

# TurningPoint Student Guide

Turning Point Technologies student response system combines interaction and assessment to enhance the classroom experience. Using RF transmitters (also called clickers), all students can answer questions and with a simple click of a button. Results are instantly charted and displayed for real-time student feedback and lesson refinement-allowing you to make the most of your class time.

## From Blackboard

1. Log in to Blackboard, and navigate to your course.
2. Select **Tools** on the menu on the left side.

3. Select **Turning Technologies Account Registration** on the tools page.

- You will be redirected to Turning Technologies. If prompted, log in with your MIDAS ID and password.

- Check the box to agree to terms, then click **Finish** to continue.

- Click **Get Started** to continue the account creation process.

7. If you purchased a subscription for a web or mobile device or have a license from the purchase of a clicker, please enter it here and click **Continue**. Even if you only want to register a clicker, you will still need to enter your subscription code for the system to work correctly.

Subscription

To participate in class you will need a subscription. Don't have one now? You can purchase one later within your profile.
