

Call for Artwork

The CPSC is a new center pursuing the mission of providing state-of-the-art accessible mental health services to individuals, families, and groups to members of the Hampton Roads community. We are seeking artists who support this worthwhile cause through contributions of ready-to-hang wall art (paint, photo, print, mixed media) that would be consistent with our theme of healing, soothing, and tranquility. Artwork will be featured throughout the CPSC identified by title and artist; not only will clients from the community get to appreciate the contributions, the center's Grand Opening in January will be open to major university donors and civic leaders as well as stakeholders in mental health services across Hampton Roads.

Shipping/delivery of artwork to the CPSC is the responsibility of the artist.
