*English Composition I and II are required as part of the University Writing Requirement. Thus, while lower-division general education requirements are considered met for students whose out-of-state transfer associate degree does not include both composition courses, transfer students must complete English Composition I and II in order to graduate from Old Dominion University.

To determine course equivalency from out-of-state institutions, please use ODU's Course by Course Equivalency Database: <https://transfer2.odu.edu/equivalency/>
