Dear Colleagues:

I hope you are able to bring the semester to a close smoothly and enjoy a very well-deserved and relaxing break over the holidays.

I have attached some information about funding opportunities from the Division of Research and Economic Development. Please check the details of these programs carefully because they have been “revised.”

Also, there are now grants from the new Office of Undergraduate Research (part of DivRED) to support one-year pilot projects in research for undergraduate students. Orlando Ayala (oayala@odu.edu) is the contact. [This website](#) has more information.

Best Regards,
Gail
