

Program Prioritization Task Force  
March 17, 2021  
Meeting Summary

The Task Force reviewed anonymous forms submitted after the newsletter was distributed. The group discussed whether themes from the anonymous forms should be included in future reports produced as part of the effort.

The task force discussed the preliminary report produced by the subcommittee reviewing the College of Business.

Discussion included a focus on requesting that chairs and deans share their perceptions about their units within their respective programs.

Plans were made for hearing about other ongoing initiatives at the university including the coastal adaptation and maritime efforts.
