeting or exceeding expectations for quantity and quality of achievements for teaching, scholarship, research, and service needed to qualify for tenure prior to the conclusion of the normal probationary time period. Any faculty member considering an application for early consideration for tenure should first elicit feedback on this plan from the department chair, the dean, the provost and vice president for academic affairs, and the chair of the departmental Tenure Committee, in particular, in a case where no pre-tenure review has occurred yet.
4. A faculty member who applies for tenure before the end of the standard probationary period cannot withdraw from the tenure process after the provost and vice president for academic affairs has approved the final list of external reviewers (Section V.C.2.).

IV. Criteria for the Award of Tenure

A. The following criteria are used in the evaluation of every candidate for tenure. Each faculty committee and administrator considering a tenure case must specifically address each of these criteria as they apply to that case in the written recommendations that are submitted up the line to the provost and vice president for academic affairs. Committee votes must be recorded in the recommendations. In cases in which a vote is not unanimous, reasons for negative votes must be included.

B. Criteria to be used are as follows:

1. Since tenure may be awarded only to faculty members who hold the rank of associate or full professor or who are being simultaneously appointed to one of those ranks, any faculty member awarded tenure must meet the minimum requirements for the rank of associate professor.
2. Merit - Merit of the faculty member in teaching, research and service over the entire probationary period and the contributions made by the faculty member in these areas to the University. Scholarly and teaching activity up to six years before the tenure decision should be considered, which can include activity at another accredited institution of higher education or national research institutions. (For definition of teaching, research, and service and a discussion of methods of evaluation, see policies and procedures concerning evaluation of faculty members, evaluation of teaching, evaluation of scholarly activity and research, and evaluation of service.) In addition to information supplied by faculty information sheets, the chair's evaluation and other material presented by the department, an opportunity shall be made available for the faculty member to provide in writing any other material in support of the tenure candidacy. It is the responsibility of the department chair and the departmental promotion and tenure committee to provide an assessment of the quality of the publications for the faculty being considered for tenure. It is the responsibility of the faculty member to ensure that all information submitted by him or her in support of tenure is factually accurate and valid, and to provide corroborating evidence (e.g., web links, complete citations, grant numbers, etc.) for all claimed accomplishments. The evidence should address the quality of the journals and the reputation of book and other such publishers. Fraudulent or non-valid claims can lead to faculty sanctions, including denial of tenure. The department chair should work with tenure candidates to ensure the completeness and accuracy of their portfolios. The department chair and the department promotion and tenure committee as a part of the regular review process should verify the accuracy of portfolio elements that are central to the tenure case. Should concerns be raised about the validity of a candidate's claims by external or internal reviewers, it is the chair's responsibility to verify those claims. The tenure process will be paused while the chair verifies those claims. In case of material developments, additional documentation may be added to the portfolio before the

conclusion of the evaluation process with the concurrence of the department chair and dean.

External evaluation of the quality of the faculty member's research performance will be required from nationally recognized experts in the faculty member's field. Candidates for tenure are responsible for the preparation of the research portfolio and curriculum vitae to be sent to external reviewers. Candidates for tenure should provide a statement of potential external and/or internal reviewers with whom there is a conflict of interest, e.g., co-authors, co-investigators, etc.

- a. A curriculum vitae will be required of each external reviewer. Each reviewer will be asked to describe any personal or professional relationship with the candidate. It is the responsibility of the chair to include a curriculum vitae of each reviewer. For tenure of department chairs, the responsibility belongs to the dean.
 - b. External reviewers will be asked to evaluate all submitted material mailed to them based on the department's approved criteria for the evaluation of scholarly activity and research. In the case of the arts, reviewers may be asked to consider works of art or performances. External reviewers will be asked to evaluate: a) the quality of the scholarship or creative work under review; and b) the scholarly reputation (regional, national, international) of the candidate.
 - c. All candidates for tenure and promotion will be required to have their scholarship evaluated by no fewer than four external reviewers. If fewer than four reviews are received, the chair will choose additional reviewers alternately from the lists of the department promotion and tenure committee and of the candidates.
3. The determined long-term needs of the department, college, and University, including at least the following:
- a. The long-term enrollment of the department.
 - b. The need for an additional specialist in the faculty member's area of specialization as a permanent member of the department in terms of the mission of the department, the college, and the university.
 - c. The tenure structure of the department. (Although no maximum percentage of faculty members on tenure is established, all committees and administrators considering tenure must take into account the need for flexibility in course offerings and the desirability of a tenure structure that will allow openings for new tenured faculty members in the ensuing decades so that new areas of specialization and new needs can be met. The position of other nontenured

faculty members in the department, anticipated retirements, or other known departures, and projected new programs or changes in directions must be considered.)

4. No person can be awarded tenure unless convincing evidence is provided of effective teaching.
5. No faculty member can be awarded tenure unless convincing evidence is provided of successful performance in scholarly activity and research, as judged by the department's approved criteria for the evaluation of scholarly activity and research. It is the faculty member's responsibility to include these criteria in the research portfolio submitted to external reviewers and in the data file submitted internally. If these criteria changed during the faculty member's probationary period, he or she can choose which version to submit. All evaluations of the faculty member's research and scholarly activity, at every stage of the tenure process, should be guided by these criteria.

V. Procedures for Tenure Consideration

- A. The provost and vice president for academic affairs, fifteen months prior to the date for giving notification of the tenure decision, shall formally advise the professor that the limit of the probationary period is approaching, and explain what procedures should be followed by those wishing to be considered for tenure.
- B. The initial steps of the review process are normally conducted by the chair of the department or unit with which the candidate for tenure is affiliated, assuming the chair has tenure. If the chair is not tenured, he or she may not be involved in any aspect of the tenure decision. In that case, the dean of the college housing the department should appoint a tenured member of the department in question to act in the chair's stead. This faculty member shall not take part in any deliberations or votes of the departmental, college or University tenure committee. If the candidate for tenure is the chair of a department, the dean shall conduct the initial steps of the review process but will not write a separate recommendation at the departmental level.
- C. External review process
 1. The responsibility for initiating the external review, securing the reviewers, and forwarding complete review files to the dean, provost and vice president for academic affairs, and the University Promotion and Tenure Committee belongs to the department chair or his/her replacement if the chair is not tenured (see section V.B.).
 2. External reviewers with academic positions will hold the same rank or higher than the promotion rank for which the faculty member is being considered; exceptions

should be justified by the dean. The department tenure and promotion committee and the candidate will prepare separate lists of potential reviewers. The candidate will review both lists and will document personal and professional relationships with all potential reviewers, including potential conflicts of interest. This documentation will become part of the tenure file. The chair (or replacement, see section V.B.) will select three reviewers from the candidate's list and three reviewers from the department tenure and promotion committee's list; the chair (or replacement, see section V.B.) will provide this list of reviewers to the dean. The dean will submit an agreed upon list to the provost and vice president for academic affairs for final approval prior to initiating the review process. The final list of external reviewers, together with the documentation of personal and professional relationships by the candidate (as outlined above), should be included as part of the application package for all internal reviewers. External reviewers should not be close collaborators or (former) mentors of the candidate. In general, co-authors on publications should be excluded as external reviewers, except as permissible under the departmental statement on evaluation of research (see the Policy on the Evaluation of Scholarly Activity and Research). The selection of potential external reviewers must be completed before the end of the semester prior to the submission of credentials for tenure.

3. External reviews will be confidential; reviewers will be so advised. Requests for exception to the confidentiality of external reviews should be made directly to the provost and vice president for academic affairs before the reviewers are asked to submit evaluations. If an exception is approved, candidates for tenure will be allowed access to the substance of external reviews, but the authorship of specific external reviews and other identifying information contained therein will remain confidential. All external reviewers will receive a standard letter sent by the chair (or replacement, see section V.B.) but prepared by the provost and vice president for academic affairs in consultation with the deans and a copy of the policy on external reviews so their responsibilities will be clear.
 4. The University and college administration will assist departments where reasonable expenses are necessary to obtain appropriate external reviews.
- D. Initial consideration of tenure cases is conducted by the tenured faculty of the department.
1. The tenured faculty of a department may determine that a tenure committee of a specified size will be selected from their membership to conduct the tenure deliberations and make recommendations to the chair (or replacement, see section V.B.). In this case, the entire full-time department faculty will elect the committee. It is the responsibility of this committee to determine the opinions of tenured members of the department not serving on the committee.

2. In departments where fewer than three members are tenured, the dean, in consultation with the chair (or replacement, see section V.B.), will appoint enough additional tenured faculty members to form a committee of at least three members.
3. Candidates for tenure should provide a statement of potential external and/or internal reviewers with whom there is a conflict of interest, e.g., co-authors, co-investigators, etc.
4. The tenured faculty of the department, or the members of the tenure committee, elect a chair of the committee among their members. It is the responsibility of that chair to direct the committee members to consider and apply the relevant sections in the Teaching and Research Faculty Handbook and the departmental statement on research evaluation in their comments and votes.
5. No dean, associate dean, assistant dean, or other full-time administrator or department chair (or replacement, see section V.B.) shall attend or participate in the deliberation of the departmental, college, University Promotion and Tenure Committee, or the tenured faculty of the department serving as a group to consider tenure, except in those cases when such committees or groups may, at their discretion, request administrators or chairs to answer specific questions concerning tenure cases. The deliberations of all three committees are confidential and must not be shared with anyone outside of the committee.
6. The college committee shall consist of one tenured faculty member from each department in the college. All members of college promotion and tenure committees shall be elected directly by the faculties they represent for a one-year term renewable twice for a total of three years. This member shall be chosen by majority vote of all full-time, tenure-track teaching and research faculty members of the department, present and voting, by secret ballot before April 15 of each year for the ensuing year. Every reasonable effort should be made to ensure that there are at least three full professors on the college committee. No person shall serve on a college promotion and tenure committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. The representative from a tenure candidate's department will participate in deliberations in the candidate's case but will not cast a vote.
7. The University Promotion and Tenure Committee shall consist of one tenured full professor from each of the major degree-granting academic colleges. This member shall be elected by his/her college's promotion and tenure committee(s) by September 15. The University Promotion and Tenure Committee shall elect one of its members as chair. No person shall serve on the University Promotion and Tenure Committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. The representative from a tenure candidate's

college will participate in deliberations in the candidate's case but will not cast a vote.

8. Any committee member who participates in the tenure process votes at most only once or any particular case.
 9. In order to ensure transparency, fairness, and equity in the internal review process, a faculty member or administrator who participates in the tenure process must disclose any potential conflict of interest that might undermine the credibility of the process. The chair of the department (or replacement, see section V.B.) will work in consultation with the dean of the college to decide whether the person should be excluded from serving on the review committee.
 10. The faculty member under consideration is informed whenever a committee is considering tenure and is given an opportunity to submit a statement (in electronic form) to the Provost's Office in support of their tenure case, or to correct any factual misinformation in previous recommendations. The Provost's Office will add such statements to the candidate's file.
 11. In case of material new accomplishments before the conclusion of the evaluation process, additional documentation may be added to the portfolio with the concurrence of the dean. Such additional material must be clearly marked as such and dated at the time of addition to the tenure file by the Provost's Office. If such additional documentation is considered, this must be clearly documented in the recommendation letters by the committee or individual (e.g. dean) who first see this new material.
- E. The committee or group of tenured faculty makes its recommendations to the chair (or replacement, see section V.B.) together with reasons for the recommendation (including a minority statement in the case of a non-unanimous vote). All committee members shall vote yes or no through a secret ballot, after participating (either in person or remotely) in the deliberation of the committee. Proxy votes or votes submitted by non-secure means (e.g., email or communication accessible to a third party) are not permitted. The chair of the committee shall record the names of all members participating in the discussion and voting in the recommendation letter, as well as the total number of votes in favor and against. Only those faculty present as the candidate is being reviewed during the deliberations can participate in drafting or approving the letter. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write a minority opinion. A copy of the recommendation letter will be sent to the faculty member by the chair of the committee. Considering this recommendation, the department chair (or replacement, unless the dean is acting in the chair's stead, see section V.B.) makes an additional evaluation and recommendation concerning tenure.

A copy of that review and recommendation letter will be sent to the faculty member and the dean by the chair of the department.

- F. If either the tenured faculty (or their committee), or the chair (or replacement, see section V.B.), or both recommend tenure, the credentials of the faculty member together with the recommendations of the tenured faculty (or their committee) and the chair (or replacement, see section V.B.) are forwarded to the tenure committee of the college, which examines the facts and the recommendations and makes a recommendation to the dean. All eligible committee members shall vote yes or no through a secret ballot, after participating (either in person or remotely) in the deliberation of the committee. Proxy votes or votes submitted by non-secure means (e.g., email or communication accessible to a third party) are not permitted. Members who are eligible to vote on a specific candidate's tenure application are defined in section V.D.4. In instances of a non-unanimous vote of all eligible voting members, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. A copy of the recommendation letter will be sent to the faculty member by the chair of the committee.
- G. If neither the departmental committee nor the chair (or replacement, see section V.B.) recommends tenure for the faculty member, tenure is not granted in the ensuing year. The faculty member is given a terminal contract for the ensuing year unless a further review is requested.

If the faculty member requests further review, all materials, including departmental and chair evaluations and recommendations are forwarded to the college tenure committee, which makes a separate recommendation to the dean. All committee members should vote yes or no through a secret ballot. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. The dean then makes a decision concerning tenure and informs the faculty member.

If either the decision of the college committee or that of the dean is positive, the faculty member's case is considered in accordance with the procedures in the following paragraphs. If both decisions are negative, the faculty member may request, within two weeks, a further review by the provost and vice president for academic affairs, who makes a final determination concerning further consideration of tenure.

- H. The dean of the college examines the facts and all previous recommendations and makes a recommendation concerning tenure, which is forwarded to the provost and vice president for academic affairs, with a copy to the faculty member.
- I. The University Promotion and Tenure Committee, consisting of one tenured full professor from each of the major degree-granting academic colleges, examines the facts and all previous recommendations and documentation and makes a recommendation

(with reasons) concerning tenure, which is forwarded to the provost and vice president for academic affairs. All eligible committee members shall vote yes or no through a secret ballot, after participating (either in person or remotely) in the deliberation of the committee. Proxy votes or votes submitted by non-secure means (e.g., email or communication accessible to a third party) are not permitted. Members who are eligible to vote on a specific candidate's tenure application are defined in section V.D.5. In instances of a non-unanimous vote of all eligible voting members, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. The Office of the Provost will provide a copy of the recommendation letter to the dean of the college, the department chair and the faculty member.

- J. The provost and vice president for academic affairs, after examining all submitted documents and consulting with appropriate staff members, makes a determination concerning tenure for the faculty member. If the recommendations from all committees and administrators previously acting on the case have not all been the same, or if the provost and vice president for academic affairs disagrees with the recommendations that have been the same, then the provost and vice president for academic affairs shall consult with the University Promotion and Tenure Committee and with the chair (if tenured) and dean concerned.
- K. If the determination of the provost and vice president for academic affairs is in favor of tenure, the provost and vice president for academic affairs forwards the faculty member's name to the president for presentation to the Board of Visitors as a candidate for tenure. The Board of Visitors will act on the case according to the schedule in the Teaching and Research Faculty Handbook of the year in which it is being taken up. Upon approval of the Board of Visitors, the faculty member is offered a tenure contract for the coming year.
- L. If the determination of the provost and vice president for academic affairs is against tenure, the faculty member is notified according to the schedule in the Teaching and Research Faculty Handbook that a terminal contract will be offered for the ensuing year.
- M. The faculty member may request, within two weeks, that the president review a negative decision of the provost and vice president for academic affairs. The president should make a decision on the review within one month. If the president upholds the decision of the provost and vice president for academic affairs, the faculty member may request a further review by the Board of Visitors or its designated committee within two weeks. (Refer to the policy on Communications with the Board of Visitors for procedural information.) The decision of the Board of Visitors or its designated committee is final.

- N. Copies of the recommendation by all committees, chairs, deans, and the provost shall be provided to the faculty member being considered for tenure. The faculty member will be provided opportunity to correct any factual misinformation in such recommendations by placing a letter in his or her tenure file at any stage, or up until March 1 to the Provost (November 22 for faculty hired mid-year).
- O. The above procedures at the departmental and college level may be suitably adapted for faculty members who hold interdisciplinary or interdepartmental appointments. The adapted procedures should be recommended by the promotion and tenure committee of the college or colleges involved and approved by the dean or deans and the provost and vice president for academic affairs. Procedures above the college level will be the same as designated above in all cases.

VI. Pre-Tenure Review

- A. The concept of a major review of faculty performance is intended to serve the purpose of giving the faculty member a clear indication of progress toward tenure and to offer constructive suggestions for self-improvement.
- B. Non-tenured faculty members, without prior teaching experience, who are in their third year of probationary service at Old Dominion University will receive a major faculty review. This review will be conducted by the dean and will begin in the spring of the third year of faculty service (fall of the third calendar year of service for faculty hired mid-year). The review will include a meeting with the faculty member and chair. The review process, conducted by the department promotion and tenure committee, department chair, college promotion and tenure committee, and dean, will include an in-depth evaluation of teaching effectiveness, scholarly works, grant and contract efforts, and other professional activities. An evaluation report emphasizing the long-range impact of the faculty member on the University should be submitted to the provost and vice president for academic affairs by May 1 (December 1 for faculty hired mid-year) following the completion of the review at the college level with a copy provided to the faculty member at all evaluation levels. It is important that the review extend beyond certifying adequate teaching performance and focus on creative ability, productivity, and potential to excel.
- C. If a faculty member applies for tenure in or before their third year of probationary service at Old Dominion University, the pre-tenure review will not be conducted.

APPROVAL OF PROPOSED REVISIONS TO THE POLICY ON PROMOTION IN RANK

RESOLVED, that upon the recommendation of the Academic and Research Advancement Committee, the Board of Visitors approves the proposed revisions to the policy on Promotion in Rank effective July 1, 2021.

Rationale: The proposed changes to the policy on Promotion in Rank are intended to clarify and update several sections of the policy. In addition, information has been added so that the policy contains the same language as comparable sections in the policy on Tenure.

I.A.2 – The responsibilities for non-tenure track research faculty do not always include service or teaching. The proposed language adds a section to the policy regarding the evaluation of non-tenure track faculty for promotion in rank.

Changes to the following sections match the proposed revisions to the policy on Tenure.

- Section II.A.4 – Verifying Authenticity and Veracity of Documents and Information Submitted in a Packet/Portfolio for Annual Review
- Section II.D. – Input on P&T Committee Letters for Promotion from Faculty Members Who Did Not Participate in Committee Deliberations

NUMBER: 1412

TITLE: Promotion in Rank

APPROVED: September 26, 2013; Revised June 9, 2016 (eff. 7/1/16); Revised June 6, 2017 (eff. 7/1/17); Revised June 14, 2018 (eff. 7/1/18); Revised June 13, 2019 (eff. 7/1/19); Revised June 18, 2020 (eff. 7/1/20)

I. Board of Visitors Policy

A. All promotions in rank are based on evaluation of the faculty member's performance.

1. A tenure-track faculty member's performance in teaching, research, and service (as appropriate) is evaluated over the total time in the previous rank as compared to the criteria established by the Board of Visitors for the rank being considered and any other criteria established by the department or college.

2. A non-tenure track research faculty member's performance in research, service (as appropriate) and teaching (as appropriate) is evaluated over the total

time in the previous rank as compared to the criteria established by the Board of Visitors for the rank being considered and any other criteria established by the center.

~~A.B.~~ Promotion to the rank of associate professor must occur at the time of the tenure award, and the policy on tenure applies.

~~B.C.~~ Promotion to the rank of full professor is normally considered no earlier than during the sixth year of a faculty member's service as associate professor at Old Dominion University. Exceptions are made only under the following circumstances:

1. A faculty member who has held the rank of associate professor at another institution and was initially appointed to Old Dominion University at the rank of associate professor may be considered for promotion at the time of the award of tenure.
2. A faculty member of extraordinary merit may be considered for promotion to the rank of full professor before the sixth year as associate professor at Old Dominion University.

~~C.D.~~ The president, upon the recommendation of the Faculty Senate, shall establish procedures for consideration of promotion to the rank of full professor (as well as for the designation as eminent scholar). Such procedures shall require consideration and recommendation by faculty members at the department and college level, the chair, the dean, and the University Promotion and Tenure Committee. The decision concerning promotion is to be made by the provost and vice president for academic affairs. If the provost and vice president for academic affairs decides against promotion, the faculty member may request a review by the president. The decision of the president is final.

II. Procedures for Promotion in Rank to Full Professor

A. Considerations Concerning Promotion

1. Each faculty committee and administrator considering a promotion case must specifically consider factors listed below as they apply to each case in the written recommendations that are submitted up the line to the provost and vice president for academic affairs. In the case of committees, the vote must be recorded in the recommendation, and the reasons produced by the minority members must be specified.
2. Each committee and administrator making a recommendation concerning promotion considers evidence of the faculty member's performance over the total time in which the previous rank has been held as compared to the guidelines for the rank being considered as established by the Board of Visitors and any other guidelines established by the department or college.

3. The total rank structure of the department should be considered.
 4. At the least, the committees and administrators should examine faculty information sheets, chair evaluations, dean's evaluations, and any other evidence submitted by the faculty member, the chair of the department, or any other relevant source. It is the responsibility of the department chair and the departmental promotion and tenure committee to provide an assessment of the quality of the publications for the faculty being considered for promotion. It is the responsibility of the faculty member to ensure that all information submitted by him or her in support of promotion is factually accurate and valid, and to provide corroborating evidence (e.g., web links, complete citations, grant numbers, etc.) for all claimed accomplishments. The evidence should address the quality of the journals and the reputation of book and other such publishers. Fraudulent or non-valid claims can lead to faculty sanctions, including denial of promotion. The chair should work with promotion candidates to ensure the completeness and accuracy of their portfolios. The chair and the department promotion and tenure committee as a part of the regular review process should verify the accuracy of portfolio elements that are central to the promotion case. Should concerns be raised about the validity of a candidate's claims by external or internal reviewers, it is the chair's responsibility to verify those claims. The promotion process will be paused while the chair verifies those claims.
- B. External evaluation of the faculty member's research and scholarly activity by nationally recognized experts in the field of specialization will be required.
1. The responsibility for initiating the external review, securing the reviewers, and forwarding complete review files to the dean, provost and vice president for academic affairs, and the University Promotion and Tenure Committee belongs to the department chair. If the department chair does not have the rank of full professor, all chair responsibilities for promotion to full professor will be delegated by the dean to a full professor in the department or from another department within the same college who will assume all of the chair's responsibilities described below. This appointed full professor, acting in the role of chair, cannot take part in any deliberations or votes of the departmental, college or University promotion committees while the promotion case is being considered. In promotion of department chairs, the responsibility belongs to the dean.
 2. External reviewers with academic positions must hold the same rank or higher than the promotion rank for which the faculty member is being considered; exceptions should be justified by the dean. The department tenure and promotion committee and the candidate will prepare separate lists of potential reviewers. The candidate will review both lists and will document personal and professional relationships with all potential reviewers, including potential conflicts of interest. This documentation will become part of the promotion file. The chair (or designee, see

1 above) will select three reviewers from the candidate's list and three reviewers from the department tenure and promotion committee's list; the chair (or designee) will provide the list of reviewers to the dean. The dean will submit an agreed upon list to the provost and vice president for academic affairs for final approval prior to initiating the review process. The final list of external reviewers, together with the documentation of personal and professional relationships by the candidate (as outlined above), should be included as part of the application package for all internal reviewers. External reviewers should not be close collaborators or (former) mentors of the candidate. In general, co-authors on publications should also be excluded as external reviewers, except as permissible under the departmental statement on evaluation of research (see the Policy on the Evaluation of Scholarly Activity and Research). The selection of potential external reviewers must be completed before the end of the semester prior to the submission of credentials for promotion.

3. External reviews will be confidential; reviewers will be so advised. Requests for exception to the confidentiality of external reviews should be made directly to the provost and vice president for academic affairs before the reviewers are asked to submit evaluations. If an exception is approved, candidates for promotion will be allowed access to the substance of external reviews, but the authorship of specific external reviews and other identifying information contained therein will remain confidential. All external reviewers will receive a standard letter sent by the chair but prepared by the provost and vice president for academic affairs in consultation with the deans and a copy of the policy on external reviews so their responsibilities will be clear.
4. A curriculum vitae will be required of each external reviewer. Each reviewer will be asked to describe any personal or professional relationship with the candidate. It is the responsibility of the chair to include a curriculum vitae of each reviewer. For promotion of department chairs, the responsibility belongs to the dean.
5. External reviewers will be asked to evaluate all submitted material mailed to them. Candidates for promotion are responsible for the preparation of the research portfolio and curriculum vitae to be sent to external reviewers. In the case of the arts, reviewers may be asked to consider works of art or performances. External reviewers will be asked to evaluate: a) the quality of the scholarship or creative work under review; and b) the scholarly reputation (regional, national, international) of the candidate.
6. All candidates for promotion to full professor will be required to have their scholarship evaluated by no fewer than four external reviewers. If fewer than four reviews are received, the chair will choose additional reviewers alternately from the lists of the department promotion and tenure committee and of the candidate.

7. The University and college administration will assist departments where reasonable expenses are necessary to obtain appropriate external reviews.
- C. A candidate for promotion in rank is initially considered by the faculty members in the department who hold the rank being considered or above. Only faculty holding the rank of full professor are eligible to deliberate, review, or otherwise participate and vote on candidates for promotion to full professor.
1. In the case of large departments, the faculty members in the rank being considered or above may select a committee from their ranks to consider and make recommendations concerning promotion. In that case, it is the responsibility of the committee to elicit opinions from all faculty members holding the rank being considered or above.
 2. In departments where fewer than three members hold appointments in the rank being considered or above, the dean, in consultation with the chair (or designee; see section II.B.1.), will appoint enough additional faculty in the rank or above from other disciplines to form a committee of at least three.
 3. Candidates for promotion should provide a statement of potential external and/or internal reviewers with whom there is a conflict of interest, e.g., co-authors, co-investigators, etc.
 4. The group of faculty on the promotion committee elect a chair of the committee among their members. It is the responsibility of that chair to direct the committee members to consider and apply the relevant sections in the Teaching and Research Faculty Handbook and the departmental statement on research evaluation in their comments and votes.
 5. No dean, associate dean, assistant dean, or other full-time administrator or department chair (or designee; see section II.B.1.) shall attend or participate in the deliberation of either the departmental, college, or University Promotion and Tenure Committee. The deliberations of all three committees are confidential and must not be shared with anyone outside of the committee.
 6. The college committees shall consist of one tenured faculty member from each department in the college. All members of the college promotion and tenure committees shall be elected directly by the faculties they represent for a one-year term renewable twice for a total of three years. This member shall be chosen by majority vote of all full-time, tenure-track teaching and research faculty members of the department, present and voting, by secret ballot before April 15 of each year for the ensuing year. Every reasonable effort should be made to ensure that there are at least three full professors on the college committee. If the elected representative of a department will not be able to attend college committee

meetings for a significant time span, the department may elect a temporary replacement for that time span. No person shall serve on a college promotion and tenure committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. Only faculty holding the rank of full professor are eligible to join the deliberations and the vote on candidates for promotion to full professor. If the home department of a candidate for promotion to full professor has no full professor representing it on the college committee, a member of the departmental promotion committee for that candidate (convened as described in section C.1. and C.2. above) shall be elected to serve as its representative only during the duration of the deliberations on that specific candidate. In any case, the representative from a promotion candidate's department will participate in deliberations in the candidate's case but will not cast a vote.

7. The University Promotion and Tenure Committee shall consist of one tenured full professor from each of the major degree-granting academic colleges. This member shall be elected by his/her college's promotion and tenure committee(s) by September 15. The University Promotion and Tenure Committee shall elect one of its members as chair. No person shall serve on the University Promotion and Tenure Committee for more than three years consecutively but is eligible for reelection after an absence of at least one year. The representative from a promotion candidate's college will participate in deliberations in the candidate's case but will not cast a vote.
8. Any committee member who participates in the promotion process votes at most only once on any particular case.
9. In order to ensure transparency, fairness, and equity in the internal review process, a faculty member or administrator who participates in the promotion process must disclose any potential conflict of interest that might undermine the credibility of the process. The chair of the department (or replacement, see Section II.B.1.) will work in consultation with the dean of the college to decide whether the person should be excluded from serving on the review committee.
10. The faculty member under consideration is informed whenever a committee is considering promotion and is given an opportunity to submit a statement (in electronic form) to the Provost's Office in support of their promotion case, or to correct any factual misinformation in previous recommendations. The Provost's Office will add such statements to the candidate's file.
11. In case of material new accomplishments before the conclusion of the evaluation process, additional documentation may be added to the portfolio with the concurrence of the dean. Such additional material must be clearly marked as such and dated at the time of addition to the promotion file by the Provost's Office. If such additional documentation is considered, this must be clearly documented in

the recommendation letters by the committee or individual (e.g. dean) who first see this new material.

- D. The committee or faculty group makes its recommendation concerning promotion to the chair (or designee; see section II.B.1.) together with reasons for the recommendation (including a minority statement in the case of a non-unanimous vote). All eligible committee members shall vote yes or no through a secret ballot after participating (either in person or remotely) in the deliberations of the committee. Proxy votes or votes submitted by non-secure means (e.g., email or communication accessible to a third party) are not permitted. The chair of the committee shall record the names of all members participating in the discussion and voting in the recommendation letter, as well as the total number of votes in favor and against. Only those faculty present as the candidate is being reviewed during the deliberations can participate in drafting or approving the letter. In instances of a non-unanimous vote, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion. A copy of the recommendation letter will be sent to the faculty member by the chair of the committee. The department chair (or designee) evaluates independently the credentials of the faculty member, the rank structure of the department, and any additional evidence presented, either by the faculty member or from any other source, and makes a recommendation, with reasons, concerning promotion. A copy of that review and recommendation letter will be sent to the faculty member and the dean by the chair of the department.
- E. If either the departmental committee (or group), or the chair (or designee), or both recommend promotion, the faculty member's credentials together with the recommendation of the faculty committee and the chair (or designee) will be forwarded to a promotion committee of the college for consideration. This committee will make an independent evaluation and make a recommendation concerning promotion with reasons (including reasons of the minority), to the dean. The recommendations will indicate the vote of the committee. All eligible committee members should vote yes or no through a secret ballot after participating (either in person or remotely) in the deliberations of the committee. Proxy votes or votes submitted by non-secure means (e.g., email or communication accessible to a third party) are not permitted. Members who are eligible to vote on a specific candidate's promotion application are defined in section II.C.5. In instances of a non-unanimous vote of all eligible voting members, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion.
- F. If neither the faculty committee (or group) nor the chair (or designee) recommend promotion, the faculty member will not be considered for promotion in the coming year unless a review by the college promotion committee and the dean is requested by the faculty member. If a review is requested, the departmental committee and the chair forward all documents to the promotion committee of the college, which examines them and makes a recommendation concerning promotion to the dean following the

stipulations of II.E. above. The dean examines all documents, including the recommendation of the college committee, and makes a determination concerning promotion. If the dean's determination is negative and is in accordance with the recommendations of the departmental committee, the chair, and the college committee, then the faculty member is not promoted for the coming year. If the dean's determination is negative and is not in accordance with all previous recommendations, the faculty member may request a further review by the provost and vice president for academic affairs. The decision of the provost and vice president for academic affairs is final in such cases.

- G. The dean, considering all previous recommendations and all credentials, then makes a recommendation concerning promotion, which is forwarded, with reasons, to the provost and vice president for academic affairs.
- H. The University Promotion and Tenure Committee, consisting of one tenured full professor from each of the major degree-granting academic colleges, examines the facts and all previous recommendations and documentation, and makes a recommendation (with reasons, including minority reasons, if any) concerning promotion which is forwarded to the provost and vice president for academic affairs. All eligible committee members shall vote yes or no through a secret ballot after participating (either in person or remotely) in the deliberations of the committee. Proxy votes or votes submitted by non-secure means (e.g., email or communication accessible to a third party) are not permitted. Members who are eligible to vote on a specific candidate's promotion application are defined in section II.C.6. In instances of a non-unanimous vote of all eligible voting members, the minority opinion must be included in the committee recommendation and the minority must be given the option to write the minority opinion.
- I. On the basis of all the evaluations and recommendations presented, and after consultation with staff, the provost and vice president for academic affairs makes a decision concerning promotion for the coming year. - Teaching and research faculty by race and ethnicity
- Administrative and professional faculty by race and diversity

Vice President Foster gave an overview of research developments. He noted that the University's research enterprise shut down as of March 2020, but most has reopened to pre-pandemic levels in the last two months. During the shutdown, faculty were attentive to safety and found ways to be productive.

Vice President Foster announced that Jefferson Lab anticipates a commitment of \$400M over the next six years to establish the fourth DOE supercomputing facility in the nation. ODU's proximity gives us an opportunity to be an academic partner and potentially receive funding for faculty positions for supercomputer research users.

Ms. Dickeski, chair of the Governance Committee, reported that the Committee met three times since the last Board meeting. Two of the meetings were the regular monthly meetings and the third was a special meeting to receive a briefing from Provost Austin Agho on the work of the University's naming task force.

The Committee has begun discussing the development of a process for reviewing proposed names of University buildings and areas on campus. The Committee will not be a decision-making body on this issue. Unwanna Dabney and Bob Corn have agreed to serve on a small subcommittee along with Provost Agho and Jay Wright, to propose a policy and procedures, methodology, and proposed Bylaws language, and recommend an external task force that will make a recommendation to this Committee to take to the Board for approval. **APPROVAL OF PROPOSED REVISIONS TO THE
BOARD OF VISITORS BYLAWS**

RESOLVED, that upon the recommendation of the Governance Committee, the Board of Visitors approves the following proposed revisions to the Board of Visitors Bylaws.

**BYLAWS
OF THE OLD DOMINION UNIVERSITY
BOARD OF VISITORS**

PREFACE

The Board of Visitors adopts the bylaws that follow for the orderly and efficient conduct of its meetings and the business of Old Dominion University. This preface is to provide a brief overview of the source of the Board's authority as a public institution of higher education, and a component of the executive branch of the government of Virginia.

The Virginia statutes specific, or organic to the University, [Va. Code §§23.1-2000 through 23.1-2004](#), might be thought of as the University's charter. These statutes constitute the Board of Visitors as a public corporation named "Old Dominion University," and set the corporation's basic purpose and authority. Other statutes apply to all Commonwealth institutions of higher education to impose other duties and confer additional powers. The University is also subject, along with all agencies of the executive branch of the state government, to such statutes as, for example, the Virginia Freedom of Information Act which governs, *inter alia*, the circumstances under which a public body, such as this Board, may meet in closed session. Ultimately, however, the University's operations are dependent on the terms of the Appropriations Act adopted bi-annually in the even numbered years by the Virginia legislature, the General Assembly, and amended in the odd numbered years. Finally, it is to be noted that the Commonwealth's agencies and institutions are not as a rule subject to the general statutes of Virginia, as well as the ordinances enacted by the local governments, unless the General Assembly expressly provides otherwise.

Members of the Board, the University staff, and the public should be aware at all times that the authority conferred on the Board of Visitors by the General Assembly resides solely in the Board. That is, no visitor or other individual, regardless of title or position, shall speak for or exercise the Board's authority except to the extent that the Board may so provide by delegation contained in these bylaws, or by other action of the Board.

The Commonwealth demands institutional direction by a Board composed of active, informed, and engaged visitors. As a measure of this need, the General Assembly provided that if any member of the Board should fail to perform the duties of a visitor for a year, without sufficient cause, the Board shall certify the same to the Governor; and the office of that member shall then be vacant.

The Committee shall meet at the same meeting during

which it is created to elect its chair. The Nominating Committee shall consult with the Rector, the President, and all other Board members about the needs of the University without being bound by their suggestions.

(a) Nominations. The Nominating Committee shall post a call for nominations for officers from the Board no later than May 1. Nominations shall be submitted in writing to the committee chair and shall be due no later than 15 days following the date of the call for nominations. Members of the Board may feel free to nominate themselves for an office to the chair of the Nominating Committee. Nominees for officers must have more than one year remaining on their terms of appointment. The Nominating Committee should give priority to nominating members for office whose terms of appointment on the Board do not expire simultaneously so the Board shall not be without a presiding officer.

(b) Presentation of Nominations. The Nominating Committee shall meet prior to the June Board meeting to determine the nominations to be presented to the Board. The recommendation of the nominating committee shall be distributed with the announcement of the meeting of the Board of Visitors in the even numbered year in which the election of officers is to be held. At that meeting, the nominating committee shall present one candidate for each office for election in accordance with §5.01 of these Bylaws. Nominations from the floor may be made from the floor prior to such election.

(c) Committee Vacancies. In the event a member of the Nominating Committee cannot serve or becomes a candidate for an office for which the committee is selecting candidates, he/she shall resign from the committee immediately and the Rector shall immediately appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Executive Committee at a special meeting convened for that purpose.

(d) Officer Vacancies. The Nominating Committee may be elected by Board members at a regular or special meeting to fill vacant officer positions that may be created. The Nominating Committee shall then meet as required by §6.04, Vacancies, of these Bylaws.

§ 4.04. Special Committees. Special or *ad hoc* committees may be created at any time either by action of the Board of Visitors, or by written direction of the Rector with the approval of the Board. Special committees shall consist of no fewer than three members appointed by the Rector who shall appoint the chair, and fill vacancies in consultation with the Chair. The Rector shall also have the power to change the membership of special committees at any time with the concurrence of the chair and the Board, unless it is the chair who is to be removed. In making initial or subsequent assignments of individuals to special committees, the Rector shall take volunteers into account. Special committees shall have a life specified by the Board at the time of constitution, shall be subject to annual reviews, and may be renewed for a specified period by action of the Board. At the time the special committee is created, its mission shall be specifically established and articulated either by action of the Board or by written direction of the Rector with approval of the Board. The resolution of the Board or the direction of the Rector shall specify the time the special committee is to make its report to the Board.

§ 4.05. Subcommittees. Committees may appoint subcommittees of not less than three voting Board members from within their memberships to consider such specific business as required, subject to Board approval of such subcommittee's creation.

§ 4.06. Appointment of Non-Board Advisors to Committees. Non-Board members cannot be appointed to Board of Visitors committees without the Board approving each individually named proposed member. The advisors who are approved for membership shall serve under the same conditions as Board members; however, they shall serve in a non-voting, advisory capacity.

§ 4.07. Attendance. Board of Visitors members are entitled to attend all Board functions, including open and closed meetings of Board committees. Where conflicts arise due to several committees meeting simultaneously, the Board member shall give priority to the standing committee to which he/she has been assigned, unless excused by the standing committee chair and the Rector.

§ 4.08. Notice and Conduct. The chair, or vice chair acting on behalf of the chair, or a majority of the membership of the committee or subcommittee, may call meetings. Committee meetings shall be noticed in the same manner as Board meetings as set forth in § 4.04 of these Bylaws. The conduct of business of any committee or subcommittee shall be governed by the procedures set forth in these Bylaws.

§ 4.09. Removal. Standing and special committee chairs only may be removed by the Rector with prior approval of the Board, with at least nine voting members voting in the affirmative for removal. Members or advisors may be removed from Board committees on the recommendation of the committee chair and approved by a majority of committee members, after an affirmative vote by a majority of Board members attending the meeting at which the recommendation is presented.

§ 4.10. Presidential Search Committee. As necessary, but not later than the first regular meeting of the Board after the President expresses to the Board his/her intent to step down or leave the University or departs under other circumstances (e.g., prolonged illness or death), the Rector shall appoint a Presidential Search Committee and its chair, of five or more Board members along with two alternates and may include no more than five non-Board members as non-voting members to that committee. The Committee, whose mission is to search for and select the best possible choices for a new president, shall meet at the same meeting at which it is created to elect its chair who must be a voting member, regardless of whether nonmember appointments have been made. All Committee meetings shall be held in conformity with the provisions of the Freedom of Information Act and its exceptions.

(a) University Needs. The Presidential Search Committee shall consult with the Rector, the President, other members of the Board of Visitors, the faculty, the alumni and students, and the community about the needs of the University. The Board may secure the services of a search firm or consultant to assist in the search and selection. The Board may also immediately commission an institutional review by a reputable agency or consultant.

(b) Practices and Procedures. The Committee shall prepare a search budget and a range of compensation for the next president, both of which shall be approved by the Board early in the search process. The Board shall be kept informed of the Committee's progress and expenses incurred and anticipated at regular Board and Executive Committee meetings by the committee chair. The search committee shall consider external and internal candidates equally, based on the depth of their experience and the needs of the University. The Committee's duties shall be completed when it recommends the requisite number of candidates previously specified by the Board to the Board for consideration, unless the Board requests that other candidates be brought forth or the search be continued. Approval of a candidate requires the affirmative vote of at least nine voting members of the Board.

(c) Committee Vacancies. In the event a member of the Presidential Search Committee cannot serve, he/she shall resign from the Committee immediately and the Rector shall promptly appoint a previously elected alternate as a replacement. Should circumstances require additional alternates, they shall be elected by the Board at the next regular Board or Executive Committee meeting or, if necessary, at a special meeting convened for that purpose.

§5.02. Unexpected Vacancy in the President's Position. In case of an unplanned vacancy in the position of the President, the Board shall expeditiously designate an Acting President to serve until a President shall be appointed by the Board and installed in the office. The Board shall hold an emergency meeting and proceed with the preceding provisions of this section of the Bylaws. The Presidential Selection Committee shall be tasked to select expeditiously the best possible choice for the Acting President following the procedures outlined in this section of the Bylaws. In the interim, the terms of University Policy 1010, "Absence of the President," shall determine who shall exercise executive authority for the University.

Governance Principles

The Governance Principles of Old Dominion University:

1. Seek to ensure widespread communication, understanding, participation and reasonable consensus.
2. Address pressing issues in a streamlined, adaptive, flexible way and encourages the appropriate use of sunset rules for committees and task forces.
3. Strive to generate widespread understanding throughout the University community of the differences among policy-making, implementation of defined policy, and consultation regarding policy.

4. Allow stakeholders in the policy-making process to express their views and suggestions when policies affecting them are being reviewed and when the best solutions are being considered.
5. Ensure regular, two-way communication between representatives of stakeholders participating in policy-making and those they represent.
6. Seek to guarantee that participants in the policy-making process are provided with the appropriate resources and information so that they may participate in a timely fashion.
7. Recognize that the primary responsibility for policy-making and decision-making in each area of University life must be clearly designated.

Each governance body of Old Dominion University is responsible for ensuring that these principles are reflected in their constitutions and bylaws and otherwise upheld by their operations.

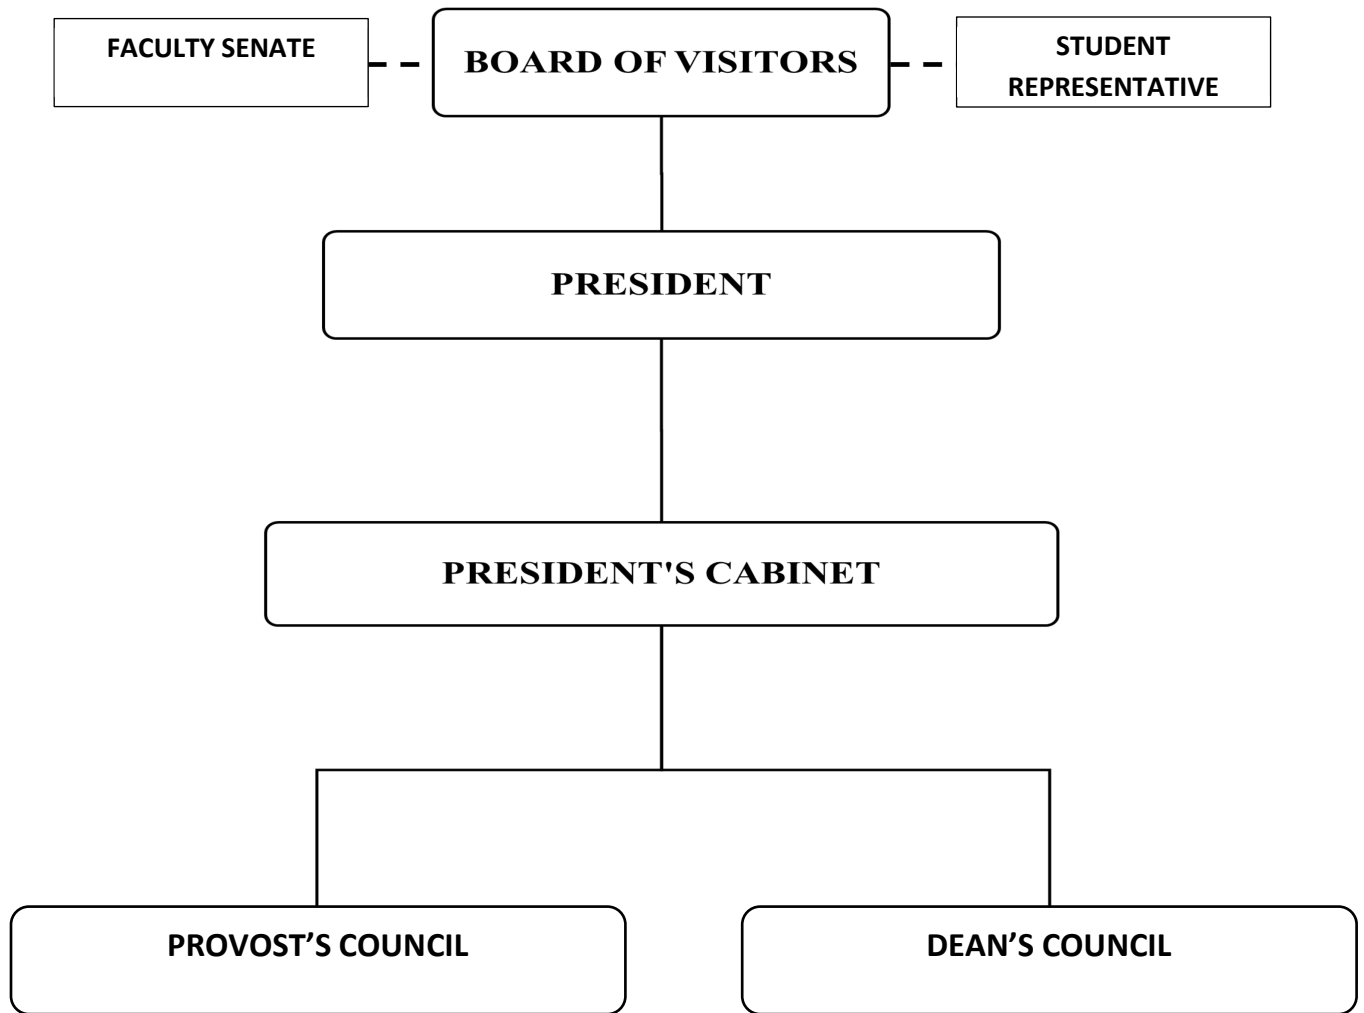

Governance Structure

At Old Dominion University, governance is an internal process of policy development sanctioned by the University's Board of Visitors, which holds overall authority for the activities of the institution. The President is delegated the authority to be the chief decision making and policy making authority for the University. The President's Cabinet is the University's conduit for communication, consulting with the President on all issues related to governance and providing information to the President to assist in decision-making.

The Faculty Senate and the Student Government Association have direct access to the Board of Visitors through non-voting representatives selected annually by the Board of Visitors.

Committees and Other Affinity and Advisory Groups

At Old Dominion University, there are a number of committees, taskforces, and advisory groups that contribute to campus dialogue, deal with special issues, and support the day-to-day operations of the institution. These groups, though not an official part of the University's governance system, can at various times be called to take part in the development of policy. Within each administrative division of the University, there are a number of advisory groups and other staff positions that play an important role in the development and vetting of policy.

The Committee also approved a new Conflict of Interests policy that outlines each board member's duty to disclose, report, and participate in training required of Board members by statute. The following resolution was presented as a recommendation of the Governance Committee and was approved by roll-call vote (*Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Decker, Dickeski, Hill, Jones, Kemper, Mugler, Pitts, Slaughter, Smith, Williams; Nays: None*).

**APPROVAL OF PROPOSED BOARD OF VISITORS POLICY 1108,
BOARD OF VISITORS CONFLICT OF INTERESTS POLICY**

RESOLVED, that upon the recommendation of the Governance Committee, the Board of Visitors approves the proposed Board of Visitors Policy 1108, Board of Visitors Conflict of Interests Policy.

NUMBER: 1108

TITLE: Board of Visitors Conflict of Interests Policy

APPROVED:

Members of the Old Dominion University Board of Visitors, as appointed by the Governor shall abide by the Commonwealth of Virginia's State and Local Government Conflict of Interests Act ([Va. Code §2.2-3100, et seq.](#)). This includes avoiding both conflicts of interests as defined by law and the appearance of such conflicts, reporting promptly to the Rector and University Counsel any potential or existing conflicts, timely filing of the annual Financial Disclosure Statement, and completing Conflict of Interest training offered by the Ethics Advisory Council every two years.

A board member shall be considered to have a conflict of interest if he or she, or persons or entities with which he or she is affiliated, has a direct or indirect interest that may impair or may reasonably appear to impair the board member's independent, unbiased judgment in the discharge of his or her responsibilities to the institution.

1. Obligation to Disclose

- A. Each board member has a continuing obligation to disclose promptly and fully any actual or potential conflicts of interest of which he or she is aware.
- B. Board members who believe they may have a conflict of interest must inform the Rector and consult with University Counsel as soon as possible. If University Counsel deems that a conflict exists (either direct or indirect), the Board member must notify the Rector of that determination.
- C. At any meeting of the Board when an issue involving the conflict is being discussed and/or considered, Board members must disclose the conflict, recuse themselves from discussion pertaining to the issue, and abstain from voting on any action involving the issue. This must be stated for the record and recorded in the meeting minutes.

D. A board member who is recused may be counted for purposes of determining the presence of a quorum at the meeting but shall not be counted for purposes of determining the presence of a quorum for the requisite board action.

2. Obligation to Report

A. In accordance with [Va. Code §2.2-3114](#), board members must file a Financial Disclosure Statement form when appointed and annually thereafter on or before February 1.

B. The Commonwealth's Ethics Advisory Council (Council) manages the electronic filing system and works with the Executive Secretary to the Board to ensure the list of current board members and their contact information is up-to-date.

C. The Council shall make the required disclosure forms available at least 30 days prior to the filing deadline and will notify the board members via email of their requirement to file.

D. The Executive Secretary to the Board will monitor the list of filers and send periodic reminders to those who have not yet filed.

E. Board members who do not complete the form by February 1 may be subject to a \$250 late filing penalty imposed by the Council and possible removal by the Governor for failure to comply.

F. In accordance with [Va. Code §2.2-3114.C.](#), all forms are maintained as public records for five years in the office of the Council and such forms shall be made public by the Council no later than six weeks after the filing deadline.

3. Obligation to Participate in Training

A. In accordance with [Va. Code §2.2-3128](#), board members are required to complete the [Conflict of Interest training module](#) provided by the Ethics Advisory Council every two years.

B. Completion of training must be reported to the Executive Secretary to the Board of Visitors. Certification of completed training is also recorded in the training module maintained by the Ethics Advisory Council.

C. The Executive Secretary to the Board will maintain the records of completed training dates and will notify individual board members at least 30 days prior to when they are required to retake the training module.

D. Board members are also required to participate in educational programs provided by the State Council of Higher Education (SCHEV), which includes conflict of interest training. The Executive Secretary to the Board shall track Board participation in this training and provide an annual report to the Secretary of the Commonwealth. In accordance with [Va. Code §23.1-1300](#) and §2.03 of the Board's Bylaws, failure to attend educational programs sponsored by SCHEV within the first two years of service

without sufficient cause, as determined by majority vote of the Board and may be subject to removal by the Governor.

4. Compliance Assistance

In order to aid board members in identifying conflicts of interests as defined by law and the appearance of such conflicts:

- A. University Counsel shall review the annual Financial Disclosure Statements submitted by individual board members to determine if any potential conflicts of interest may exist with any issues to come before the board or with any current or potential contractual arrangements with the University.
- B. Annually in December, the University's Department of Procurement Services shall make available to the board members through the Executive Secretary to the Board a list of the University's current vendors.

The Committee is continuing its review of the Bylaws, focusing on those revisions needed to reflect best practices and other issues for the Board's consideration. These proposed revisions will be brought to the Board for consideration at its meeting in September.

STUDENT ENHANCEMENT AND ENGAGEMENT COMMITTEE

Mr. Corn, chair of the Student Enhancement and Engagement Committee, reported that Vice President Stansberry noted that the Student Code of Conduct will be presented at the fall board meeting. He provided an update on enrollment, reporting that despite COVID, ODU is projected to be on par with enrollment two years ago. Pre-registrations for Fall 2021 are slow and new student confirmations are mixed, with freshmen deposits behind last year and transfer and graduate students ahead of last year. Multiple channels of outreach are being used throughout the summer to encourage enrollment.

Fall opening will focus on the three pillars of care, cultivate and connect. The new student on-board experience was reviewed. The Monarch Experience Initiative is a six-week campus-wide initiative to welcome new Monarchs and introduce the campus culture, traditions and values through engaging and entertaining programs and activities.

Vice President Stansberry also reported on Experience Guaranteed, a strategic initiative to promote and support experiential learning opportunities for students, campus departments and employers. This is a year-long project supported with a SCHEV grant and co-led by the Student Engagement & Enrollment Services division and Academic Affairs, integrating experiential learning opportunities for students across the University and with outside employers.

Lola Jegede, student representative to the Board, reported that during her tenure she will focus on expanding social media presence for the position of the student representative to the Board of Visitors; expand the REIGN Responsibly campaign to include vaccinations;

promote campus resources such as safety, counseling services 24/7; and Mathematics and Statistics resources for students. She identified the following ideas to meet this goal: Update Facebook and create an Instagram account for the position; continue the Peer Mentorship Program; promote campus resources related to safety, student access to counseling, and Math resources for students on social media and more.

UNIVERSITY ADVANCEMENT COMMITTEE

Dr. Dabney, chair of the University Advancement Committee, reported that Vice President Alonzo Brandon presented dashboard items measuring productivity in the area of University Advancement including total giving and Fundraising Initiative breakdowns by focus area and donors. The Fundraising Initiative has raised over \$211M since July 2016. He also gave a quarterly review of virtual events for both Alumni Relations and Community Engagement.

Mr. Jeff Martin, Senior Director for EAB Advancement Forum, reviewed the EAB Advancement Investment and Performance Initiative: A study of FY2020 costs, staffing and fundraising at ODU. He reported on ODU's placement among universities across the country and within our benchmarking cohort for key areas such as fundraising production, advancement investment and FTE's, and investment per alumnus. He also discussed total major and principal gift offices, staffing and expenditures by unit and return on investment.

MOTION FOR CLOSED SESSION

The Rector recognized Ms. Jones, who read the following motion: “Madam Rector, I move that this meeting be convened in closed session as permitted by Virginia Code Sections 2.2-3711A.1 and 8 for the purpose of discussing a personnel matter, specifically, the President's employment agreement, and consultation with legal counsel employed or retained by a public body regarding specific legal matters requiring the provision of legal advice by such counsel. The motion was seconded by Ms. Smith and approved by roll-call vote (*Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Decker, Dickeski, Harris, Hill, Jones, Kemper, Mugler, Pitts, Slaughter, Smith, Williams; Nays: None*).

In addition to the Board members in attendance, President Broderick and Earl Nance were present during the closed session.

RECONVENE IN OPEN SESSION AND FOIA CERTIFICATION

At the conclusion of Closed Session, the Rector reconvened the meeting and the following Freedom of Information Act Certification was read: “Any person who believes that the Board discussed items which were not specifically exempted by law or not included in the motion, must now state where they believe there was a departure from the law or a departure in the discussion of matters other than that stated in the motion convening the closed session. I shall now take a vote of the Board. All those who agree that only lawfully exempted matters and specifically only the business matter stated in the motion convening the closed session were discussed in closed session say “aye.” All those who disagree say “nay.” The certification was approved by roll-call vote

(Ayes: Allmond, Bradley, Broermann, Corn, Dabney, Decker, Dickeski, Harris, Hill, Jones, Kemper, Mugler, Pitts, Smith, Williams; Nays: None).

RECTOR'S ANNOUNCEMENT

Rector Kay Kemper made the following statement, "As most of you know, I had a very serious cardiovascular health issue last August. I'm happy to report that the cause has been determined and the treatment is working very well and I'm feeling great for a 75 year old woman. However, this incident has caused me to realize that I'm not going to live forever, so as we enter a new year with President Hemphill, I have decided to step down as Rector effective July 16 and to continue to remain very active as a member of the Board.

After consulting with University Counsel and as allowed by our current Bylaws, I'm appointing Bruce Bradley to serve as Interim Rector from July 16 until September 16 when the Board will elect a new slate of officers to serve until June 30, 2022. The Vice Rector position will remain vacant until the September meeting and Toykea Jones will continue to serve as Secretary during this interim period and assist Bruce as needed.

I also propose that the members of the Governance Committee serve as the nominating committee as has been discussed by the Governance Committee. This would be Jerri Dickeski, Lisa Smith, Peter Decker, Bob Corn, and Yvonne Allmond, with alternates Jay Harris and Ross Mugler." Upon a motion by Ms. Allmond and seconded by Ms. Smith, the members of the nominating committee were approved by roll-call vote. *(Ayes: Allmond, Bennett, Bradley, Broermann, Corn, Dabney, Decker, Dickeski, Harris, Jones, Mugler, Pitts, Smith, Williams; Nays: None).*

Mr. Slaughter questioned why the Governance Committee is being asked to serve as the Nominating Committee. The Rector explained that the Governance Committee has discussed including this as a part of its responsibilities, as many institutions do as well as the Board of Directors of the Association of Governing Boards. Mr. Mugler added that moving forward the charter of the Governance Committee will reflect this as a best practice for governing boards. The Rector reminded the Governance Committee that they will need to meet immediately following this meeting to select its chair.

OLD/UNFINISHED BUSINESS

There was no old or unfinished business to come before the Board.

NEW BUSINESS

There was no new business to come before the Board.

With no further business to discuss, the meeting was adjourned at 4:07 p.m.

The Nominating Committee met immediately following the adjournment of the Board meeting to elect its chair. Upon a motion by Ms. Dickeski and seconded by Mr. Decker, Lisa Smith was selected as Chair by roll-call vote *(Ayes: Allmond, Corn, Decker, Dickeski, Smith, Nays: None).*

APPROVAL OF MINUTES

Upon a motion by Mr. Corn and seconded by Ms. Allmond, the minutes of the Governance Committee meetings held on March 16, 2021 and April 12, 2021 were approved by roll-call vote (*Ayes: Allmond, Bradley, Corn, Decker, Dickeski, Kemper; Nays: None*).

DISCUSSION ON DEVELOPMENT OF A PROCESS FOR REVIEWING PROPOSED NAMES

Ms. Kemper expressed her appreciating for the willingness of the committee members to lead in this effort for developing a process for moving forward. The chair noted that she has had discussions with Provost Agho, Vice President Brandon and others to understand the work of the task force. She suggested that the Governance Committee meet with Provost Agho for a briefing, after which a subcommittee of the Governance Committee will be appointed that will include Bob

Corn, Lisa Smith, Unwanna Dabney and Provost Agho and Dr. Dabney. The role of the subcommittee will be to develop criteria for the naming process that would include proposed language to be added to the Board's Bylaws clarifying the process, and to recommend the members of an external committee that would include some board members but also faculty and community members to represent diversity and inclusivity. This committee would apply the criteria approved by the Board to make a recommendation to the Board for any name changes. This will be a time-consuming effort - recognizing the time and effort that has already been devoted to this important issue - but it is important to develop criteria flexible enough to apply to things that could happen in the future.

Ms. Allmond asked if there is any documentation from the work of the Provost's committee. The chair said that there is documentation that will be shared with the committee members and presented by Provost Agho, but it did not specify the criteria. Mr. Bradley said he was told by Vice President Brandon that the committee has been meeting since last August and they have minutes of their meetings.

Mr. Wright stated that the Rector has suggested that the Committee look at the policy and process developed by the University of Virginia, which could be applied to the Board's current Naming Policy. He suggested that he draft a policy for the Committee to review at its next meeting. Ms. Kemper has also reviewed the policies at JMU, William and Mary and VCU, and has heard that the policy developed by Yale is a good one, so suggested that those policies be reviewed when ODU's policy is drafted.

The chair stated that once the Committee has had an opportunity to meet with the Provost to learn the progress that has already been made, she will ask the subcommittee to begin meeting to review the other institutions' policies, develop criteria and proposed language for the bylaws and recommendations for the new naming committee for consideration by the Governance Committee and then approval by the full Board. Mr. Bradley asked that President-elect Hemphill be briefed on this plan. Ms. Kemper said that she has discussed this with the President-elect and he seemed pleased with the proposed plan.

Ms. Allmond commented that this is a passionate issue so it is important that it be done right. The chair agreed and added that while we may not be able to make everyone happy, the Board must make the tough decisions and this process will ensure that it receives the broadest input possible. She emphasized that the Governance Committee will not be a decision-making body in this process, but will make a recommendation to the full Board on the criteria, process and bylaws language for their consideration, which will include Board participation but with broader input as well. Ms. Skaggs recommended that the subcommittee review the Yale reports on this issue, as they followed a very similar process as the chair has described. She will share a link to the report as well as a YouTube video that includes comments from those who were involved in their process.

REVIEW OF PROPOSED BYLAWS REVISIONS

Before asking Ms. Meeks to lead the discussion of the proposed Bylaws revisions that are considered best practices, she thanked her, Amanda Skaggs and Jay Wright for all of the work that went into preparing for this review. Ms. Meeks first shared with the Committee the Bylaws revisions previously approved by the Committee representing those needed statutorily or for

SACSCOC reaccreditation. She noted the need for the Committee to approve one additional change for approval by the Board in June that is a SACSCOC requirement and relates to what constitutes a quorum for the Executive Committee. The proposal is to change the quorum from three members to a majority of the members. Following a brief discussion, the word "present" was removed. The Committee agreed to this change and will include it in the vote that is taken following the review of the best practices revisions.

The Committee then reviewed the proposed revisions that reflect AGB best practices, current practices of ODU's Board or the practices of other Boards. The Committee agreed that Board Policy 1107 would be expanded regarding Board meeting scheduling rather than including it in the Bylaws and Ms. Meeks said that she'd draft proposed revisions for the Committee to review at a future meeting.

Under Section 4.02.e., Governance Committee, Mr. Bradley asked how involved the Governance Committee would be proposing nominations to the Governor for new Board members. Ms. Meeks stated that she must submit a Board Profile Sheet to the Secretary of the Commonwealth's office each spring that notes, among other things, the number of meetings held during the previous year and the attendance of individual board members. The form includes a section that allows the opportunity to share issues or concerns and to make general recommendations (not specific names) for individuals to serve on the Board; however, this does not preclude individual board members from recommending specific individuals for consideration. This form is shared with the President and Rector prior to it being submitted; it will now be sent to the Governance Committee members as well for any suggestions. Mr. Bradley suggested that the Board review Board 1103, Recommended Qualifications and Competencies for Members of the Old Dominion University Board of Visitors, on an as-needed basis in order to ensure it accurately reflects the Board's needs. Ms. Smith emphasized that the Board can only recommend, but the final decision rests with the Governor.

Under Section 4.02.f., Student Enhancement and Engagement Committee, the removal of the reference to strategic communication and marketing was questioned. The language was removed here because this area used to report to the SEES vice president but now reports to the Provost. Although a Marketing Subcommittee of the Board had been previously established, the Academic and Research Advancement Committee now receives periodic reports on strategic communication and marketing.

Under Section 4.02.g., University Advancement, the inclusion of the reference to Policy 1810 was discussed and how that may relate to the new committee that will be established to consider renaming. The Committee agreed that this reference relates to recognition of gifts to the University through the Office of Development and should remain in this section.

Under Section 6.05.a. Rector's Duties, the Committee agreed that Policy 1107 be expanded to clarify voting requirements of the rector and committee chairs in accordance with Robert's Rules.

At the conclusion of their discussion, Ms. Smith made a motion to approve the proposed revisions as discussed, subject to review by President-elect Hemphill. The motion was seconded by Mr. Corn and approved by roll-call vote (*Ayes: Allmond, Bradley, Corn, Decker, Dickeski, Kemper, Smith; Nays: None*).

PROPOSED REVISIONS TO BOARD POLICIES 1101 AND 1301

The committee reviewed the proposed revisions to Policy 1101, which includes specific language regarding the review of Board policies and procedures and updated Code citations. Upon a motion by Ms. Smith and seconded by Ms. Allmond, the Committee approved the proposed revisions by roll-call vote (*Ayes: Allmond, Bradley, Corn, Decker, Dickeski, Kemper, Smith; Nays: None*).

Mr. Wright explained that the revisions to Policy 1301, University Governance, were to note the various groups from which the Board may take advice, including the President's Cabinet, Provost's Council and Dean's Council, in addition to the Student Government Association and the Faculty Senate that were already included. He noted that he had reviewed best practices and looked at governance policies from other universities in developing the policy. Upon a motion made by Mr. Corn and seconded by Ms. Smith, the Committee approved the proposed revisions by roll-call vote (*Ayes: Allmond, Bradley, Corn, Decker, Dickeski, Kemper, Smith; Nays: None*).

REVIEW OF PROPOSED NEW BOARD CONFLICT OF INTERESTS POLICY

Ms. Meeks noted that SACSCOC requires the Board to have its own conflict of interests policy. The proposed draft policy was shared with Mr. Wright and Ms. Skaggs. It outlines a Board member's obligation to disclose if they have a conflict of interest, to report through the annual filing of the financial disclosure statement, and to participate in mandatory training. A section is also included that notes the assistance provided by the university administration to the Board in meeting these obligations, including review of financial disclosure statements by University Counsel and providing board members a list of vendors that do business with the University.

In response to a question, Mr. Wright said that a board member could possibly be removed by the Governor for failure to file the required financial disclosure form or take the mandatory training. Ms. Meeks added that she frequently follows up with board members who have not filed the financial disclosure statement and she is responsible for maintaining records of board members' participation in the conflict of interest training provided by the Ethics Council.

Following discussion, upon a motion made by Ms. Allmond and seconded by Mr. Decker, the Committee approved the proposed new policy by roll-call vote (*Ayes: Allmond, Bradley, Corn, Decker, Dickeski, Kemper, Smith; Nays: None*).

REVIEW UNIVERSITY COUNSEL'S RECOMMENDATIONS ON BOARD-LEVEL POLICIES

Ms. Meeks provided background on the review of Board policies that have taken place to date, noting that she Ms. Smith and Ms. Skaggs reviewed the list and suggested what they believed to were policies that needed to remain at the Board level. University Counsel was then asked to review the list for their input. The spreadsheet notes Counsel's feedback. Counsel recommends that a number of academic policies that are already in the Faculty Handbook, may not need to be board-level policies, but may need the consent of the Faculty Senate. Mr. Wright added that many of the academic policies are approved by the President and do not involve Board approval, thus his recommendation to remove them as a Board policy. He reiterated, however, that he is not

recommending that they cease to be a policy but need to exist at another level. In keeping with the Board's governance policy, he recommends that since faculty would be affected by these changes, the Faculty Senate should be consulted. He consulted with Vice President DuBois about several of the financial policies recommended for removal as a Board policy, and he has no objection.

Ms. Smith asked why some of these policies were approved at the Board level in the first place. Although most of them were added as Board policies before his time at the University, Mr. Wright said that there may have been a time when it made sense to be at the Board level or were required by the State or Federal government.

Following a discussion on Board Policy 1407, Guidelines for Named Professorships, and how or if that is under the purview of the Board's naming policy, Committee members concurred that they may need a better understanding of this and other Board policies. Each of the policies are available in OneDrive for the committee members to review and are linked to the spreadsheet. Mr. Wright also mentioned that the Faculty Senate is on hiatus during the summer months so the Committee would have time to consider the academic policies before requesting their input when they begin meeting in September. Further discussion was tabled until the next meeting.

Before adjourning the meeting, the Chair noted that the next regular scheduled meeting of the committee is on June 9. She asked Ms. Meeks to schedule a one hour meeting with the Provost as soon as possible for the purpose of receiving a briefing on the university's naming task force.

With no further business to discuss, the meeting was adjourned at 11:58 a.m.
