ODU Innovation Lab Open House Flyer.pdf;

Dear Colleagues:

We have our first **Science Friday** this week. I hope you will join us to hear short talks by two of your colleagues. This is an opportunity to socialize with people from other departments and enjoy some snacks. This week we have Gloria Massamba N'Siala from Biology and Sage Hawn from Psychology. Please join us!

ODU now has a **shuttle** that connects ODU main campus to the Virginia Health Sciences campus and Norfolk State University. On main campus the shuttle stop is at Perry Library. For more information please check out the [transportation web site](#).

Please see the attached information about the **Innovation Lab open house** on October 23. If you are interested in learning more about the lab schools and possibly getting involved this would be a great way to get more information.

Please note the Sept. 26 **lecture by Dr. Elias Zerhouni**, 15th Director of the NIH and author of *Disease Knows No Politics*. He will be speaking at 10 am (refreshments at 9:30) in the Planetarium in the Chemistry building. Copies of his book will be available to the first 100 guests and he will sign them after the lecture.

Best Regards,
Gail

Upcoming Events and Deadlines:

Sept. 12 (4 – 5:30): Science Friday – Speakers: Gloria Massamba N'Siala (BIOL) and Sage Hawn (PSYC) [PSB 1100]
