OLD DOMINION UNIVERSITY

Canvas Gradebook: Additional Student Information

By default, the Canvas gradebook provides limited information about each student enrolled in a course. From the User Interface, you'll typically only see your students' names along with graded assignment/assessment columns like this:

Student Names			Assignment	Namos
Student Names			Assignment	inames
Q Search Student	S	 ✓ Q Search 	Q Search Assignments	
Student Name	Ofice drive test UNPUBLISHED	office test 2 UNPUBLISHED	Go to ALEKS Out of 0	Math work for module Out of 0
Test Student				

You may want to view student UINs alongside student names. In Canvas, a student's UIN is labeled **Integration ID**. Here' how to view that ID in the gradebook:

- 1. Open the course gradebook.
- 2. Mouse over the **Student Name** column header to reveal three vertical dots.

D	Gradebook • View	 Actions - 			
unt	Student Names			Assignment Na	mes
) xoard	Q Search Students			✓ Q Search As	signments
1	Student Name	Ofice drive test UNPUBLISHED	office test 2 UNPUBLISHED	Go to ALEKS Out of 0	Math
rses	Test Student			-	
ndar					

3. Click the three dots to sort the Gradebook by name or ID.

Account	Student Names			Assignment
