Journalism

EMPHASIS OVERVIEW

Join the Excitement : A Career in Journalism

As an English major with an emphasis in Journalism you can enter an exciting career. Journalists are often at the center of what's happening in politics, entertainment, sports, business, and technology. Write and broadcast from the front lines of the battlefield, to the front row of the stadium. Learn from our experienced journalists how you can make your mark in this dynamic industry.

The Mace & Crown and WODU also provide our students with the hands-on experience employers seek when hiring.
